also an indispensable guide for mathematics teachers who want to use non Western mathematical ideas in the classroom

From Egypt to Mesopotamia Samuel Mark,1998 The possible influence of the ancient Mesopotamia cultures on the development of Ancient Egypt has been the subject of archaeological debate for most of this century Whilst the fact that there was contact between the two regions has now largely been accepted the means by which that contact occurred has been neglected *Problems of Canonicity and Identity Formation in Ancient Egypt and Mesopotamia* Gojko Barjamovic, Kim Ryholt,2016-04-24 The term canonicity implies the recognition that the domain of literature and of the library is also a cultural and political one related to various forms of identity formation maintenance and change Scribes and benefactors create canon in as much as they teach analyze preserve promulgate and change canonical texts according to prevailing norms From early on texts from the written traditions of ancient Mesopotamia and Egypt were accumulated codified and to some extent canonized as various collections developed mainly in the environment of the temple and the palace These written traditions represent sets of formal and informal cultures that all speak in their own ways of canonicity normativity and other forms of cultural expertise Some forms of literature were used not only in scholarly contexts but also in political ones and they served purposes of identity formation This volume addresses the interrelations between various forms of canon and identity formation in different time periods genres regions and contexts as well as the application of contemporary conceptions of canon to ancient texts *The Birth of the State* Petr Charvát ,2013-09-01 In the book titled Birth of the State readers learn what researchers nowadays think about the rise and stabilization of the oldest statehood in the original civilization centres of the Old World Egypt Mesopotamia India and China The scholar takes them through essential economic political and spiritual changes caused in those societies by the rise and stabilization of the first states The overviews are completed with a comprehensive view of the entire theme attempting to provide a balanced view of the rise of the oldest states not only as a question of economy politics or power but also as exceeding the basic threshold in the spiritual sphere The book allows the very founders and cultivators of the oldest state units to speak in the moments when their work seemed to be on the verge of total collapse they spoke to their contemporaries urging them to defend the ideals that formed the basis of their civilizations The book is intended for university students as well as others interested in the rise and development of the oldest states of the humankind **Beliefs, Rituals, and Symbols of Ancient Egypt, Mesopotamia, and the Fertile Crescent** Dean Miller, Samuel George Frederick Brandon,2014-01-01 This comprehensive atlas explores the varied ritual practices and religious beliefs in the ancient cultural region thought to be the cradle of civilization The captivating history of Ancient Egypt Mesopotamia and the area known as the Fertile Crescent unfolds through a pictorial and illustrated journey Through a robust glossary sidebars and thematic introductions the social studies content of this fascinating subject becomes easily digestible for even the most reluctant reader while the further reading section inspires future research *First Civilizations* Robert Chadwick,1996 *By Nile and Tigris* Sir Ernest Alfred Wallis Budge,1920 **Prolegomena; Egypt,**

During the last hundred years scholarship has revealed the existence of two other eastern literatures which are not only as old as that of the Hebrews but very much older namely those of Egypt and Babylonia Although much of Babylonian literature is know to us mainly from the Assyrian versions found in Assurbanipal s library recent discoveries have shown that many of its best epic and lyric productions go back at least two thousand years further and have their roots in the Sumerian civilization In Egypt too religious literature is found in a highly developed state as early as the Pyramid Texts which in the form in which we have them are as old as 2500 B C and possibly go back in part to much earlier originals These discoveries make it no longer possible to regard the literature of the Hebrews as an isolated phenomenon in the ancient East and they furnish a host of new criteria which must be applied to any attempt to explain and to appraise the Old Testament from the Preface
