Eckerle,Naomi McAreavey,2019-06-01 Women s Life Writing and Early Modern Ireland provides an original perspective on both new and familiar texts in this first critical collection to focus on seventeenth century women s life writing in a specifically Irish context By shifting the focus away from England even though many of these writers would have identified themselves as English and making Ireland and Irishness the focus of their essays the contributors resituate women s narratives in a powerful and revealing landscape This volume addresses a range of genres from letters to book marginalia and a number of different women from now canonical life writers such as Mary Rich and Ann Fanshawe to far less familiar figures such as Eliza Blennerhassett and the correspondents and supplicants of William King archbishop of Dublin The writings of the Boyle sisters and the Duchess of Ormonde women from the two most important families in seventeenth century Ireland also receive a thorough analysis These innovative and nuanced scholarly considerations of the powerful influence of Ireland on these writers construction of self provide fresh illuminating insights into both their writing and their broader cultural context [A History of Women in Ireland, 1500-1800](#) Mary O'Dowd,2016-02-17 The first general survey of the history of women in early modern Ireland Based on an impressive range of source material it presents the results of original research into women s lives and experiences in Ireland from 1500 to 1800 This was a time of considerable change in Ireland as English colonisation religious reform and urbanisation transformed society on the island Gaelic society based on dynastic lordships and Brehon Law gave way to an anglicised and centralised form of government and an English legal system *The Secret Life of Eleanor* T. Evan Williams,2013-10-01 This is the first of two volumes distilled from the recently discovered secret memoirs of the great Desmond Countess of Tudor and Stuart Ireland The life loves triumphs and tragedies of a great woman as recalled from childhood by the long forgotten old woman **Grace O'Malley** Anne Chambers,2018-10-26 Grace O Malley is unique as the only woman recorded on the famous Baptista Boazio map of Ireland 1599 a tribute to the status she achieved as a leader on land and at sea in the 16th century In 1979 Anne Chambers original

biography of this famous Irishwoman who over the centuries had been airbrushed from historical record put her on the map once again The biography became a milestone in Irish publishing and the catalyst for the restoration of Grace O Malley to political social and maritime history as well as establishing her as an inspirational female role model in the classroom In the 40th anniversary edition of this international bestselling biography drawn from rare contemporary manuscript records the author presents Ireland s great pirate queen not as a vague mythological figure but as one of the world s most extraordinary female leaders Political pragmatist and tactician rebel intrepid mariner and pirate wife lover mother grandmother and matriarch the most notorious woman in all the coasts of Ireland Grace O Malley challenged and triumphed over the social and political barriers she encountered in the course of her long pioneering life Breaching boundaries of gender imbalance and bias in a period of immense social and political upheaval and change Grace O Malley rewrote the rules to become one of the world s first recorded feminist trailblazers This updated anniversary edition brings Grace O Malley s story to a new generation awakened to the global focus on gender equality as well as positive ageing

The Roots of English

Colonialism in Ireland John Patrick Montaña,2011-08-11 This book is a major study of the cultural foundations of the Tudor plantations in Ireland and of early English imperialism more generally John Patrick Monta o traces the roots of colonialism in the key relationship of cultivation and civility in Tudor England and shows the central role this played in Tudor strategies for settling civilising and colonising Ireland The book ranges from the role of cartography surveying and material culture houses fences fields roads and bridges in manifesting the new order to the place of diet leisure language and hairstyles in establishing cultural differences as a site of conflict between the Irish and the imperialising state and as a justification for the civilising process It shows that the ideologies and strategies of colonisation which would later be applied in the New World were already apparent in the practices material culture and hardening attitude towards barbarous customs of the Tudor regime
