## **Everyone Is Not Doing It Abstinence And Personal Identity:**

**Everyone Is NOT Doing It** Jamie L. Mullaney, 2006 Labels like vegan virgin or nonsmoker get thrown around to identify forms of abstinence but for many abstainers such labels are also proud declarations of who they are Setting aside the moral debates and psychological assessments surrounding abstinence Jamie L Mullaney here asks why it is that the act of not doing something plays such a crucial role in the formation of our personal identities Based on interviews with individuals who abstain from habits as diverse as sex cigarettes sugar and technology *Everyone Is NOT Doing It* identifies four different types of abstainers quitters those who have never done something and never will those who haven't done something yet but might in the future and those who are not doing something temporarily Mullaney assesses the commonalities that bind abstainers as well as how perceptions of abstinence change according to social context age and historical era In contrast to such earlier forms of abstinence as social protest entertainment or an instrument of social stratification not doing something now gives people a more secure sense of self by offering a more affordable and manageable identity in a world of ever expanding options

[Making Chastity Sexy](#) Christine J. Gardner, 2011-07-28 Even though they are immersed in sex saturated society millions of teens are pledging to remain virgins until their wedding night How are evangelical Christians persuading young people to wait until marriage Christine J

Gardner looks closely at the language of the chastity movement and discovers a savvy campaign that uses sex to sell abstinence Drawing from interviews with evangelical leaders and teenagers she examines the strategy to shift from a negative just say no approach to a positive one just say yes to great sex within marriage Making Chastity Sexy sheds new light on an abstinence campaign that has successfully recast a traditionally feminist idea my body my choice into a powerful message but one that Gardner suggests may ultimately reduce evangelicalism s transformative power Focusing on the United States her study also includes a comparative dimension by examining the export of this evangelical agenda to sub Saharan Africa

**Studies on the Social Construction of Identity and Authenticity** J. Patrick Williams, Kaylan C.

Schwarz, 2020-08-03 As identity and authenticity discourses increasingly saturate everyday life so too have these concepts spread across the humanities and social sciences literatures Many scholars may be interested in identity and authenticity but lack knowledge of paradigmatic or disciplinary approaches to these concepts This volume offers readers insight into social constructionist approaches to identity and authenticity It focuses on the processes of identification and authentication rather than on subjective experiences of selfhood There are no attempts to settle what authentic identities are On the contrary contributors demonstrate that neither identities nor their authenticity have a single or fixed meaning Chapters provide exemplars of contemporary research on identity and authenticity with significant diversity among them in terms of the identities cultural milieu geographic settings disciplinary traditions and methodological approaches considered Contributors introduce readers to a number of established and emerging identity groups from sites around the world from yogis and punks to fire dancers and social media influencers Their conceptual work stretches from the micro analytic to the ethno national as authors employ a variety of qualitative methods including ethnographic fieldwork interviewing and the collection and analysis of naturally occurring interactions Several of the chapters look directly at identification and authentication while others focus on the social and cultural backdrops that structure these practices what unites them is the adoption of social constructionist sensibilities This book will appeal to anyone interested in understanding identity and authenticity

whiteness straightness and able bodiedness is assumed to be ordinary by default Zerubavel shows how this tacit normalizing of certain identities practices and ideas helps to maintain their cultural dominance including the power to dictate what others take for granted A little book about a very big idea Taken for Granted draws our attention to what we implicitly assume to be normal and in the process unsettles the very notion of normality

**The Varieties of Nonreligious Experience** Jerome P Baggett,2018-08-21 A fascinating exploration of the breadth of social emotional and spiritual experiences of atheists in America Self identified atheists make up roughly 5 percent of the American religious landscape comprising a larger population than Jehovah s Witnesses Orthodox Christians Muslims Buddhists and Hindus combined In spite of their relatively significant presence in society atheists are one of the most stigmatized groups in the United States frequently portrayed as immoral unhappy or even outright angry Yet we know very little about what their lives are actually like as they live among their largely religious and sometimes hostile fellow citizens In this book Jerome P Baggett listens to what atheists have to say about their own lives and viewpoints Drawing on questionnaires and interviews with more than five hundred American atheists scattered across the country The Varieties of Nonreligious Experience uncovers what they think about morality what gives meaning to their lives how they feel about religious people and what they think and know about religion itself Though the wider public routinely understands atheists in negative terms as people who do not believe in God Baggett pushes readers to view them in a different light Rather than simply rejecting God and religion atheists actually embrace something much more substantive lives marked by greater integrity open mindedness and progress Beyond just talking about or to American atheists the time is overdue to let them speak for themselves This book is a must read for anyone interested in joining the conversation
