Three Proofs for the Existence of God Uchemadu Chée Kamanu, 2020-12-24 Three Proofs for the Existence of God gives scientific historic and prophetic proofs for the existence of God If we do not think that a computer or even a bicycle could have come up by chance without a designer could we think that man who made the computer could have come up by chance without a designer Chance and design are mutually exclusive the disproof of the one is the proof of the other There is no third option In biogenesis genetics dendrochronology geophysics and thermodynamics evolution theory has been disproved experimentally and observationally By default therefore design has been proven Any attempt by evolutionists to experimentally disprove design or prove chance ends up proving design The one conducting the experiment is the designer of that experiment and the result is his design If the experiment is left to chance nothing happens With historic data from the Bible added up we show the year God created man and other things Acts and relationships between God and his creation show up in other chapters to remind us that the Creator God lives and wills One of these chapters Black History in Scripture disproves the saying that Christianity is the white man s religion We show that the scriptures were translated into three

The War on Women P.D. Lingenfelter Highby, 2013 Highby expertly cuts apart the 5000 year history of the war on women so that she can decode and explain the ancient deliberately difficult and elitist historical jargon for the sake of the intelligent general reader Highby surprises us by showing how the war on women always played out as parallel to a war against Nature as well as a class war Therefore the war devalues Nature slaves and lower class men as well as women This war influenced the Renaissance Spirit Matter split with its witch burnings It applies to current Darwinian versus Creationism arguments too

God's Divine Plan for Humanity Vol. 1 Felix Wantang, 2023-01-31

This book is Volume 1 of God's Divine Plan for Humanity series You are a very important part of God's divine plan for humanity God wants to draw you closer to him and bring you to that place where you reach the full potential of your life far beyond your imaginable dreams When you read this book you will never look at your life and the world the same again you will start to see the world and understand the Bible better than ever before This book will take you to God's creative library step by step to unveil the mysteries of God's plan for humanity using the language of heaven The knowledge you gather from this book will draw you closer to God just like Abraham Isaac Jacob Joseph Moses David and Joshua all used the secret of the language of heaven to draw closer to God and fearlessly fight the spiritual forces of this sinful world Learn the hidden secrets of the supernatural language of heaven and see the world through the eyes of the author of life Jesus Christ When you look at the world do you believe there is something seriously wrong with the whole system Do you believe there is something not natural that for some inexplicable reason is holding humanity hostage You can analyze it from all political angles but the truth is the world is controlled by supernatural spiritual forces and unless you understand what it is and how it operates you will remain a slave to the system The Bible teaches in Psalm 24:1-2 that God owns the world and everything in it If God owns it all then he is in absolute control and God has the tools to set you free from the satanic forces of this sinful world The battles we face in this world are not natural Any attempt to use natural weapons to fight these battles is a big mistake you cannot use natural weapons to fight a supernatural battle When you believe the enemy and look at life through the eyes of the enemy you become engulfed and enslaved by the enemy but when you believe in Jesus and look at life through the eyes of Jesus you will ultimately become united to Jesus In life what you believe determines what you see The battle is in your mind The choice is yours In this world you will have trouble But take heart I have overcome the world John 16:33

The Analogy

of Love Gary Chartier,2015-11-09 This book offers an overview of Christian theology organized around the twin themes of divine and human love The book covers the traditional theological topics as well as basic questions of theological method It seeks to integrate a focus on love throughout While love is regularly canvassed as a dominant theme in Christian thought it has rarely been the focus of Christian theological construction or a constraint on theological formulation The book seeks to suggest chapter by chapter how a given topic relates to the broad theme of love The book is written in a way designed to make it accessible to university students and educated laypersons At the same time it takes positions on controverted scholarly issues and the methodological approach outlined at the beginning will be of interest to academic theologians
