Evreii Din Romania 19191938 The Jews From Romania 19191938:

Jews and Germans in Eastern Europe Tobias Grill,2018-09-24 For many centuries Jews and Germans were economically and culturally of significant importance in East Central and Eastern Europe Since both groups had a very similar background of origin Central Europe and spoke languages which are related to each other German Yiddish the question arises to what extent Jews and Germans in Eastern Europe share common historical developments and experiences This volume aims to explore not only entanglements and interdependences of Jews and Germans in Eastern Europe from the late middle ages to the 20th century but also comparative aspects of these two communities Moreover the perception of Jews as Germans in this region is also discussed in detail *British Clandestine Activities in Romania during the Second World War* Dennis

Deletant,2016-04-08 *British Clandestine Activities in Romania during the Second World War* is the first monograph to examine the activity throughout the entire war of SOE and MI6 It was generally believed in Britain s War Office after Hitler s occupation of Austria in March 1938 that Germany would seek to impose its will on South East Europe before turning its attention towards Western Europe Given Romania s geographical position there was little Britain could offer her The brutal fact of British Romanian relations was that Germany was inconveniently in the way opportunity proximity of manufacture and the logistics of supply all told in favour of the Third Reich This held of course for military as well as economic matters In these circumstances the British concluded that their only weapon against German ambitions in countries which fell into Hitler s orbit were military subversive operations and a concomitant attempt to draw Romania out of her alliance with Germany *Romania, 1916-1941* Dennis Deletant,2022-08-19 This study challenges the rose tinted view of the interwar period in Romanian history which is often judged against the darkness of almost five decades of Communist rule Romania like several of the states of Eastern Europe emerged from the First World War as it had entered it as a predominantly agricultural country and one of its major problems was the condition of the peasantry This volume s focus is the drive to improve that condition on the collapse of democracy and the search by Romania s leaders for strategies to secure the state to assert the country s independence and to maintain its territorial integrity in the face of the threat to the European order posed by two totalitarian systems represented by Nazi Germany and the Soviet Union By examining recent scholarship this volume provides the most up to date account of Romania s predicament in the interwar years Romania 1916 1941 is a useful resource for upper level undergraduates postgraduates and scholars interested in foreign policy politics society internationalization and late development in interwar Central and Eastern Europe **Jewish Resistance to**

‘Romanianization’, 1940-44 S. Ionescu,2015-04-24 Ionescu examines the process of economic Romanianization of Bucharest during the Antonescu regime that targeted the property jobs and businesses of local Jews and Roma Gypsies and their legal resistance strategies to such an unjust policy **Inventing the Jew** Andrei Oisteanu,2009-05-01 *Inventing the Jew* follows the evolution of stereotypes of Jews from the level of traditional Romanian and other Central East European

