Ensayo de interpretación cultural Carlos Femenías Ferrà, 2022-09-15 Este libro podría haber tenido otros títulos pero acaso este A propósito de Ferlosio más genérico sea el más fiel a un ensayo urdido en torno a una intimidad moral Entre la historia literaria y la intelectual estas páginas interpretan temeraria aunque cuidadosamente la trayectoria de Rafael Sánchez Ferlosio a la luz de las transformaciones que tuvieron lugar en un tramo que va de finales de los años cuarenta a principios de los noventa de ahí que su protagonista vaya saltando de la voz solista al coro unas veces desgajado y otras diluido en la peripecia de otros hijos de la lita vencedora de la Guerra Civil El trauma de una culpa heredada jamás remite e impuso exorcismos que oscilaron entre la ruptura siempre estruendosa y la reformulación entre el apego sentimental a modelos aprendidos en casa y el repudio de los valores que llevaban adheridos Su obra es inexplicable sin esos fantasmas que determinaron en la sombra numerosas obsesiones como la meditación sobre la historia la tradición o en fin sobre los espinosos modos de recuperar el pasado Hay más en estas páginas pero en última instancia tal vez todo pase por las vicisitudes y ambiciones de un pensador embargado por la culpa y el anhelo de perfección Encyclopedia of the World Novel, 1900 to the Present Michael David Sollars, Arbolina Llamas Jennings, 2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature **Del Realismo Español Al Fantástico Hispanoamericano** Elsa Dehennin, 1996

Narrating the Past David K. Herzberger, 1995-05-24 The relationship between fiction and historiography in Francoist Spain 1939 1975 is a contentious one The intricacies of this relationship in which fiction works to subvert the regime's authority to write the past are the focus of David K Herzberger's book The narrative and rhetorical strategies of historical discourse figure in both the fiction and historiography of postwar Spain Herzberger analyzes these strategies identifying the structures and vocabularies they use to frame the past and endow it with particular meanings He shows how Francoist historians sought to affirm the historical necessity of Franco by linking the regime to a heroic and Christian past while several types of postwar fiction such as social realism the novel of memory and postmodern novels created a voice of opposition to this practice Focusing on the concept of writing history that these opposing strategies convey Herzberger discloses the layering of truth and meaning that lies at the heart of postwar Spanish narrative from the early 1940s to the fall of Franco His study clearly reveals how the novel in postwar Spain became a crucial form of dissent from the past as it was conceived and used by the State Making a decisive intervention in the debate about the ways in which narration determines

both the meaning and truth of history and fiction Narrating the Past will be of special interest to students and scholars of the politics history and literature of twentieth century Spain *Contemporary Spanish writers* Aurelio Loureiro, Teresa Rosenvinge, 1991
