Albury, 2016-04-08 Castiglione's *Book of the Courtier* Il libro del cortegiano 1528 a dialogue in which the interlocutors attempt to describe the perfect courtier was one of the most influential books of the Renaissance In recent decades a number of postmodern readings of this work have appeared emphasizing what is often characterized as the playful indeterminacy of the text and seeking to detect inconsistencies which are interpreted as signs of anxiety or bad faith in its presentation In contrast to these postmodern readings the present study conducts an experiment What understanding does one gain of

Castiglione's book if one attempts an early modern reading. The author approaches *The Book of the Courtier* as a text in which some of its most important aspects are intentionally concealed and veiled in allegory. W. R. Albury argues that this early modern reading of *The Book of the Courtier* enables us to recover a serious political message which has a great deal of contemporary relevance and which is lost from sight when the work is approached primarily as a courtly etiquette book or as a lament for the lost influence of the aristocracy in an age when autocratic nation states were coming into being or as an impersonal textual field upon which a free play of transformations and deconstructions may be performed. **A Terrible**

Love of War James Hillman, 2005-02-22 War is a timeless force in the human imagination and indeed in daily life. Engaged in the activity of destruction, its soldiers and its victims discover a paradoxical yet profound sense of existing of being human. In *A Terrible Love of War* James Hillman, one of today's most respected psychologists, undertakes a groundbreaking examination of the essence of war: its psychological origins and inhuman behaviors. Utilizing reports from many fronts and times, letters from combatants, analyses by military authorities, classic myths and writings from great thinkers including Twain, Tolstoy, Kant, Arendt, Foucault, and Levinas, Hillman's broad sweep and detailed research bring a fundamentally new understanding to humanity's simultaneous attraction and aversion to war. This is a compelling, necessary book in a violent world. **Prodigal**

Gospel Jonny Morrison, 2024-05-07 The good news is bigger and better than we imagined. Many Christians, especially young Christians, stepping into a world and a church devastated by division, scandal, and abuse are asking whether the gospel is good news for us today. And many are deciding that faith simply doesn't have anything to offer. Our gospel has become too small; it looks nothing like the Jesus who embodies good news in the flesh. How do we recover this gospel? When we turn to the parable of the prodigal son, a story of elaborate parties, upside-down kingdoms, and reunited families, we can hear in Jesus' own words a clear presentation of a truth that is bigger and better than we've imagined. In these pages, author and pastor Jonny Morrison invites us on a journey into the welcoming arms of this familiar parable, showing us how it shapes the entire story of Scripture. Along the way, we discover the radically inclusive power of the gospel that upends religions, disrupts empires, heals the wounded, and empowers the marginalized. After all, this is Jesus' good news to tell. And when we listen to him, tell it we can be found again in the surprising, disarming, challenging gospel that is truly good news. *Hélisienne de Crenne* Diane

Wood, 2000 *Hélisienne de Crenne* At the Crossroads of Renaissance Humanism and Feminism examines the writings of this sixteenth-century French author in light of modern critical theory. **BOOK JACKET** Zoo, or Letters Not about Love Viktor

Shklovsky, 2024-07-16 While living in exile in Berlin, the formidable literary critic Viktor Shklovsky fell in love with Elsa Triolet. He fell into the habit of sending Elsa several letters a day, a situation she accepted under one condition: he was forbidden to write about love. *Zoo, or Letters Not about Love* is an epistolary novel born of this constraint, and although the brilliant and playful letters contained here cover everything from observations about contemporary German and Russian life to theories of art and literature, nonetheless every one of them is indirectly dedicated to the one topic they are all required to
