Langguth,2001-06-04 Is religion merely a matter of persuasion and habit He thought so All religions are just the opinions of men and my opinion is that they are fallacy and foolishness That is what he said For a man to decide to be a minister he must either be ignorant or too lazy to care about the truth That is what he contended He was convinced that Naturalistic Evolution the Neo Darwinian Synthesis satisfactorily answered all of life s questions In class and on the campus he vigorously opposed all who described themselves as believers and he especially delighted in confronting those who had chosen religion as a profession He had heard all of the arguments in favor of faith and the truth of the Bible and found them wanting Yet this man came to spend his life as a Bible believing Christian clergyman What could possibly have changed a mind so set The answer is in these pages This book narrates the evolution of an unbeliever into a committed Christian Rev Langguth spent forty three years in pastoring eight Methodist churches until he was forced by his age and the illness of his wife to accept retirement He holds a lifetime credential to teach Zoological Sciences and Anthropology in the community colleges of California and a Master of Divinity Degree cum laude from the Pacific School of Religion He now lives in Grass Valley California *Nature at Work - the Ongoing Saga of Evolution* V. The Christ Is Not a Person J.C. Tefft,2009-02-11 Why are we born For what purpose are we here The longer we remain unaware of what is taking place within us of what drives us and what can liberate us from the bonds of egocentric behavior the longer we allow what the Buddha called the sorrow of life to hold sway The sorrow of life is the sum and consequence of our total identification with the world that is created by self The word Consciousness means something more than what the mind of self thinks imagines or conceives Awareness in Pure Consciousness is an awareness that is other than self and beyond thought Contrary to traditional thinking the so called unseen unknown world is nothing more than Consciousness of which we are unaware Unawareness in

The God Effect is Real Sujith Ittan, 2025-07-14 Something is really wrong with our reality It appears that our minds are being manipulated Synchronicities and the collective unconscious are clues about the mind manipulation mechanism This mechanism is the God effect according to the author The God effect implies that there is an intelligent entity controlling our minds Who is this intelligent entity manipulating our minds A God must be responsible for the God effect How exactly is this God manipulating our minds in this reality that is based on the principles of materialism that we know so well through our sciences We are unable to account for the God effect within the paradigm of materialism Are we in a reality based on idealism where consciousness is fundamental and an intelligent God exists in this context Or are we living inside a computer simulation What is the nature of our minds In order to account for God we have to question our understanding of our reality and we have to ask if we are truly in control of our minds thoughts and actions This is a gist of the God mind and reality problem that the author tries to discuss in this book In his first book the author wondered if a simulation accounts for the God effect In this book he wonders if idealism with consciousness first principles and an intelligent God solves the problem
