Evolving Brief Therapies In Honor Of John Weakland

Mark McKergow

Evolving Brief Therapies In Honor Of John Weakland:

Evolving Brief Therapies Wendel A. Ray, Steve De Shazer, 1999-01-01 *Brief Therapy Conversations* Michael F. Hoyt, Flavio Cannistrà, 2022-09-19 *Brief Therapy Conversations* features stimulating discussions between two international experts about essential topics including the importance of the therapeutic relationship the role of diagnosis the therapist's mindset specific techniques and guiding logics therapist development and likely future trends It explores a wide range of literature and ideas on brief therapy and single session therapy For those interested in time sensitive treatment several expanded journal articles are included that provide additional insights into ways to improve therapeutic efficiency Reader friendly and conversational in format this book is essential reading for professionals involved in brief therapy research teaching and practice *The Next Generation of Solution Focused Practice* Mark McKergow, 2021-04-12 *The Next Generation of Solution Focused Practice* shows how practitioners help create change by stretching the world of their clients The book brings new ideas from enactive cognition which show how skilled attention on the client and their words is important both practically and conceptually It provides both a summary of the development of Solution Focused Brief Therapy SFBT over time and how the latest developments form a newly coherent form of practice based on developing descriptions The author has structured the book using simple and easy to understand metaphors to paint a rich creative and visual picture of therapy for the reader which makes it an accessible read This book will be of interest to a wide range of SF practitioners internationally as well as to those involved in coaching counselling family therapy education social work healthcare and organisational change **Handbook of Solution-Focused Brief Therapy** Thorana S Nelson, Frank N Thomas, 2012-03-22 An invaluable guide to the history descriptions of practice strategies and applications of SFBT The *Handbook of Solution Focused Brief Therapy* is a unique comprehensive guide that assists clinicians regardless of experience level in learning and applying the concepts of Solution Focused Brief Therapy SFBT to particular situations with clients Noted experts discuss the therapy practices and various uses for the approach in detail which focuses on encouraging clients to look at exceptions times when the problem could have occurred and did not and goals and future possibilities A history of the practice model and its interventions is discussed along with limitations descriptions of practice strategies applications to specific client populations and clinical problems and concerns This useful resource also includes an illustrative case study that uses the SFBT model The *Handbook of Solution Focused Brief Therapy* first lays a foundation of knowledge providing chapters on the crucial assumptions and practices history and epistemology behind the approach Further chapters use that basis to explain the application of the approach with several clinical issues and various populations including couples depression domestic violence schools children pastoral work therapist burnout and a few outside therapy room applications Other chapters focus on the important issues in therapist training and supervision Extensive references are provided at the end of each chapter Topics discussed in the *Handbook of Solution Focused Brief Therapy* include assumptions within the

