Kafka, 2011-11-16 Through a case study of the Los Angeles city school district from the 1950s through the 1970s Judith Kafka explores the intersection of race politics and the bureaucratic organization of schooling Kafka argues that control over discipline became increasingly centralized in the second half of the twentieth century in response to pressures exerted by teachers parents students principals and local politicians often at different historical moments and for different purposes Kafka demonstrates that the racial inequities produced by today s school discipline policies were not inevitable nor are they immutable [Understanding America's Gun Culture](#) Craig Hovey, Lisa Fisher, 2017-12-06 Understanding America s Gun

Culture focuses on building understanding of some of the issues associated with US gun culture and the contemporary debate about the availability and use of guns This edited volume is unique in that it draws on a wide variety of disciplines and presents perspectives on both sides of the debate Contributors hail from the academic disciplines of history social work criminal justice sociology religion and theological ethics as well as policy agencies Some chapters examine the issues social psychologically to help readers better understand dynamics within the debate Others pose important ethical and philosophical questions about gun culture Still others address practical policy solutions for enhancing gun safety and minimizing gun violence even bringing in international perspectives Together the chapters create a thought provoking compilation that offers insightful findings considers theoretical and practical implications and invites further exploration of the topic **Encyclopedia of Contemporary American Social Issues** Michael Shally-Jensen, 2010-12-22 This single

source reference will help students and general readers alike understand the most critical issues facing American society today. Featuring the work of almost 200 expert contributors, the *Encyclopedia of Contemporary American Social Issues* comprises four volumes, each devoted to a particular subject area. Volume one covers business and the economy; volume two, criminal justice; volume three, family and society; and volume four, the environment, science, and technology. Coverage within these volumes ranges from biotechnology to identity theft, from racial profiling to corporate governance, from school choice to food safety. The work brings into focus a broad array of key issues confronting American society today. Approximately 225 in-depth entries lay out the controversies debated in the media, on campuses, in government, in boardrooms, and in homes and neighborhoods across the United States. Critical issues in criminology, medicine, religion, commerce, education, the environment, media, family life, and science are all carefully described and examined in a scholarly yet accessible way. Sidebars, photos, charts, and graphs throughout augment the entries, making them even more compelling and informative.

Handbook of Research on School Violence in American K-12 Education Crews, Gordon A., 2018-10-12. In recent years, the United States has seen a vast increase in bloodshed stemming from violence within the education system. Understanding the underlying factors behind these atrocities may be the first step in preventing more brutality in the future. The *Handbook of Research on School Violence in American K-12 Education* provides emerging research exploring the theoretical and practical aspects of the phenomena of school violence through the lens of social science and humanities perspectives. Featuring coverage on a broad range of topics such as preventative measures, cyberbullying, minority issues, risk factors, and dealing with the traumatic aftermath of such events, this book is ideally designed for researchers, students, psychologists, sociologists, teachers, law enforcement, school counselors, policymakers, and administrators seeking current research on the interconnectedness between families, schools, bullying, and subsequent violence.

Trends in Policing Dilip K. Das, Otwin Marenin, 2009-02-17. Police leaders possess a plethora of rich experiences and practical and theoretical knowledge that provides fascinating insights into the current state of policing around the world. While observers' opinions of ongoing developments in policing are well known, it is rare to get an insider's glimpse of how police leaders themselves assess these advances.

Handbook of Violence Lisa A. Rapp-Paglicci, Albert R. Roberts, John S. Wodarski, 2002-07-03. A multidisciplinary team of experts examines violence from a resilience perspective. Violence knows no boundaries. It attacks in schools, in families, and even in the workforce places that should be regarded as safe havens. Encompassing the enormity of violence through a comprehensive biopsychosocial perspective, *Handbook of Violence* examines community, school, family, and workplace violence, including identification, classification, prevention, and intervention programs and case management. Written by the leading authorities in their fields, this groundbreaking compilation reviews how children and adolescents from violent homes are detrimentally affected in multiple ways, including short and long-term consequences that seriously impair their psychological, social, educational, and physical development. Explores issues related to the occurrence of domestic violence in African American

