Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England:

The Efficient Secret Gary W. Cox, 2005-09-08 A rational choice model analyses the problems of voter choice the emergence of party loyalty and cabinet government in Victorian England

The Oxford Handbook of Historical Political Economy Jeffery A. Jenkins, Jared Rubin, 2024 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online

Modernity and the Victorians Angus Hawkins, 2022-07-21 *Modernity and the Victorians* diagnoses a disorder in the scholarship on Victorian Britain and proposes an interpretative remedy It argues that the modernization theory beloved of twentieth century social scientists cannot be made to fit the facts of nineteenth century British history In its place the book lays out in sweeping terms an alternative conception of the political and social dynamics of the period centred on the past morality and community Intended in part as a companion volume to Angus Hawkins previous synthetic study *Victorian Political Culture Habits of Heart and Mind* 2015 the book offers a deliberately bracing challenge to a swathe of received wisdoms which it asserts have misled students of modern Britain *Modernity and the Victorians* is at once a piece of twentieth century intellectual history a contribution to the history of scholarship a commentary on more recent historiography and an attempt to intervene in current debates about the practice and future of political history It is a mature and humane essay by a historian who devoted the whole of his career to making sense of the Victorians A preface by Alex Middleton sets the book in context with Hawkins earlier scholarship and reflects on his wider contribution to the historiography of modern Britain The volume will be of interest not only to students of nineteenth century Britain but also to intellectual historians historiographers historically minded social scientists and anyone interested in how present preoccupations can distort readings of the past

The Oxford Handbook of Political Institutions R. A. W. Rhodes, Sarah A. Binder, Bert A. Rockman, 2008-06-12 The study of political institutions is among the founding pillars of political science With the rise of the new institutionalism the study of institutions has returned to its place in the sun This volume provides a comprehensive survey of where we are in the study of political institutions covering both the traditional concerns of political science with constitutions federalism and bureaucracy and more recent interest in theory and the constructed nature of institutions The Oxford Handbook of Political Institutions draws together a galaxy of distinguished contributors drawn from leading universities across the world Authoritative reviews of the literature and assessments of future research directions will help to set the research agenda for the next decade

Beyond Party Members Susan E. Scarrow, 2015 This book offers a broad overview of an important and ongoing transformation in relations between political parties and their closest supporters It focuses on established parliamentary democracies showing how the changing nature of party membership is

affecting how political parties define themselves and the choices presented to voters **The Liberal Unionist Party** Ian Cawood, 2012-08-14 The Liberal Unionist party was one of the shortest lived political parties in British history It was formed in 1886 by a faction of the Liberal party led by Lord Hartington which opposed Irish home rule In 1895 it entered into a coalition government with the Conservative party and in 1912 now under the leadership of Joseph Chamberlain it amalgamated with the Conservatives Ian Cawood here uses previously unpublished archival material to provide the first complete study of the Liberal Unionist party He argues that the party was a genuinely successful political movement with widespread activist and popular support which resulted in the development of an authentic Liberal Unionist culture across Britain in the mid 1890s The issues which this book explores are central to an understanding of the development of the twentieth century Conservative party the emergence of a national political culture and the problems both organisational and ideological of a sustained period of coalition in the British parliamentary system *The Party Politics of Territorial Reforms in Europe* Emanuele Massetti, Simon Toubeau, 2015-09-07 The book analyses how political parties compete and strategise on the issue of territorial reform using case studies that include countries from both Western Belgium Germany Italy and Spain and Central Eastern Europe Poland Slovakia and Romania Each case study in the volume considers the different drivers of decentralization such as territorial identities and the demands of regionalist parties for territorial autonomy or independence efficiency concerns related to issues of uneven economic development and economic competitiveness the pressure from supra national organizations especially the EU as well as different combinations of these drivers They also consider how the ideology and organisation of state wide parties and the institutional context in which they compete shape their responses to these drivers and their strategy towards the question of territorial reform This collection investigates the logic of the actions that guide political parties strategy to highlights trends that are apparent across the case studies This book was originally published as a special issue of West European Politics *Cohesion and Discipline in Legislatures* Reuven Y. Hazan, 2006 This book previously published as a special issue of the Journal of Legislative Studies asks why legislative unity is one of the distinguishing features of modern political parties Routledge Handbook of Comparative Political Institutions Jennifer Gandhi, Rubén Ruiz-Rufino, 2015-04-10 The Routledge Handbook of Comparative Political Institutions HCPI is designed to serve as a comprehensive reference guide to our accumulated knowledge and the cutting edge of scholarship about political institutions in the comparative context It differs from existing handbooks in that it focuses squarely on institutions but also discusses how they intersect with the study of mass behaviour and explain important outcomes drawing on the perspective of comparative politics The Handbook is organized into three sections The first section consisting of six chapters is organized around broad theoretical and empirical challenges affecting the study of institutions It highlights the major issues that emerge among scholars defining measuring and analyzing institutions The second section includes fifteen chapters each of which handles a different substantive institution of importance in comparative politics This section covers traditional topics