cultures their legends fairy tales ballads carols anecdotes superstitions and iconographic representations to that of high cultures including literature essays journalism and sociopolitical writings showing how motifs specific to folkloric antisemitism migrated to intellectual antisemitism This comparative perspective also highlights how the images of Jews have differed from that of other strangers such as Hungarians Germans Roma Turks *Evreii din România, 1919-1938* Carol Iancu, 2000 *Liberalism, Constitutional Nationalism, and Minorities* Constantin Iordachi, 2019-06-17 Winner of the 2019 CEU Award for Outstanding Research This book documents the making of Romanian citizenship from 1750 to 1918 as a series of acts of national self determination by the Romanians as well as the emancipation of subordinated gender social and ethno religious groups It focuses on the progression of a sum of transnational questions that were at the heart of North Atlantic European and local politics during the long nineteenth century concerning the status of peasants women Greeks Jews Roma Armenians Muslims and Dobrudjans The analysis emphasizes the fusion between nationalism and liberalism and the emancipatory impact national liberalism had on the transition from the Old Regime to the modern order of the nation state While emphasizing liberalism s many achievements the study critically scrutinizes the liberal doctrine of legal political capacity and the dark side of nationalism marked by tendencies toward exclusion It highlights the challenges nascent liberal democracies face in the process of consolidation and the enduring appeal of illiberalism in periods of upheaval represented mainly by nativism The book s innovative interdisciplinary approach to citizenship in the Ottoman and post Ottoman Balkans and the richness of the sources employed appeal to a diverse readership **Cooperatives in Ethnic Conflicts** Torsten Lorenz, 2006 **The Romanian Orthodox Church and the Holocaust** Ion Popa, 2017-09-11 An important book that delves into the role of religious authorities in Romania during the Holocaust and the continuing effects today Antisemitism Studies In 1930 about 750 000 Jews called Romania home At the end of World War II approximately half of them survived Only recently after the fall of Communism are details of the history of the Holocaust in Romania coming to light Ion Popa explores this history by scrutinizing the role of the Romanian Orthodox Church from 1938 to the present day Popa unveils and questions whitewashing myths that covered up the role of the church in supporting official antisemitic policies of the Romanian government He analyzes the church s relationship with the Jewish community in Romania with Judaism and with the state of Israel as well as the extent to which the church recognizes its part in the persecution and destruction of Romanian Jews Popa s highly original analysis illuminates how the church responded to accusations regarding its involvement in the Holocaust the part it played in buttressing the wall of Holocaust denial and how Holocaust memory has been shaped in Romania today **History of Romania** Susana Andea, 2006 **Territorial Revisionism and the Allies of Germany in the Second World War** Marina Cattaruzza, Stefan Dyroff, Dieter Langewiesche, 2012-12-01 A few years after the Nazis came to power in Germany an alliance of states and nationalistic movements formed revolving around the German axis That alliance the states involved and the interplay between their territorial aims and those of Germany during the

interwar period and World War II are at the core of this volume. This territorial revisionism came to include all manner of political and military measures that attempted to change existing borders. Taking into account not just interethnic relations but also the motivations of states and nationalizing ethnocratic ruling elites, this volume reconceptualizes the history of East Central Europe during World War II. In so doing, it presents a clearer understanding of some of the central topics in the history of the war itself and offers an alternative to standard German accounts of the period and East European national histories.

Re-contextualising East Central European History Robert Pyrah, 2017-12-02. Twenty years after the fall of Communism, scholarship on East Central Europe has adopted mainstream western methodologies but remains preoccupied with a narrow range of themes. Nationalism, identity, fin de siècle art and culture, and revisionist historiography dominate the field to the detriment of other subjects. Using a variety of lenses—literary, political, linguistic, medical—the authors address a conspectus of original themes, including Jewish literary life in interwar Romania, the Galician Alphabet War, and Saxon eugenics in Transylvania. These case studies transcend their East Central European context by engaging with conceptually broad questions. This volume additionally contains a comprehensive Introduction and topical Bibliography of use to students and teachers, resulting in one of the most creative collections of studies dealing with East Central Europe to date. This volume has its roots in an interdisciplinary seminar at the University of Oxford, bringing together emerging and established scholars with the explicit aim of broadening the study of this region, its history and culture, beyond the established paradigms. Robert Pyrah is a Research Fellow at St Antony's College and an authority on theatre and cultural politics in Austria and post-Habsburg central Europe. Marius Turda is founder of the International Working Group on the History of Race and Eugenics based at Oxford Brookes University.

Performing Modernism Alexandra Chiriac, 2022-07-18. Der Band befasst sich mit der Moderne in Design und darstellender Kunst im Rumänien der Zwischenkriegszeit. Er folgt den transnationalen Wegen bemerkenswerter jüdischer Künstlerinnen, Schauspielerinnen und Regisseurinnen der Avantgarde, die in den 1920er und 30er Jahren in Bukarest tätig waren. Das Buch deckt einerseits die Geschichte von Bukarests erster moderner Designinstitution auf und untersucht die Verbindungen zu deutschem Design und Bauhaus. Der Fokus liegt andererseits auf innovativen Kollaborationen im Bereich des jiddischen Theaters, darunter der Aufenthalt der weltbekannten Wilnaer Truppe in Rumänien. Die Autorin zeigt auf, wie Bukarest mit Berlin, Riga und Chicago in Verbindung stand und beleuchtet den Beitrag jüdischen Kulturschaffens zur Avantgardebewegung in Europa und darüber hinaus.

