**Continental European Freak Shows and 'Enfreakment'** Anna Kérchy, 2013-02-14 This collection offers cultural historical analyses of enfreakment and freak shows examining the social construction and spectacular display of wondrous monstrous or curious Otherness in the formerly relatively neglected region of Continental Europe Forgotten stories are uncovered about freak show celebrities medical specimen and philosophical fantasies presenting the anatomically unusual in a wide range of sites including curiosity cabinets anatomical museums and traveling circus acts The essays explore the locally specific dimensions of the exhibition of extraordinary bodies within their particular historical cultural and political context Thus the impact of the Nazi eugenics programs state Socialism or the Chernobyl catastrophe is observed closely and yet the transnational dimensions of enfreakment are made obvious through topics ranging from Jesuit missionaries diabolization of

American Indians to translations of Continental European teratology in British medical journals and the Hollywood silver screen's colonization of European fantasies about deformity. *Dangerous bodies* Marie Mulvey-Roberts, 2016-01-01 Through an investigation of the body and its oppression by the church, the medical profession and the state, this book reveals the actual horrors lying beneath fictional horror in settings as diverse as the monastic community, slave plantation, operating theatre, Jewish ghetto and battlefield trench. The book provides original readings of canonical Gothic literary and film texts, including *The Castle of Otranto*, *The Monk*, *Frankenstein*, *Dracula* and *Nosferatu*. This collection of fictionalised dangerous bodies is traced back to the effects of the English Reformation, Spanish Inquisition, French Revolution, Caribbean slavery, Victorian medical malpractice, European anti-Semitism and finally warfare, ranging from the Crimean War up to the Vietnam War. The endangered or dangerous body lies at the centre of the clash between victim and persecutor and has generated tales of terror and narratives of horror which function to either salve, purge or dangerously perpetuate such oppositions. This ground-breaking book will be of interest to academics and students of Gothic studies, gender and film studies, and especially to readers interested in the relationship between history and literature.