such as electoral rules and federalism as well as less conventional but equally important areas including authoritarian institutions labor market institutions and the military Each chapter not only provides a summary of our current state of knowledge on the topic but also advances claims that emphasise the research frontier on the topic and that should encourage greater investigation The final section encompassing seven chapters examines the relationship between institutions and a variety of important outcomes such as political violence economic performance and voting behavior The idea is to consider what features of the political sociological and economic world we understand better because of the scholarly attention to institutions Featuring contributions from leading researchers in the field from the US UK Europe and elsewhere this Handbook will be of great interest to all students and scholars of political institutions political behaviour and comparative politics Jennifer Gandhi is Associate Professor Department of Political Science Emory University Rub n Ruiz Rufino is Lecturer in International Politics Department of Political Economy King s College London

Preventing Corruption in Asia Ting Gong, Stephen K. Ma, 2011-05-30 Despite intensified governmental and public efforts at corruption control in recent years official transgression continues to surface in various ways of abusing the unique power and trust that a government holds Preventing Corruption in Asia addresses a number of crucial questions What institutional arrangements are necessary to ensure a clean and honest government What self regulatory capabilities must government institutions develop in order to maintain integrity How should a sense of ethical responsibility be instilled in the civil services Do special anti corruption agencies help keep government clean How will a regulatory framework of official conduct work properly How useful are anti corruption campaigns in containing corruption Focusing on a number of carefully selected countries in the Asia and Pacific region the book sets as its focal point the choice of institutional design in preventing corruption rather than treating corruption as a practical or technical problem to be corrected by strong political will and good anti corruption policy measures While focusing on institutional designs and policy choices the book also examines other aspects of clean government such as the social environment legal and regulatory framework role of the public and the impact of culture

The Canadian Regime Patrick Malcolmson, Richard Myers, Gerald Baier, Tom Bateman, 2016-01-01 Now in its sixth edition The Canadian Regime continues to provide the most accessible introduction to the institutions processes and principles of the Canadian political system The book s focus on the inner logic of parliamentary government explains the rationale for Canada s relatively complex political system which the authors encourage readers to think of as an organic entity where change in one area inevitably ripples through the rest of the system The new edition includes the results of Canada s 2015 federal election and looks ahead to consider changes resulting from the Liberal victory It has been thoroughly updated and revised and introduces several new topics such as the impact of the previous Conservative government on the conventions and practices of parliamentary government and the important influence of social media on politics Two new co authors Gerald Baier and Thomas M J Bateman join Patrick Malcolmson and Richard Myers to bring new expertise in the

