

Positive Core Belief Evidence Record

Your new positive core belief

What new belief (about yourself, other people, or the world) do you want to strengthen? How would you want things to be?

What to look out for

What events, experiences, or actions would support your new belief?

Valued you around

What to avoid
Our minds can stop us noticing evidence that supports our new beliefs. Watch out for times when you might:

- Overlook positive evidence – "Nothing supports my new belief".
- Discredit positive evidence – "Anyone can do that".
- Distort positive evidence – "She just said that to make me feel better".

Remember – every piece of evidence counts. It doesn't matter how small it is, it all adds up.

Evidence that supports your new positive core belief

Evidence that supports your new positive core belief:
Record events and experiences that support your new belief. Be specific!
