attracts contributions from all over the globe yet emphasizes European strengths with particular reference to the Information Society Technologies IST branch of the EU research framework programs FPs which carry the same label as the conference. The workshop organization chairs reflected these unique characteristics of the new AMI conference series in the call for workshop proposals using two corresponding measures 1 by particularly soliciting workshops on in depth topics corresponding to the above mentioned ambient intelligence flavor of Post PC research 2 by offering two different workshop threads one usual thread for advanced topics called SW workshops and one thread for workshops related to concrete EU FP6 and FP7 projects called EU workshops