areas of federalism judicial politics Charter jurisprudence political parties and the ongoing health care debate **Mixed Rules, Mixed Strategies** Philip Manow, 2015-12-01 Sixty years of democratic representation in Germany allow us to study the working of a specific type of electoral system namely a mixed system combining proportional and majoritarian rules in great detail Mixed systems have figured as a reference point in many reform debates of the recent past This is because they appear to combine advantageous traits of proportional and majoritarian rules such as fairness proximity between constituencies and representatives and stable government majorities Mixed systems have also attracted much scholarly attention of late because they allow us to study the effects of electoral rules while holding many intervening variables constant But they also attract interest because the proportional and majoritarian electoral tiers affect each other in ways that differ from what would have resulted under pure PR or plurality All this makes mixed systems a fascinating object of study and the German system is its oldest and prototypical exemplar **The Regime Question** Amel Ahmed, 2025-07-22 Ongoing struggles over core principles of democratic governance The regime question often boiled down to democracy or autocracy has been central to democratic politics from the start This has entailed not only fights over the extent of the franchise but also crucially ongoing struggles over core principles of democracy the rules of the game In this timely study Amel Ahmed examines the origins and development of the regime question in Western democracies and considers the implications for regime contention today She argues that battles over the regime question were so foundational and so enduring that they constitute a dimension of politics that polarized political opponents across the regime divide Ahmed investigates four historical cases in the study of democratic development the United Kingdom between the Reform Act of 1832 and World War II 1832 1939 Imperial and Weimar era Germany 1876 1933 the French Third Republic 1870 1939 and the United States before World War II 1789 1939 Focusing on legislative politics as an essential site of democratic governance and key to understanding long term democratic endurance she shows that when the regime question became salient it hindered the formation of viable legislative coalitions along the left right policy spectrum This failure opened the door to executive encroachment destabilizing the regime Ahmed shows that the resurgence of the regime question today is not as is often assumed a break with prior trajectories of political development but a new instantiation of battles fought in previous eras

Modern Political Economy Jeffrey S. Banks, Eric Alan Hanushek, 1995-08-25 Political economy has been an essential realm of inquiry and has attracted myriad intellectual adherents for much of the period of modern scholarship The discipline's formal split into the distinct studies of political science and economics in the nineteenth century while advantageous for certain scientific developments has biased the way economists and political scientists think about many issues and has placed artificial constraints on the study of many important social issues This volume calls for a reaffirmation of the importance of the unified study of political economy and explores the frontiers of the interaction between politics and markets This volume brings together intellectual leaders of various areas drawing upon state of the art theoretical and empirical analysis from

each of the underlying disciplines Each chapter while beginning with a survey of existing work focuses on profitable lines of inquiry for future developments Particular attention is devoted to fields of active current development

The Political Economy of Property Rights David L. Weimer, 1997-04-13 Originally published in 1997 The Political Economy of Property Rights reports on comparative research into the transformation of property rights in post communist countries and China Two important theoretical questions unify the contributions what aspects of political systems give credibility to systems of property rights What can be learned from the transformation of property rights in post communist countries about the large scale change of economic institutions The contributors consider the credibility of property rights as arising from the strategic interaction of political and economic actors and they apply this perspective and test its implications using a variety of qualitative and quantitative methods Overall the volume demonstrates the value of coordinated cross national research by area specialists sharing a common focus on questions of political economy

The Nationalization of American Political Parties, 1880-1896 Daniel Klinghard, 2010-04-19 This book investigates the creation of the first truly nationalized party organizations in the United States in the late nineteenth century an innovation that reversed the parties traditional privileging of state and local interests in nominating campaigns and the conduct of national campaigns Between 1880 and 1896 party elites crafted a defense of these national organizations that charted the theoretical parameters of American party development into the twentieth century With empowered national committees and a new understanding of the parties role in the political system national party leaders dominated American politics in new ways renewed the parties legitimacy in an increasingly pluralistic and nationalized political environment and thus maintained their relevance throughout the twentieth century The new organizations particularly served the interests of presidents and presidential candidates and the little studied presidencies of the late nineteenth century demonstrate the first stirrings of modern presidential party leadership

