Women, Ritual, and Power Elizabeth Ursic,2014-09-30 Reveals the triumphs and struggles of contemporary Christian congregations to express female imagery of God in worship Many Christians do not know the Bible contains female images of God because they have never heard nor seen them in church In Women Ritual and Power Elizabeth Ursic gives the reader insight into four Christian communities that worship God with female imagery both as a worship focus and a community identity These Methodist Presbyterian Lutheran and Catholic congregations operate within their established church denominations and are led by either ordained Protestant ministers or vowed Catholic sisters Because expressing God as She can expose strident claims for maintaining God as He this book shows not only how patriarchy continues to operate in churches today but also how it is being successfully challenged through liturgy Women Ritual and Power is an important contribution to the theological world Elizabeth Ursic sheds light on what has enabled churches to include female images for the divine and provides multiple narratives of the negative reactions to such images As she displays how gender is understood in Christian worship with evidence that some churches do include feminist imagery the continuing presence of patriarchy is also revealed The book is basically about the constructive function of the inclusion of feminine images for all One of the main reasons we need this book is that Ursic perceives there is a much wider larger group of Christians who would love to have more feminist images than is recognized in churches and church practices Mary McClintock Fulkerson author of *Changing the Subject Women s Discourses and Feminist Theology*

Telling Their Stories Jean Peterman,2019-07-09 Abortion and the right of a woman to control her fertility cross boundaries of race

ethnicity and social class In this revealing and in depth study Jean P Peterman focuses on a group of Puerto Rican women in Chicago whose decisions about abortion highlight the contradictions between the sexually conservative ethnic and religious beliefs of this community and the fact that Latina women including Puerto Rican women have abortions at a rate one and a half times as high as non Latinas For more than half the women Peterman interviewed their decision to have an abortion allowed them to maintain opportunities for themselves or to resist male control Despite their resistance to traditional gender roles their Puerto Rican identity remains strong The term cultural story coined by sociologist Laurel Richardson explains how cultures create and support their social worlds their cultural and social frameworks as well as beliefs about home community sex roles and family A collective story is an oppositional story a form of resistance and a catalyst for change In this book the stories recounted by these women involve struggles against barriers intrinsic to their social structure such as poverty prejudice and discrimination that ultimately shape newfound feelings of independence inner strength and control over their own fertility and their lives

Creed without Chaos Laura K. Simmons, 2015-10-26 Introduces contemporary readers to the lay theological writings of British novelist and playwright Dorothy L Sayers

I Sing for I Cannot Be Silent June Hadden Hobbs, 1997-10-15 Evangelical churches sing hymns written between 1870 and 1920 so often that many children learn them by rote before they are able to read religious texts A cherished part of communal Christian life and an important and effective way to teach doctrine today these hymns served an additional social purpose in the late nineteenth and early twentieth centuries they gave evangelical women a voice in their churches When the sacred music business expanded after the Civil War writing hymn texts gave publishing opportunities to women who were forbidden to preach teach or pray aloud in mixed groups Authorized by oral expression gospel hymns allowed women to articulate alternative spiritual models within churches that highly valued orality These feminized hymns are the focus of I Sing for I Cannot Be Silent Drawing upon her own experience as a Baptist June Hadden Hobbs argues that the evangelical tradition is an oral tradition it is not anti intellectual but antiprint Evangelicals rely on memory and spontaneous oral improvisation hymns serve to aid memory and permit interaction between oral and written language By comparing male and female hymnists use of rhetorical forms Hobbs shows how women utilized the only oral communication allowed to them in public worship Gospel hymns permitted women to use a complex system of images already associated with women and domesticity

This feminized hymnody challenged the androcentric value system of evangelical Christianity by making visible the contrasting masculine and feminine versions of Christianity When these hymns were sung in church women's voices and opinions moved out of the private sphere and into public religion The hymns are so powerful that they are suppressed by some contemporary fundamentalists today In *I Sing for I Cannot Be Silent* June Hadden Hobbs employs an interdisciplinary mix of feminist literary analysis social history rhetoric and composition theory hymnology autobiography and theology to examine hymns central to worship in most evangelical churches today *The Call of God* Tom Powers, SJ, 2012-02-01 Based on conversations with women in one of the poorest neighborhoods in Lima Peru *The Call of God* explores how their faith provides them with an understanding amidst extreme poverty violence and displacement Peru was the birthplace of liberation theology and the poor women of that country were instrumental in its original elucidation This book introduces the women of El Agustino where a diverse dedicated and eloquent group have set out to answer questions solve problems and rebuild a society stricken with rampant inflation and terrorism all in response to the call of God Without much formal education these women possess and espouse complex theological propositions with a high degree of independence and proficiency A careful reading reveals an education of a different sort one rooted in life's changing experiences one directed toward a different liberation *Rethinking Ethics in the Midst of Violence* Linda A. Bell, 1993-07-02 Selected by Choice as an Outstanding Academic Book for 1995 Moving beyond the traditional feminist ethics of care Linda A Bell places an existentialist conception of liberation at the heart of ethics and argues that only an ethics of freedom sufficiently allows for feminist critique and opposition to a status quo imbued with violence She offers a critique of Aristotelian utilitarian and Kantian ethics analyzing each approach from feminist perspectives and showing how each fails women and others who resist oppression **Rethinking Masculinity** Robert Strikwerda, Patrick D. Hopkins, 1996-10-24 The new edition of this popular book is reorganized to present pairs of contrasting views on what it means to be a man in contemporary Western culture Addressing such issues as sex differences fatherhood intimacy homosexuality and oppression the collection also includes new discussions of paternity pornography mixed race marriage impotence and violence *Rethinking Masculinity* is an excellent text for gender studies ethics and social philosophy courses **Ambiguous Discourse** Kathy Mezei, 2000-11-09 Carefully melding theory with close readings of texts the contributors to *Ambiguous Discourse* explore the role of gender in the struggle for narrative control of specific works by British writers Jane Austen Virginia Woolf Anita Brookner Angela Carter Jeanette Winterson and Mina Loy This collection of twelve essays is the first book devoted to feminist narratology the combination of feminist theory with the study of the structures that underpin all narratives Until recently narratology has resisted the advances of feminism in part as some contributors argue because theory has replicated past assumptions of male authority and point of view in narrative Feminist narratology however contextualizes the cultural constructions of gender within its study of narrative strategies Nine of these essays are original and three have been revised for publication in this

volume The contributors are Melba Cuddy Keane Denise Delorey Rachel Blau DuPlessis Susan Stanford Friedman Janet Giltrow Linda Hutcheon Susan S Lanser Alison Lee Patricia Matson Kathy Mezei Christine Roulston and Robyn Warhol

The Community of the Weak Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story
