Brain Tricks David L. Weiner, 2011-04-29 get s to the bottom of why the human brain seems to propel us toward destructive behavior Dallas Morning News How often have you heard that what distinguishes humans from other forms of advanced life is our superior brain We can think rationally and make intelligent decisions we are masters of ourselves and our world But the fact is that the way we think and react can get us into trouble We don t use our brain it uses us Understanding how our instincts gut reactions emotions and conditioning rule our lives is one powerful part of author David L Weiner s Brain Tricks Brain Tricks probes what Weiner calls the dark side of the brain raw animal instincts rooted in our primitive past when survival mating and taming the environment required instant uncritical and wholly self centered decision making Though modified by early childhood conditioning our primitive thought patterns continue to this day Our brain ignores the rituals and rules of civilized society as we overreact to sudden situations indulge in strong

emotions and prejudice and try to manipulate others When we succumb to our dark side brain tricks trouble is not far off We alienate friends and lovers quarrel with our bosses become obsessed with possessions commit murder and start wars In clear easy to understand language Weiner dramatizes the genetic and conditioned programming that can lead us into chaos Using well developed vignettes featuring friends lovers business and professional associates he provides an inviting vehicle for discussing our hard to resist tendencies to exert power over others indulge in greed succumb to jealousy and rage and invent scapegoats to mask our own faults