The Political Economy of Public Administration Murray J. Horn, 1995-11-24 This book applies the basic ideas and models of economics to develop a single transactions framework to explain the key institutional arrangements across the whole range of public sector organization the regulatory commission the executive tax financed bureau and the state owned enterprise This book also explores the link between agency form and administrative function agency independence from the legislature the rights extended to private interests to influence administrative decision making the role of civil service arrangements that are so often seen as simply frustrating efficiency and responsiveness and the boundary between public and private sectors This book should be of value to those with a practical interest in public administration as well as students of political science public administration economics and public policy

Political Institutions Josep M. Colomer, 2001-02-01 The role of institutions is to establish the domains of public activity and the rules to select leaders Democratic regimes organize in simple institutional frameworks to foster the concentration of power and alternative successive absolute winners and losers They favour political satisfaction of relatively small groups as well as policy instability In contrast pluralistic

institutions produce multiple winners including multiparty co operation and agreements They favour stable moderate and consensual policies that can satisfy large groups interests on a great number of issues The more complex the political institutions the more stable and socially efficient the outcome will be This book develops an extensive analysis of this relationship It explores concepts questions and insights based on social choice theory while empirical focus is cast on more than 40 democratic countries and a few international organizations from late medieval times to the present The book argues that pluralistic democratic institutions are judged to be better than simple formula of their higher capacity of producing socially satisfactory results

Political Leaders Beyond Party Politics Fortunato Musella, 2017-07-31 This book studies party leaders from selection to post presidency Based on data covering a large set of Western countries and focusing on the trends of personalisation of politics the volume is one of the first empirical investigations into how party leaders are elected how long they stay in office and whether they enter and guide democratic governments It also provides novel data on how leaders end their career in a broad and diverse range of business activities Topics covered include political leaders increasing autonomy their reinforcement of popular legitimation often through the introduction of direct election by party rank and file and their grip on party organization The book will appeal to students and scholars interested in political parties political leadership the transformation of democracy and comparative politics

The Oxford Handbook of the American Congress Eric Schickler, Frances E. Lee, 2013-03-14 No legislature in the world has a greater influence over its nation s public affairs than the US Congress The Congress s centrality in the US system of government has placed research on Congress at the heart of scholarship on American politics Generations of American government scholars working in a wide range of methodological traditions have focused their analysis on understanding Congress both as a lawmaking and a representative institution The purpose of this volume is to take stock of this impressive and diverse literature identifying areas of accomplishment and promising directions for future work The editors have commissioned 37 chapters by leading scholars in the field each chapter critically engages the scholarship focusing on a particular aspect of congressional politics including the institution s responsiveness to the American public its procedures and capacities for policymaking its internal procedures and development relationships between the branches of government and the scholarly methodologies for approaching these topics The Handbook also includes chapters addressing timely questions including partisan polarization congressional war powers and the supermajoritarian procedures of the contemporary Senate Beyond simply bringing readers up to speed on the current state of research the volume offers critical assessments of how each literature has progressed or failed to progress in recent decades The chapters identify the major questions posed by each line of research and assess the degree to which the answers developed in the literature are persuasive The goal is not simply to tell us where we have been as a field but to set an agenda for research on Congress for the next decade The Oxford Handbooks of American Politics are a set of reference books offering authoritative and engaging critical overviews of the state of scholarship on American politics

Each volume focuses on a particular aspect of the field The project is under the General Editorship of George C Edwards III and distinguished specialists in their respective fields edit each volume The Handbooks aim not just to report on the discipline but also to shape it as scholars critically assess the scholarship on a topic and propose directions in which it needs to move The series is an indispensable reference for anyone working in American politics General Editor for The Oxford Handbooks of American Politics George C Edwards III

Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England Book Review: Unveiling the Power of Words

Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England Introduction

In today's digital age, the availability of Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of

Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England

knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England books and manuals for download have transformed

the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England books and manuals for download and embark on your journey of knowledge?

FAQs About Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England Books

1. Where can I buy Efficient Secret The Cabinet And The Development Of Political Parties In Victorian England books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