SFBT tradition history of the SFBT approach epistemology SFBT with couples depression domestic violence offenders public schools children and young people SFBT in faith based communities assessing and relieving burnout in mental health practice SFBT beyond the therapy room supervision of training possible limitations misunderstandings and misuses of SFBT a tribute to the late Steven de Shazer co founder of the SFBT approach The Handbook of Solution Focused Brief Therapy is an invaluable reference for all types of therapists including psychologists counselors social workers and family therapists at any level of experience including students trainees and experienced therapists *Beyond Technique in Solution-focused Therapy* Eve Lipchik, 2002-05-31 This book adds a dimension to the solution focused therapy literature providing a framework to facilitate nonformulaic clinical decision making Focus is on how emotional issues can help pave the way to successful solutions Case material is also used showing not only what a clinician does at particular moments in therapy but why **The SAGE Handbook of Counselling and Psychotherapy** Colin Feltham, Terry Hanley, Laura Anne Winter, 2017-09-30 At over 600 pages and with more than 100 contributions this Fourth Edition brings together the essentials of counselling and psychotherapy theory research skills and practice Including new content on assessment theory applications and settings and with new chapter overviews and summaries this continues to be the most comprehensive and accessible guide to the field for trainees or experienced practitioners *Creative Therapy in Challenging Situations* Michael Hoyt, Monte Bobele, 2019-04-26 *Creative Therapy in Challenging Situations* introduces readers to the innovative approaches that therapists sometimes take when standardized paint by numbers routines don't work Each chapter presents the story of one or more difficult psychotherapy situations followed by the therapists descriptions of what they did and why as well as the outcome that resulted The authors and their stories span a wide variety of theoretical approaches and contexts showing how clinicians can improvise beyond everyday scenarios and techniques This collection of provocative instructive vignettes from well known practitioners often generates You said what reactions while encouraging readers to think creatively in the moment in order to reach healthy innovative outcomes from the trickiest and most unexpected therapeutic scenarios **The Solutions Focus** Mark McKergow, 2011-02-22 This is a new and updated edition of this acclaimed first business book on the powerful simple yet subtle approach to positive change in people teams and organisations Used around the world by a wide range of people professions and organisations the first edition has now sold nearly 10 000 copies and been translated into 7 languages Including new chapters reflecting the increasing importance of coaching and the solutions focus movement in the business environment this wide ranging book is filled with all the most important ideas case examples and practical tips for managers facilitators and consultants Proven in many fields and with a distinguished intellectual heritage The Solutions Focus provides a simple and direct route to progress in your organisation It focuses on solutions not problems in between the action is in the interaction make use of what's there possibilities past present and future and language Every case is different The trouble with traditional approaches to people problems is that they assume a straightforward relationship between cause and effect

between a problem and its solution A solutions focused approach sidesteps the search for the causes of a problem and heads straight for the solution showing you how to envisage your preferred future and quickly takes steps forward The authors present a set of practical techniques including specific forms of questioning that lead to immediate action and results They show how to identify what is working in your organisation and amplify it to make useful changes to focus on what is possible rather than what is intractable and how to be solution focused not solution forced **Solutions Focus, 3rd edition** Mark McKergow, 2024-09-03 Solutions Focus Practice is transforming coaching consulting and leadership in organisations all over the world A powerful yet simple approach to positive change a solutions focus approach to people problems explores what works in a given situation and aims to do more of it The Solutions Focus is the definitive guide to this revolutionary yet practical alternative to conventional wisdom It demonstrates how the unique SIMPLE method of working sidesteps the search for the causes of trouble and heads directly for the solution Today national solutions focus associations around the world from Sweden to Australia base their training on the methods explained here Solutions focus is in widespread use by consultants coaches facilitators and managers It can be applied at one to one group or organisational levels Applications include health and wellbeing sales and negotiation team building and leadership performance management organisational strategy and even peace building and climate resilience This long awaited new edition of The Solutions Focus is fully revised and updated for today's executive career and life coaches Including the transformative OSKAR coaching framework one of the most used throughout the coaching world Revisions to this acclaimed book include updates throughout to position it in the contemporary landscape Next generation developments are fully covered including new research on embodiment and experience the role of hosting rather than directing and the importance of detail New case studies from around the world including Nestle Kraft Tate and Canon continue the book's legacy of learning from real cases by looking closely at what happens and how it works Finally new material exploring improvisation and co constructed stories completes the update and will ensure this book remains the leader in its field for generations to come *The Therapist's Use of Self* Matthew D. Selekman, 2023-12-22 This book encourages and trains students and practicing marriage and family therapists to bring themselves into the therapy room offering guidelines and strategies for being more present and personal with their clients Mental health professionals are often taught and trained that therapy is serious business to be cautious and conservative with therapeutic decision making and to stick to empirically supported and specific tools in sessions What gets lost in this positivistic formulaic and scientific way of working are therapists own unique voices their creativity flexibility and the sense of playfulness that make the change process fun and upbeat The Therapist's Use of Self equips therapists with the skills they need to deepen their alliances with clients to liberate themselves from an overreliance on models and to bring their whole selves to the therapeutic encounter Chapters cover pioneers in the field before exploring ways to bring ideas from outside the therapy room including from music art literature and film The book includes a key chapter on teletherapy and each

chapter presents major therapeutic tools and strategies case examples the resulting outcomes and key takeaways Students of psychology social work nursing and marriage and family programs as well as mental health professionals will benefit from this book with a plethora of therapeutic tools guidelines and strategies for catalyzing change with even the most challenging couples and families

