engage in a passionate debate about their relevance to the salvation of the soul and thus to the philosopher's ultimate goal Ilinca Tanaseanu D bler examines the development of the discourse on theurgy attempting to reconstruct what was understood as theurgic ritual in the late antique sources Withstanding the temptation to impose a unity on the disparate sources which span several centuries she thus goes beyond the picture of a coherent extra philosophical tradition drawn by the Neoplatonists to sketch the variations in the rituals subsumed under theurgy and their function and shows how every author constructs his own theurgy This perspective leads to consider theurgy as an example of an artificial ritual tradition composed from already existing elements to create something claimed as sui generis Theurgy offers the great opportunity to look at such a tradition from its beginning up to its end and to analyse the mechanisms of inventing and reinventing such a ritual tradition in process Crafting Meaningful Wedding Rituals Jeltje Gordon-Lennox, 2019-07-18 The trend towards a more secular culture in Western society means that there can be greater flexibility in a wedding ceremony but couples are often faced with the challenge of preparing a meaningful celebration outside the traditional religious framework This hands on practical guide demonstrates how to approach and prepare a secular wedding ceremony that honours a couple s relationship with honest vows and rituals true to their shared values In addition it provides guidance on structuring a ceremony for couples that come from very different cultural or spiritual backgrounds Includes the tools necessary for the creation of a ceremony such as a Ritual Identity Questionnaire checklists and many other resources Pamela Ball, 2021-10-01 Become a competent confident spell worker with this practical guide to witchcraft Containing an extensive collection of traditional spells and techniques this book will help readers attract positive friendships love and luck as well as promote healing careers and protection The Book of Spells is an essential reference for anyone wishing to master the incredible art of magic and spell making The book includes A section on tools used as well as information on how to consecrate them Correspondences for different spells A section on deities and archangels *30-Second Ancient Egypt* Peter Der Manuelian, Rachel Aronin, 2014-08-04 Weve all heard of pyramids hieroglyphs and Cleopatra but how much do you really know about ancient Egypt Why was the Nile integral to the unification of Egypt What is the mystery surrounding Queen Hetepheres tomb What did the Amarna Letters reveal What did the ancient Egyptians eat and drink 30 Second Ancient Egypt presents a unique insight into one of the most brilliant and beguiling civilizations where technological innovations and architectural wonders emerge among mysterious gods and burial rites Each entry is summarized in just 30 seconds using nothing more than two pages 300 words and a single picture From royal dynasties and Tutankhamuns tomb to hieroglyphs and mummification interspersed with biographies of Egypts most intriguing rulers this is the quickest path to understanding the 50 key ideas and innovations that developed and defined one of the worlds great civilizations *Iewish Love Maaic* Ortal-Paz Saar, 2017-08-28 Jewish Love Magic From Late Antiquity to the Middle Ages is the first monograph dedicated to the supernatural methods employed by Jews in order to generate love grace or hate Examining hundreds of manuscripts often
