English eighteenth century art were made Its purpose is to show how literature painting music and the theatre were communicated to a public increasingly avid for them It explores the alleys and garrets of Grub Street rummages the shelves of bookshops and libraries peers through printsellers shop windows and into artists studios and slips behind the scenes at Drury Lane and Covent Garden It takes us out of Gay and Boswell s London to visit the debating clubs poetry circles ballrooms concert halls music festivals theatres and assemblies that made the culture of English provincial towns and shows us how the national landscape became one of Britain s greatest cultural treasures It reveals to us a picture of English artistic and literary life in the eighteenth century less familiar but more suprising more various and more convincing than any we have seen before *Sport and the Social Significance of Pleasure* Richard Pringle,Robert E.
