from the contemporary world the medieval legislation against healing by wizards and bonesetters is echoed in modern health codes that challenge the authority of naturopaths and faith healers **Dictionary of Ancient Magic Words and Spells**

[The Shakespeare Wars](#) Ron Rosenbaum, 2008-01-08

Ron Rosenbaum is one of the most original journalists and writers of our time David Remnick In The Shakespeare Wars Ron Rosenbaum gives readers an unforgettable way of rethinking the greatest works of the human imagination As he did in his groundbreaking Explaining Hitler he shakes up much that we thought we understood about a vital subject and renews our sense of excitement and urgency He gives us a Shakespeare book like no other Rather than raking over worn out fragments of biography Rosenbaum focuses on cutting edge controversies about the true source of Shakespeare s enchantment and illumination the astonishing language itself How best to unlock the secrets of its spell With quicksilver wit and provocative insight Rosenbaum takes readers into the midst of fierce battles among the most brilliant Shakespearean scholars and directors over just how to delve deeper into the Shakespearean experience deeper into the mind of Shakespeare Was Shakespeare the one draft wonder of Shakespeare in Love Or was he rather as an embattled faction of textual scholars now argues a different kind of writer entirely a conscientious reviser of his greatest plays Must we then revise our way of reading staging and interpreting such works as Hamlet and King Lear Rosenbaum pursues key partisans in these debates from the high tables of Oxford to a Krispy Kreme doughnut shop in a strip mall in the Deep South He makes ostensibly arcane textual

scholarship intensely seductive and sometimes even explicitly sexual At an academic Pleasure Seminar in Bermuda for instance he examines one scholar s quest to find an orgasm in Romeo and Juliet Rosenbaum shows us great directors as Shakespearean scholars in their own right We hear Peter Brook perhaps the most influential Shakespearean director of the past century disclose his quest for a secret play hidden within the Bard s comedies and dramas We listen to Sir Peter Hall founder of the Royal Shakespeare Company as he launches into an impassioned table pounding fury while discussing how the means of unleashing the full intensity of Shakespeare s language has been lost and how to restore it Rosenbaum s hilarious inside account of the Great Shakespeare Funeral Elegy Fiasco a man versus computer clash illustrates the iconic struggle to define what is and isn t Shakespearean And he demonstrates the way Shakespearean scholars such as Harold Bloom can become great Shakespearean characters in their own right The Shakespeare Wars offers a thrilling opportunity to engage with Shakespeare s work at its deepest levels Like Explaining Hitler this book is destined to revolutionize the way we think about one of the overwhelming obsessions of our time

Johnson, Paul Rennick, 2020-05-15 Religion evokes strong emotions and raises hard questions This volume addresses many of the contentious elements that religion provokes and challenges some of the easy answers contemporary society has produced The frequent and often facile dictum about the separation of church and state when examined closely may prove to contribute to the erosion of some of our most cherished human values rather than to their preservation The science versus religion dichotomy is dogma for many yet the empiricism that is the hallmark of scientific method and knowledge can be singularly absent from positions that claim to be science The current spate of attacks against God and religion that are now commonplace when critically scrutinized often fail to provide compelling arguments or

even to be as objective as their authors claim These and other explorations are the focus of this book From the Forward in which Charles Kimball challenges the West to re evaluate its perspective and understanding of the East particularly Islam to the Afterword in which theologian Gregory Baum chronicles the extraordinary reversal of sociology s estimation of religion the invitation from this volume to all of us is to review our pieties and presuppositions as we reflect on the future of religion
