The Lever of Riches Joel Mokyr, 1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution What were the causes of technological creativity

Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas He discusses a long list of such factors showing how they interact to help or hinder a nation's creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution He examines such aspects as the role of the state the Chinese gave up a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels the impact of science as well as religion politics and even nutrition He questions the importance of such commonly cited factors as the spill over benefits of war the abundance of natural resources life expectancy and labor costs Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity The *Lever of Riches* with its keen analysis derived from a sweeping survey of creativity throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential

**How to Read African American Literature** Aida Levy-Hussen, 2016-12-13 How to Read African American Literature offers a series of provocations to unsettle the predominant assumptions readers make when encountering post Civil Rights black fiction Foregrounding the large body of literature and criticism that grapples with legacies of the slave past Aida Levy Hussen's argument develops on two levels as a textual analysis of black historical fiction and as a critical examination of the reading practices that characterize the scholarship of our time Drawing on psychoanalysis memory studies and feminist and queer theory Levy Hussen examines how works by Toni Morrison David Bradley Octavia Butler Charles Johnson and others represent and mediate social injury and collective grief In the criticism that surrounds these novels she identifies two major interpretive approaches therapeutic reading premised on the assurance that literary confrontations with historical trauma will enable psychic healing in the present and prohibitive reading anchored in the belief that fictions of returning to the past are dangerous and to be avoided Levy Hussen argues that these norms have become overly restrictive standing in the way of a more supple method of interpretation that recognizes and attends to the indirect unexpected inconsistent and opaque workings of historical fantasy and desire Moving beyond the question of whether literature must heal or abandon historical wounds Levy Hussen proposes new ways to read African American literature now

**The Program Era** Mark McGurl, 2011-11-30 McGurl offers a fundamental reinterpretation of postwar American fiction asserting that it can be properly understood only in relation to the rise of mass higher education and the creative writing program The Program Era will be at the center of debates about postwar literature and culture for years to come

**The Essential Harlem Detectives** Chester Himes, 2024-03-12 The New York Times Book Review Editors Choice A one volume selection of four novels in the legendary detective series blistering groundbreaking capers set in Harlem's criminal underworld by master crime writer Chester Himes With an introduction by New York Times bestselling

author S A Cosby Himes put a spin on crime fiction emphasizing urban atmosphere street smarts and uptown carryings on unlike anything the genre had previously seen The Boston Globe Himes s Harlem saga vies with the novels of David Goodis and Jim Thompson as the inescapable achievement of postwar American crime fiction The New York Times His implacable drive to examine the Black experience the disingenuous nature of the American Dream the reality of pain and sorrow and what it does to the soul that is what makes Himes the bard of the existential African American psyche S A Cosby from his Introduction Here in one volume is an exceptional selection from Chester Himes s acclaimed Harlem Detectives series Winner of France s prestigious Grand Prix de Litt rature Polici re and lauded by Jean Cocteau as a prodigious masterpiece A Rage in Harlem introduces detectives Grave Digger Jones and Coffin Ed Johnson in a searing escapade In The Real Cool Killers the duo investigates a shooting and discovers an unsettling personal connection In The Crazy Kill a man is found in a breadbasket stabbed to death leaving Himes s detectives to find out who among the many suspects did it And in Cotton Comes to Harlem the brazen robbery of a notorious con man running a back to Africa scam sets off a hunt for a bale of Southern cotton These masterful novels exhibit Himes s evocative baroque descriptions of Black life in Harlem and his famously blistering social commentary Everyman s Library pursues the highest production standards printing on acid free paper with full cloth cases with two color foil stamping decorative endpapers silk ribbon markers European style half round spines and a full color illustrated jacket Contemporary Classics include an introduction a select bibliography and a chronology of the author s life and times The best writer of mayhem yarns since Raymond Chandler San Francisco Chronicle

**Discourse and the Other** W. Lawrence Hogue, 1986-11-25 The central thesis of Lawrence Hogue s book is that criticism of Afro American literature has left out of account the way in which ideological pressures dictate the canon This fresh approach to the study of the social ideological and political dynamics of the Afro American literary text in the twentieth century based on the Foucauldian concept of literature as social institution examines the universalization that power effects how literary texts are appropriated to meet ideological concerns and needs and the continued oppression of dissenting voices Hogue presents an illuminating discussion of the publication and review history of major and neglected texts He illustrates the acceptance of texts as exotica as sociological documents or as carriers of sufficient literary conventions to receive approbation Although the sixties movement allowed the text to move to the periphery of the dominant ideology providing some new myths about the Afro American historical past this marginal position was subsequently sabotaged co opted or appropriated Afros became a fad presidents gave the soul handshake the hip talking black was dressing one style and talking another This study includes extended discussion of four works Ernest J Gaines s The Autobiography of Miss Jane Pittman Alice Walker s The Third Life of Grange Copeland Albert Murray s Train Whistle Guitar and Toni Morrison s Sula Hogue assesses the informing worldviews of each and the extent and nature of their acceptance by the dominant American cultural apparatus     A Dictionary of the Drama W. Davenport Adams, 1904     Marion Zimmer Bradley Mary Ellen

Snodgrass,2020-09-10 This literary companion surveys the young adult works of American author Marion Zimmer Bradley primarily known for her work in the fantasy genre An A to Z arrangement includes coverage of novels The Catch Trap Survey Ship The Fall of Atlantis The Firebrand The Forest House and The Mists of Avalon the graphic narrative Warrior Woman the Lythande novella The Gratitude of Kings and from the Darkover series The Shattered Chain The Sword of Aldones and Traitor s Sun Separate entries on dominant themes rape divination religion violence womanhood adaptation and dreams comb stories and longer works for the author s insights about the motivation of institutions that oppress marginalized groups especially women

*African-American Writers* Philip Bader,2014-05-14 African American authors have consistently explored the political dimensions of literature and its ability to affect social change African American literature has also provided an essential framework for shaping cultural identity and solidarity From the early slave narratives to the folklore and dialect verse of the Harlem Renaissance to the modern novels of today