Holy Legionary Youth Roland Clark, 2015-06-05. Founded in 1927, Romania's Legion of the Archangel Michael was one of Europe's largest and longest-lived fascist social movements. In *Holy Legionary Youth*, Roland Clark draws on oral histories, memoirs, and substantial research in the archives of the Romanian secret police to provide the most comprehensive account of the Legion in English to date. Clark approaches Romanian fascism by asking what membership in the Legion meant to young Romanian men and women. Viewing fascism from below as a social category that had practical consequences for those who embraced it, he shows how the

personal significance of fascism emerged out of Legionaries interactions with each other the state other political parties families and friends and fascist groups abroad Official repression fascist spectacle and the frequency and nature of legionary activities changed a person's everyday activities and relationships in profound ways Clark's sweeping history traces fascist organizing in interwar Romania to nineteenth century grassroots nationalist movements that demanded political independence from the Austro-Hungarian Empire It also shows how closely the movement was associated with the Romanian Orthodox Church and how the uniforms marches and rituals were inspired by the muscular martial aesthetic of fascism elsewhere in Europe Although antisemitism was a key feature of official fascist ideology state violence against Legionaries rather than the extensive fascist violence against Jews had a far greater impact on how Romanians viewed the movement and their role in it Approaching fascism in interwar Romania as an everyday practice Holy Legionary Youth offers a new perspective on European fascism highlighting how ordinary people performed fascism by working together to promote a unique and totalizing social identity

Resisting Persecution Thomas Pegelow Kaplan, Wolf Gruner, 2020-06-05 Since antiquity European Jewish diaspora communities have used formal appeals to secular and religious authorities to secure favors or protection Such petitioning took on particular significance in modern dictatorships often as the only tool left for voicing political opposition During the Holocaust tens of thousands of European Jews turned to individual and collective petitions in the face of state sponsored violence This volume offers the first extensive analysis of petitions authored by Jews in nations ruled by the Nazis and their allies It demonstrates their underappreciated value as a historical source and reveals the many attempts of European Jews to resist intensifying persecution and actively struggle for survival

The History of the Jews in Romania Paul Cernovodeanu, Raphael Vago, Liviu Rotman, Carol Iancu, Judy Krausz, Haim Watzman, 2005

Antisemitism in Eastern Europe Hans-Christian Petersen, Samuel Salzborn, 2010 Europe is expanding and therewith remembers its historical basis which was hidden beneath the shadow of the Cold War for a long time This return of a common history which is mostly narrated as a history of success today however contains the perception of transnational traditions at the same time which by contrast should give reason for a critical self reflection This volume gives an impulse through a comparative examination of the still highly actual forms of antisemitism in Europe The focus will be on the developments in the countries from the Baltic States to South Eastern Europe which usually are little known in Western Europe At the same time the specificities of antisemitism in Eastern Europe are incorporated in the theoretical insights of antisemitism research thus filling a gap that has existed until now

The Origins and Onset of the Romanian Holocaust Henry Eaton, 2013-05-15 The first mass killings of the Romanian Holocaust in late June to early July 1941 brutally claimed thousands of victims and marked the beginning of the government's plan to cleanse the land of Jews Moreover of all the Third Reich's allies only Romania undertook its genocide campaign without the intervention of Himmler's SS In *The Origins and Onset of the Romanian Holocaust* author Henry Eaton traces the historical path to this tragedy by examining