The Art of Solution Focused Therapy Elliott Connie, Linda Metcalf, 2009-06-15 What is Solution Focused Therapy Solution Focused Therapy SFT is a unique goal directed therapy aimed at helping clients regain autonomy by determining and achieving their own goals Solution focused therapists encourage clients to focus on solutions not problems and help clients effectively plan how to reach their goals Unlike other therapies SFT holds an abiding belief in clients abilities to know what is best for them rather than have a therapist tell them Why this book This book not only provides an overview of the Solution Focused therapy model its basic tenets and theories it also presents intimate interviews with expert practitioners all of whom use SFT in their own practice To this end the book offers a wealth of insight into the theory and practice of SFT to help practitioners decide whether SFT is right for them and their clients These experts offer details of their apprehensions goals breakthroughs and overall experiences with the therapy The team of expert contributors includes Eve Lipchik Yvonne Dolan Alasdair Macdonald Thorana Nelson and many more Questions the experts address include How did you discover that SFT was the model that fit your clients needs What characteristics of this model drew you towards it How has SFT impacted your personal life What is it about SFT that makes it so effective What are your favorite cases and how did they affect your work as a therapist

Solution-Focused Brief Therapy Cynthia Franklin, Terry S. Trepper, Eric E. McCollum, Wallace J. Gingerich, 2011-08-25 With its rich assortment of resources this handbook is the definitive guide to solution focused brief therapy for scholars and mental health practitioners alike

Handbook of Interview Research Jaber F. Gubrium, James A. Holstein, 2002 The Handbook of Interview Research is the most ambitious attempt yet at examining the place of the interview in contemporary society Interviewing is the predominant mode of research in the social sciences It is also the stock in trade of information seekers in organizations and institutions of all kinds as well as in the mass media Across the board interviews provide today's leading window on the world of experience The Handbook offers a comprehensive examination of the interview at the cutting edge of information technology Drawing upon leading experts from a wide range of professional disciplines this book addresses conceptual and technical challenges that confront both academic researchers and interviewers with more applied goals From interview theory to the nuts and bolts of the interview process the coverage is impressively broad and authoritative The Handbook of Interview Research is both encyclopedic and thematic As an encyclopedia it provides extensive discussions of the methodological issues now surrounding interview practice offering a multi faceted assessment of what has become the method of choice for obtaining personal information in today's society But the Handbook also is a story which spins a particular tale of interviewing one that moves from the commonly recognized individual interview to what is called the interview society The gist of the presentation

is that we can no longer regard the interview as simply an instrument for gathering data but must now also view it an integral part of society

Beyond Technique in Solution-Focused Therapy Eve Lipchik, 2011-09-12 Solution focused therapy is often misunderstood to be no more than the techniques it is famous for pragmatic future oriented questions that encourage clients to reconceptualize their problems and build on their strengths Yet when applied in a one size fits all manner these techniques may produce disappointing results and leave clinicians wondering where they have gone wrong This volume adds a vital dimension to the SFT literature providing a rich theoretical framework to facilitate nonformulaic clinical decision making The focus is on how attention to emotional issues traditionally not emphasized in brief strengths based interventions can help unstuck difficult situations and pave the way to successful solutions

Family Therapy Review Anne Hearon Rambo, AnnaLynn Schooley, 2013 Designed for MFT students or those just beginning in the field this text presents a case study and provides examples of how different models of marriage and family therapy such as brief therapies integrative models and strategic therapies handle the case

