Modernity Staying In argues that Gray s unusual architecture and design as well as its history of abuse and neglect resulted from her involvement with sapphic modernism Gray s works share with paintings by Romaine Brooks and novels by Radclyffe Hall and Djuna Barnes an aesthetic opacity intended to resist the clarity of lesbian identity *Eileen Gray, Designer* J. Stewart Johnson, Eileen Gray, 1979 *Eileen Gray: A House Under The Sun* Charlotte Malterre-Barthes, 2019-06-11 Meet Eileen Gray the female architect behind the world renowned E 1027 house and a pioneer of the Modern Movement in architecture In 1924 her work began in earnest on a small villa by the sea in the south of France Nearly a century later this structure is a design milestone But like so many gifted female artists and designers of her time Eileen Gray s story has been eclipsed by the men with whom she collaborated Dziewanowska s exquisite visuals illuminate the previously overlooked struggles and triumphs of a young queer Irish designer whose work and life came to bloom during the Ann es Folles of early 20th century Paris *Eileen Gray and the Design of Sapphic Modernity* Jasmine Rault, 2017-07-05 The first book length feminist analysis of Eileen Gray s work Eileen Gray and the Design of Sapphic Modernity Staying In argues that Gray s unusual architecture and design as well as its history of abuse and neglect emerged from her involvement with cultures of sapphic modernism Bringing together a range of theoretical and historical sources from architecture and design communication and media to gender and sexuality studies Jasmine Rault shows that Gray shared with many of her female contemporaries a commitment to designing spaces for sexually dissident modernity This volume examines Gray s early lacquer work and Romaine Brooks earliest nude paintings Gray s first built house E 1027 in relation to Radclyffe Hall and her novel The Well of Loneliness and Gray s private house Tempe nbsp Pailla with Djuna Barnes Nightwood While both female sexual dissidence and modernist architecture were reduced to rigid identities through mass media women such as Gray Brooks Hall and Barnes resisted the clarity of such identities with opaque non communicative aesthetics Rault demonstrates that by defying the modern imperative to publicity clarity and identity Gray helped design a sapphic modernity that cultivated the dynamism of uncertain bodies and unfixed pleasures which depended on staying in rather than coming out **Eileen Gray** Penelope Rowlands, Marisa Bartolucci, 2002 The life and works of the modern furniture designer *Eileen Gray* Caroline Constant, 2020 Eileen Gray 1878 1976 was a versatile designer and architect who navigated numerous literary and artistic circles over the course of her life This handsome volume chronicles Gray s career as a designer architect painter and photographer The book s essays featuring copious new research offer in depth analysis of more than 50 individual designs and architectural projects accompanied by both period and new photographs Born in Ireland and educated in London Gray proceeded to Paris where she opened a textile studio studied the Japanese craft of lacquer that would become a primary technique in her design work and owned and directed the influential gallery and store known as Jean D ssert Gray struggled for acceptance as a largely self taught woman in male dominated professions Although she is now best known for her furniture lighting and carpets she dedicated herself to many architectural and interior projects that were both personal and

socially driven including the Villa E 1027 the iconic modern house designed with Jean Badovici as well as economical and demountable projects such as the Camping Tent *Architecture and Design at the Museum of Modern Art* Thomas S. Hines, 2019-01-22 A comprehensive and fascinating look at the history of the Museum of Modern Art's Architecture and Design Department under the leadership of the influential curator Arthur Drexler Arthur Drexler 1921 1987 served as the curator and director of the Architecture and Design Department at the Museum of Modern Art MOMA from 1951 until 1986 the longest curatorship in the museum's history Over four decades he conceived and oversaw trailblazing exhibitions that not only reflected but also anticipated major stylistic developments Although several books cover the roles of MoMA's founding director Alfred Barr and the department's first curator Philip Johnson this is the only in depth study of Drexler who gave the department its overall shape and direction During Drexler's tenure MoMA played a pivotal role in examining the work and confirming the reputations of twentieth century architects among them Frank Lloyd Wright Le Corbusier Richard Neutra Marcel Breuer and Ludwig Mies van der Rohe Exploring unexpected subjects from the design of automobiles and industrial objects to a reconstruction of a Japanese house and garden Drexler's boundary pushing shows promoted new ideas about architecture and design as modern arts in contemporary society The department's public and educational programs projected a culture of popular accessibility offsetting MoMA's reputation as an elitist institution Drawing on rigorous archival research as well as author Thomas S Hines's firsthand experience working with Drexler *Architecture and Design at the Museum of Modern Art* analyzes how MoMA became a touchstone for the practice and study of midcentury architecture