both Romania's antisemitic history and looking at the initial mass killings in detail First Eaton traces the roots of the Romanian government's decision to exterminate Jews in Romania and in its annexed areas through its long and often violent antisemitic past While the decision to target the Jews might have been ordered by dictator Ion Antonescu and his top civil and military officials Eaton argues that it found its basis in an entrenched cultural abuse of Jews dating back to the nineteenth century In the second section Eaton analyzes the Romanian government's first killing operations the execution of 311 Jewish men women and children at St nca Rosnovanu by men of the Romanian 6th Cavalry Regiment the great pogrom in the city of Iasi triggered by agents of the government's intelligence service and the two death trains in which some 2 700 pogrom survivors perished in freight cars turned into ovens by the summer heat In the final chapters Eaton examines the victims and perpetrators in detail and addresses the possible German connections to the killings The Origins and Onset of the Romanian Holocaust persuasively challenges the idea that Romania's adoption of murder as state policy was due to outside pressure Eaton's volume will be illuminating reading for Holocaust studies scholars and readers interested in World War II history

Less than Nations Giuseppe Motta, 2014-03-25 *Less than Nations* Central Eastern European Minorities after WWI represents the result of research that the author has carried over recent years and was facilitated by the 2008 PRIN project Programmi di Ricerca di Rilevante Interesse Nazionale and the 2010 Sapienza Research funds The book analyses the conditions of national minorities after World War I when the geo political map of Central Eastern Europe was redefined by international diplomacy The new settlements were based on the principle of national self determination and were conditioned by the geographic reality of Central Eastern Europe where states and nations rarely coincided As a consequence the minority question emerged as one of the most troublesome issues during the interwar period and affected international relations and the internal conditions of many states The minority question was discussed by historiography and by international observers and became an integral part of the system which was centred around the League of Nations This work begins with the study of the relationships between the states and their minorities and of the international dimension of this question which animated the fight between revisionist and anti revisionist states The documents of the Italian Army's General Staff and of the League of Nations represent the main historical sources of this book which carries out a complete study of the difficult situation of 1918 1920 when the new states annexed many contested regions within their frontiers and of the numerous controversies concerning the application of international treaties and national regulations in relation to the protection of minorities The second volume of the book analyses some special aspects of this question and focuses on the interpretation of some particular cases which had an outstanding role in the definition of the international framework The massacres of the Armenians in the Ottoman Empire and of the Jews in Eastern Europe for example alarmed the international community and contributed to the 1919 emergency of minority rights The role of Kin States such as Germany and Hungary instead characterized the entire interwar period and conditioned the stability of Europe and the League of Nations Finally special

cases like those of Slovakia and Bosnia are also helpful in understanding the ideas of nation and minority and how conceptualisations of the latter have changed throughout the last century

La "primauté de la nation roumaine" et les "étrangers" Philippe Henri Blasen, 2022-01-01

La primauté de la nation roumaine et les étrangers examine la politique minoritaire du gouvernement Goga et du régime personnel du roi Carol II de Roumanie dit dictature royale par le biais de l'accès au travail la liberté du travail que l'état roumain accordait ou refusait aux minorités ethniques. Le livre se focalise surtout sur le traitement des minorités hongroise allemande juive et ukrainienne. Il montre comment le gouvernement Goga cherchait tirer du capital électoral de sa politique l'égard des Juifs et des autres minorités et comment le régime de Carol II l'utilisait également des fins de politique étrangère pour préserver l'intégrité territoriale de la Grande Roumanie. L'ouvrage relève deux innovations du régime de Carol II d'une part le statut des minorités d'août 1938 et de l'autre la législation explicitement antisémite d'août 1940. Il met en évidence que la politique du travail pratiquée par le régime royal l'égard des minorités produisait des coûts économiques et sociaux considérables pour les minoritaires les Roumains ethniques et l'état roumain. Il souligne qu'elle ne permettait ni de sauvegarder la Grande Roumanie ni de vaincre ou de rallier la Légion de l'Archange Michel le mouvement d'extrême droite rival de Carol II.
