Nothing but God L. J. Milone, 2019-04-09 Meister Eckhart, a now popular medieval German mystic, provides the contemporary person with a way of living that centers on nothing but God in everyday life. He insists that everyone, whatever they have done, whatever they believe, is one with God. Because of this, the good Meister sees no opposition between our spiritual and daily lives. We access oneness with God through letting go. Bliss and freedom flow from giving birth to this divine oneness right where we are. This book intends to help us live this everyday mysticism by prayer and letting go. Meister Eckhart invites all of us to realize our divine oneness in the midst of raising a family, commuting, doing our jobs, cooking, cleaning, and scheduling. Meister Eckhart preaches that God is one with every one of us in our everyday lives.

Everyday Mysticism Anthony J. Ciorra, 1995 Ciorra invites us to find holiness in the midst of the hustle and bustle of everyday life. He suggests ways of communicating with God and growing while working, taking care of children, going to school, and riding a bus.

Everyday Mysticism, 2013 **Mysticism as Modernity** William Morris Crooke, William Crooke, 2008 This work reconsiders the connections between mysticism, nationalism, and modernity in twentieth-century German cultures. Disengaging mysticism from occultism, the author creates a new space for reconsidering mysticism's links to larger structures of modernity already at play at the turn of the century. Rather than dismissing mysticism as a strain of anti-modern irrationalism with troubling links to radical politics such as Nazism, the author reconceptualizes modern mysticism as an unwittingly logical expression of the same compression of time and space created

Secularism and the Pursuit of Transcendence, Volume I Stanley E. Porter, Wendy J. Porter, 2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us

To Love and To Serve Brian O'Leary, 2021-02-28 Brian O'Leary an Irish Jesuit has been researching and writing on Ignatian spirituality since the 1970s Over that period he has authored five books the last of which God Ever Greater 2018 was a selection of his lectures and talks His new offering To Love and To Serve is also a selection this time of essays that have appeared in spirituality journals in a number of countries Since these are not easily accessible O'Leary made the decision to gather together the best of his work in this genre into one book so making that work more widely available The essays vary considerably in content purpose and style Some are short and aimed at a popular readership others tend to be more academic or written with practitioners of Ignatian spirituality in mind All are eminently readable and display great clarity of style Ignatian spirituality is most commonly associated with the Spiritual Exercises Consequently these figure largely in O'Leary's writings However the Exercises do not represent the totality of Ignatian spirituality and so there are a number of pieces on the Jesuit Constitutions a spiritual classic that is surprisingly relevant outside its original context The Constitutions are frequently quoted today in the context of spiritual formation and of leadership And then there is spiritual direction is there a specifically Ignatian model of this ministry There are also intriguing questions around St Ignatius Loyola himself perhaps most of all around his mysticism And what would such mysticism look like if lived out in the post modern world The range of topics is remarkable

Word and Spirit at Play Jean-Jacques Suurmond, 1995 The Spirituality of a quarter of all Christians can be characterized as charismatic Pentecostalism itself is one of the most rapidly growing religious movements in America and abroad Despite these facts little serious effort has been made to develop a systematic Pentecostal theology until now Word and Spirit at Play is the first work to outline a theology that does full justice to the Pentecostal experience of God's Word and Spirit Dutch scholar Jean Jacques Suurmond who is himself a Pentecostal draws on two decades of work in Pentecostalism to demonstrate in a simple yet scholarly way how a charismatic approach shapes the lives of Christians and the church

Suurmond describes the history and characteristics of present day Pentecostalism discusses the significance of Spirit baptism to the Pentecostal life reflects seriously on the gifts of grace including tongues and celebrates the role of play in Pentecostal worship This book will be invaluable both to theologians who have long wanted a scholarly synthesis of charismatic theology and to laypeople especially Pentecostals wanting to deepen their faith and other believers searching for a spirituality that opens up new sources of Christian community JEAN JACQUES SUURMOND is a Reformed minister in Vlaardingen the Netherlands

Mystical Society Philip Wexler, 2018-03-05 In *Mystical Society* Philip Wexler a well known critical theorist with a background in social psychology and a special interest in spirituality examines the revitalization of spirituality manifesting itself in society and in education Describing what he calls cultural changes toward the sacred he documents a cultural shift brought about by technological and societal changes toward a new mysticism Wexler explores the meaning for this new spirituality for our daily lives for social theory and for education From the pervasiveness of a spiritual vernacular to the integration of spiritual practices into our highly individualized and technologized lives Wexler lays out the evidence for a growing movement and then draws parallels to periods of mystical revitalization from the past In the course of this discussion he draws on the work of Marx Weber and Durkheim as well as from contemporary social theory
