Evolving Self In The Novels Of Gail Godwin:

The Evolving Self in the Novels of Gail Godwin Lihong Xie,1995 As Xie leads us through these works we find Godwin s evolving heroines emerging out of lively intense sometimes painful dialogue with both the self past present and future and the social world of family birthplace culture and friendships Contemporary American Women Fiction Writers Laurie Champion, Rhonda Austin, 2002-11-30 American women writers have long been creating an extraordinarily diverse and vital body of fiction particularly in the decades since World War II Recent authors have benefited from the struggles of their predecessors who broke through barriers that denied women opportunities for self expression This reference highlights American women writers who continue to build upon the formerly male dominated canon Included are alphabetically arranged entries for more than 60 American women writers of diverse ethnicity who wrote or published their most significant fiction after World War II Each entry is written by an expert contributor and includes L DBLA brief biography L DBLA discussion of major works and themes DBLA survey of the writer s critical reception L DBLA bibliography of primary and secondary sources Encyclopedia of Contemporary Christian Fiction Nancy M. Tischler, 2009-09-10 A biographical encyclopedia of American and British Christian themed writers from World War II to the present covering acclaimed literary works and popular evangelical fiction Encyclopedia of Contemporary Christian Fiction From C S Lewis to Left Behind spans the entire breadth of Christian themed British and American writing from World War II to the present well known and less familiar authors acclaimed literary novels and popular writing in a variety of genres mysteries thrillers romances works that explore matters of faith works that challenge orthodoxy and church practices and works wholly written by and for devout evangelicals Encyclopedia of Contemporary Christian Fiction offers 90 alphabetically organized entries covering the field s most important writers Each entry includes a brief biography religious and educational background a survey of major works and themes and a summary of critical response as well as a bibliography of major works and criticism By examining evocative sometimes overlooked Christian elements in modern fiction and by exploring the depth and scope of popular evangelical fiction Encyclopedia of Contemporary Christian Fiction offers the richest most complete portrait of the role of faith in modern English writing ever published Twentieth-Century and Contemporary American Literature in Context Linda De Roche, 2021-06-04 This four volume reference work surveys American literature from the early 20th century to the present day featuring a diverse range of American works and authors and an expansive selection of primary source materials Bringing useful and engaging material into the classroom this four volume set covers more than a century of American literary history from 1900 to the present Twentieth Century and Contemporary American Literature in Context profiles authors and their works and provides overviews of literary movements and genres through which readers will understand the historical cultural and political contexts that have shaped American writing Twentieth Century and Contemporary American Literature in Context provides wide coverage of authors works genres and movements that are emblematic of the diversity of

modern America Not only are major literary movements represented such as the Beats but this work also highlights the emergence and development of modern Native American literature African American literature and other representative groups that showcase the diversity of American letters A rich selection of primary documents and background material provides indispensable information for student research **The Evolving Self** Xie Lihong, 1990 Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this The Intellectual in Twentieth-Century Southern Literature Tara Powell, 2012-01-09 Never in its long history has the South provided an entirely comfortable home for the intellectual In this thought provoking contribution to the field of southern studies Tara Powell considers the evolving ways that major post World War II southern writers have portrayed intellectuals from Flannery O Connor's ironic view of interleckchuls to Gail Godwin's southerners striving to feel at home in the academic world Although Walker Percy like his fellow Catholic writer O Connor explicitly rejected the intellectual label for himself he nonetheless introduced the modern novel of ideas to southern letters Powell shows by placing sympathetic non caricatured intellectuals at the center of his influential works North Carolinians Doris Betts and her student Tim McLaurin made their living teaching literature and creative writing in academia and Betts's fiction often includes dislocated academics while McLaurin's superb memoirs often funny frequently point up the limitations of the mind as opposed to the heart and the spirit Examining works by Ernest Gaines Alice Walker and Randall Kenan Powell traces the evolution of the black American literacy narrative from a stress on the post Emancipation conviction which saw formal education as an essential means of resisting oppression to the growing suspicion in the post civil rights era of literacy acts that may estrange educated blacks from the larger black community Powell concludes with Godwin who embraces university life in her fiction as she explores what it means to be a southern female intellectual in the modern world a world in which all those markers inscribe isolation Contemporary Southern Writers Roger Matuz, 1999 Profiles of writers from the American South including lists of their works This single title far surpasses competing resources with its 250 biocritical signed entries on today s most frequently studied Southern novelists short Story writers poets dramatists editors journalists and writers of nonfiction And by carrying on the highly praised St James tradition of excellence Contemporary Southern Writers provides students of literature with a one stop comprehensive academic reference created specifically for students instructors and librarians Critical Survey of Short Fiction: James T. Farrell - W.W. Jacobs Charles Edward May, Frank Northen Magill, 2001 Profiles more than four hundred authors of short fiction from around the world presenting biographical and bibliographic information and summaries of major works Also includes a reference volume with a chronology a bibliography lists of major award winners twenty nine essays on short fiction history theory and world cultures and three indexes **Her Quest for Self: a Journey** Gayreen Lyngdoh, 2015-10-14 To journey into the pages of this book is to journey into the colourful world of Chinese and Chinese American culture into slivers of history into gender politics into

myth and perhaps even into ourselves In the private struggles and triumphs of Pearl S Bucks and Amy Tans women characters in their quest to re frame and re define themselves and their lives echo the universal experience of women in time and space the stories of love and loss the yearnings and heartaches the joys and sorrows the laughter and the tears and above all their quiet strength and resilience in the face of great odds and injustices that more often than not have marked the female experience through generations The book will no doubt strike a chord in the hearts of the readers and offer a fascinating insight into the heart of a womans world and what it is to be a woman Pearl S Buck and Amy Tan the two authors revisited in this book may both be described as writers who have in their own ways written about the lives of women Through their work they challenged patriarchal assumptions about women by attempting to fashion a distinctive feminine voice that allows for the articulation of womens experiences in their own voices and or through the female perspective This book takes a re look at the women characters in select novels of these two writers examining and analysing their experiences and subjectivities as they journey in quest of the self Special attention is drawn to the role of stories storytelling as a potent means of female expression and of bridging multifarious human divides The urgency of reframing and reinterpreting popular myths as a way of critiquing and changing mindsets where these need to be changed is also explored in depth The book is therefore a critical and insightful study of the works of two women that although written in different periods yet intersect in these pages The novels studied are those relating specifically to China and the Chinese Chinese American experience the main subject being the Chinese woman both in her own local space as well as outside of it Storytelling enables the transmission and perpetuation of values culture and history which as depicted here are crucial to self knowledge and to an understanding of ones place and identity in the universe The self that is represented in these novels therefore is not a self in isolation but a self that is a part and parcel of the human tapestry where race gender culture and history meet and intersect

 the South's literary landscape past and present this volume of The New Encyclopedia of Southern Culture celebrates the region's ever flourishing literary culture and recognizes the ongoing evolution of the southern literary canon As new writers draw upon and reshape previous traditions southern literature has broadened and deepened its connections not just to the American literary mainstream but also to world literatures a development thoughtfully explored in the essays here Greatly expanding the content of the literature section in the original Encyclopedia this volume includes 31 thematic essays addressing major genres of literature theoretical categories such as regionalism the southern gothic and agrarianism and themes in southern writing such as food religion and sexuality Most striking is the fivefold increase in the number of biographical entries which introduce southern novelists playwrights poets and critics Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship Now and Then .1997 American Literary Scholarship, 1995 **Choice** ,1996 New Books on Women and Feminism ,1995 Books in Print Supplement, 1994
