El Viejo Johnold John:

Las penas no tienen color Lutz Alexander Keferstein, 2021-03-26 En el mundo occidental no hay género musical que no sea producto de la mezcla de dos raíces musicales provenientes del profundo espíritu de antiguos humanos la africana y la celta. Así como devino la historia de las culturas occidentales a lo largo de los últimos cuatro siglos ambos espíritus estéticos musicales se encontraron para convivir en una fructífera vorágine de fascinación y horror mutuos. A pesar de ello sin que se tenga consciente la combinación de ritmos y sonidos que han reflejado la visión de mundo de los pueblos africanos y celtas desembocó también en la amalgama de las expresiones más esenciales de los pueblos su religión sus relaciones normativas sociales y políticas trayendo como resultado una extraña y joven nación admirada y despreciada alabada y vilipendiada. Estados Unidos Hoy más que nunca cuando pareciera que la nación a quien se le alaba de ser el imperio de la actualidad se encuentra de nuevo en una fuerte crisis racial en la que hay señales de injusticias identitarias es momento de tomar consciencia de que las penas como la música no tienen color edad ni sexo **Adalberto Ortiz** Marvin A. Lewis, 2014-02-14 Pablo Adalberto Ortiz Quiénes 1914-2002 was one of the most gifted writers in Ecuador and all of Latin America. Yet outside of Ecuador and amongst Afro-Hispanic literature scholars in the United States little critical attention has been given to this pioneer whose multi-genre contributions spanned decades. In his writings Ortiz explores some of the defining social issues in the Americas since the African and European encounters with the New World including the notion of race. He articulates a complex process of affirming the ethnic while not denying the national. Consequently miscegenation a biological process as well as acculturation are motifs in his writings which explore the essence of what it means to be Ecuadorian. Ortiz does not dwell upon the so-called race question the issue that causes such anxiety and hostility overtly and covertly in the United States. Rather he explores in depth ethnicity class and caste in his earlier writings and evolves into an international writer while maintaining a strong black awareness. Adalberto Ortiz's transcendence of victimization to a broader view of the world is indicative of the title of Marvin A. Lewis' analysis from margin to center and reflective of the approach taken by many Afro-Hispanic writers. The dialectical nature of Ortiz's writings makes his work particularly interesting and rewarding as revealed in Adalberto Ortiz From Margin to Center. In this book Lewis examines the form and content relationships between works published during different literary periods and movements. Emphasis is placed on Ortiz's transition from the local to the international in each genre and the theoretical approach is eclectic depending upon the exigencies of the texts. Ecocriticism post-colonialism post-modernism and other methodologies addressing the environment place displacement identity and historiographic metafiction are fundamental to the Lewis readings of Ortiz's prose and poetry **AVMA Directory** American Veterinary Medical Association.