Case Studies in Couples Therapy David K. Carson, Montserrat Casado-Kehoe, 2013-06-19 This up to date highly readable theory based and application oriented book fills a crucial void in literature on couple therapy Few books in the couple therapy market bridge the gap between theory and practice texts tend to lean in one direction or the other either emphasizing theory and research with little practical application or taking a cookbook approach that describes specific techniques and interventions that are divorced from any conceptual or theoretical base However couples therapy requires a high degree of abstract conceptual thinking as well as ingenuity inventiveness and skill on the part of the therapist Case Studies in Couples Therapy blends the best of all worlds clinical applications with challenging and diverse couples that have been derived from the most influential theories and models in couples and family therapy all written by highly experienced and respected voices in the field In Case Studies in Couples Therapy readers will grasp the essentials of major theories and approaches in a few pages and then see how concepts and principles are applied in the work of well known clinicians The case studies incorporate a wide variety of couples from diverse backgrounds in a number of different life situations It is simultaneously narrow including specific processes and interventions applied with real clients and broad clearly outlining a broad array of theories and concepts in scope and the interventions in it are directly linked to theoretical perspectives in a clear and systematic way Students and clinicians alike will find the theoretical overview sections of each chapter clear and easy to follow and each chapter s thorough descriptions of effective practical interventions will give readers a strong sense of the connections between theory and practice

Therapy as Discourse Olga Smoliak, Tom Strong, 2018-08-14 This book addresses the premise that therapy can be understood practiced and researched as a discursive activity Using varied forms of discourse analysis it examines the cultural institutional and face to face communications that shape and occur within therapies that are discursively understood and practiced By first providing an overview of commonalities across discursive therapies and research approaches the authors discursively examine general

aspects of therapy Topics explored include subjectivity psychological terms institutional influences therapeutic relationships therapists ways of talking and questioning discursive ethics and assessment of therapeutic processes and outcomes This book offers a macro analysis of the conversational practices of a discursively informed approach to therapy as well as a micro analysis of the ways in which language shapes and is used in a discursively informed approach to therapy This book will interest practitioners seeking to better understand therapy as a discursive process and discourse analysts wanting to understand therapy as discursive therapists might practice it **Working with High-Risk Adolescents** Matthew D. Selekman, 2018-11-22 This innovative book focuses on helping high risk adolescents and their families rapidly resolve long

standing difficulties Matthew D Selekman spells out a range of solution focused strategies and other techniques illustrating their implementation with vivid case examples His approach augments individual and family sessions with collaborative meetings that enlist the strengths of the adolescent s social network and key helping professionals from larger systems User friendly features include checklists sample questions to aid in relationship building and goal setting and reproducible forms that can be downloaded and printed in a convenient 8 1 2 x 11 size Blending family therapy science with therapeutic artistry the book significantly refines and updates the approach originally presented in Selekman s Pathways to Change **The**

Practice of Collaborative Counseling and Psychotherapy David Pare, 2012-12-19 The Practice of Collaborative Counseling and Psychotherapy Developing Skills in Culturally Mindful Helping is a comprehensive introduction to counseling and psychotherapy skills designed to teach future practitioners how to develop and foster collaborative relationships with their clients Keeping power relations and cultural diversity at the forefront Pare s text examines step by step the skills involved in collaborative therapeutic conversation an approach that encourages a contextual view of clients and counteracts longstanding traditions of focusing primarily on individual pathology Indeed this insightful text teaches students how to keep clients at the heart of their therapy treatment by actively engaging them in the helping process *Brief Therapy with*

Intimidating Cases Richard Fisch, Karin Schlanger, 1999 The practical techniques presented in this timely book are based on the authors more than fifty years combined clinical experience in both private practice and at Palo Alto s acclaimed Mental Research Institute BOOK JACKET
