Žižek through Hitchcock Laurence Simmons,2021-05-12 Maverick Slovenian cultural theorist philosopher and psychoanalyst Slavoj i ek has made his name elaborating the complexities of psychoanalytic and Marxist theory through the exotic use of examples from film and popular culture But what if we were to take i ek s pretensions to cinephilia and film criticism seriously In this book adopting i ek s own tactic of counterintuitive observation we shall read the corpus of Alfred Hitchcock s films one of the great achievements of Western civilization and i ek s idiosyncratic citation of them in order to arrive at a position where we can identify the core commitments that inform i ek s own work From the practice of Hitchcock we shall hopefully arrive at a theory of i ek just as i ek in his collection Everything You Always Wanted to Know About Lacan But Were Afraid to Ask Hitchcock Verso 1992 arrives at a theory of Lacan from the practice of Hitchcock To achieve this goal each chapter looks at a specific film by Hitchcock and explores a specific key concept crucial to the elaboration and core of i ek s ideas

Hitchcock's Magic Neil Badmington,2011-04-15 Why are we still drawn to the work of Alfred Hitchcock so long after his final film appeared What

remains to see What could there possibly be left to say about tales that are overwhelmingly familiar Why moreover have many of Hitchcock s films entered the popular imagination and enjoyed an eventful life far from the screen What is the source of Hitchcock s magic This book answers these questions about the influence and ongoing appeal of Hitchcock s work by focussing upon the fabric of the films themselves upon the way in which they enlist and sustain our desire holding our attention by constantly withholding something from us We keep watching keep revisiting the stories because there is always something left to see and know The book combines detailed textual analysis of a number of Hitchcock s most famous films Psycho Rear Window Rebecca North by Northwest The Man Who Knew Too Much and The Birds with more general discussion of the director s complete body of work Drawing upon the poststructuralist theories of Roland Barthes and Jacques Derrida it takes issue with the biographical and psychoanalytic approaches that have dominated studies of Hitchcock s films to argue instead for the significance of textuality Hitchcock s Magic is an innovative lively and readable book which challenges critical orthodoxy and breaks new ground in the field
