Imaginal Memory and the Place of Hiroshima Michael Perlman,1988-07-08 Hiroshima claims a crucial yet neglected place in the psychic terrain of our individual and collective memories Drawing on recent work in depth psychology and Jungian thought this study explores the ancient art of remembering by envisioning places and images that are impressed upon the memory Enthusiastically used by ancient medieval and Renaissance explorers of soul and spirit the art of memory became a profound expression of striving for cultural reform and an end to religious cruelty Imaginal Memory and the Place of Hiroshima shows that images arising from the place of Hiroshima reveal with stark exactitude the psychic situation of our world Specific images are explored that embody unsuspected psychological values beyond their role as reminders of the concrete horror of nuclear war The process of remembering these images deepens into a commemoration of the fundamental powers at work in the psyche powers that are critical to the development of a sustained cultural commitment to peace and to the deepening and revitalizing of contemporary psychological life *Memory & Oblivion* A.W. Reinink,Jeroen

Stumpel,2012-12-06 Memory is a subject that recently has attracted many scholars and readers not only in the general historical sciences but also in the special field of art history However in this book in which more than 130 papers given at the XXIXth International Congress of the History of Art Amsterdam 1996 have been compiled Memory is also juxtaposed to its counterpart Oblivion thus generating extra excitement in the exchange of ideas The papers are presented in eleven sections each of which is devoted to a different aspect of memory and oblivion ranging from purely material aspects of preservation to social phenomena with regard to art collecting from the memory of the art historian to workshop practices from art in antiquity to the newest media from Buddhist iconography to the Berlin Wall The book addresses readers in the field of history history of art and psychology

[The Multi-Sensory Image from Antiquity to the Renaissance](#) Heather Hunter-Crawley, Erica O'Brien, 2019-01-10 This volume responds to calls in visual and material cultural studies to move beyond the visual and to explore the multi sensory impact of the image across a wide range of cultural and historical contexts What does it mean to practise art history after the material and sensory turns What is an image if not a purely visual phenomenon and how does it

prompt non visual sensory experiences The multi sensoriality of the image was a less challenging concept before the ocularcentric modern age and so this volume brings together a global array of scholars from multiple disciplines to ask these questions of imagery in premodern or non western contexts ranging from Minoan palace frescoes to Roman statues early church sermons tombs of Byzantine saints museum displays of Islamic artefacts of scent medieval depictions of the voice and Stuart court masques Each chapter presents a means of appreciating images beyond the visual demonstrating the new information and understanding that consequently can be gleaned from their material As a collection these chapters offer the student and scholar of art history and visual culture an array of exciting new approaches that can be applied to appreciate the multi sensoriality of images in any context as well as prompts for reflection on future directions in the study of imagery The Multi Sensory Image thus illustrates that it is not only possible to explore the non visual impact of images but imperative