families presenting an array of theoretical formulations that may prove useful to practitioners who must service both victims and perpetrators Examines the prevalence of female juvenile delinquency and reviews the literature from a sociological and practice perspective Focuses on the current trends and issues surrounding youth gang violence discussing identification classification and prediction as they relate to gang violence as well as effective prevention and intervention Addresses the identification classification and prediction of school violence among middle school and high school youth Covers the broad range of cases that are classified as workplace violence examining the differences in definition and analyzing the bases for the growing prevalence of incidents Topics include Violence within families through the life span Adolescent dating violence Assessing violent behavior Domestic violence in Latino cultures Conduct disorder and substance abuse Youth gang violence School violence Preventing workplace violence Domestic violence in the workplace And much more

Education and the State Carla Aubry, Michael Geiss, Veronika Magyar-Haas, Jürgen Oelkers, 2014-08-07 In most countries in the world school education is the business of the state Even if forms and functions differ the imparting of elementary knowledge is universally regarded as a public function Yet this is neither self evident nor self explanatory The degree of involvement of state agencies in the supervision financing and organization of the school system sometimes varies so much that the usual assumption of a common understanding of the state seems to be an illusion Making international comparisons and focusing strongly on the historical conditions of the current form of state education this volume paints a nuanced picture of how the relationship between education and state has been and is conceptualized Insights into this relationship are gained by considering and analysing both specific processes such as financing and bureaucracy and conceptual ideas for example community authority and political utopias The book presents comparative studies and analyses of regional and local conditions arguing that the history of each country or region is critical to educational success and the relationship between the education and the state must be reconsidered both internationally and historically in order to be of actual conceptual value Education and the State presents a broad variety of approaches and examples that provide a significant contribution to the understanding of the relationship between education and the state It will be of key value to academics and researchers in the fields of the history of education the politics of education and educational administration

Education Reform in Florida Kathryn M. Borman, Sherman Dorn, 2012-02-01 In Education Reform in Florida sociologists and historians evaluate Governor Jeb Bush's nation leading school reform policies since 1999 They examine the startlingly broad range of education policy changes enacted in Florida during Bush's first term including moves toward privatization with a voucher system more government control of public education institutions with centralized accountability mechanisms and a superboard for all public education The contributors arrive at a mixed conclusion regarding Bush's first term education policies while he deserves credit for holding students to higher standards his policies have unfortunately pushed for equality in a very narrow way The contributors remain skeptical about seeing significant and sweeping improvement in how well Florida schools work for all

students

The End of Meaning William A. Sikes, 2024-04-04 Towards the end of the twentieth century books proclaiming the closing of America's mind the collapse of her communities and the end of her art literature education and more began appearing with regularity The underlying theme in all such works is the loss of those experiences that give our lives meaning In *The End of Meaning Cultural Change in America Since 1945* readers learn to recognize these experiences realize how prominent they were in the postwar period c 1945 65 understand the forces that have brought about their extraordinary decline in our families and communities universities and religious institutions films and popular music fine arts labor and more and realize the implications of this loss for our society and our humanity In doing so the book provides a way of thinking about a vital subject one which despite its enormous importance has never been examined in a broad and systematic way capable of generating real understanding discussion and debate

The State of the African American Male Eboni M. Zamani-Gallaher, Vernon C. Polite, 2012-01-01 The circumstances affecting many African American males in schools and society remain complex and problematic In spite of modest gains in school achievement and graduation rates conditions that impede the progress of African American males persist high rates of school violence and suspensions overrepresentation in special education classes poor access to higher education high incidence of crime and incarceration gender and masculine identity issues and HIV AIDS and other health crises The essays gathered here focus on these issues as they exist for males in grades K 12 and postsecondary education in Michigan However the authors intend their analyses and policy recommendations to apply to African American males nationally Although it recognizes the current difficulties of this population overall this is an optimistic volume with a goal of creating policies and norms that help African American males achieve their educational and social potential In this era of widespread change for all members of American society regardless of race this book is a must read for educators and policymakers alike
