*Edward Weston* Edward Weston, 1995-10-30 This new book surveys Edward Weston's work more comprehensively and exhaustively than any previous work. A combination of biography and critical analysis, it offers more than 320 meticulously reproduced duotone images, nearly a quarter of which have never been reproduced in books before. The selected photographs trace Weston's career from his early days through formative years in Mexico and on through the balance of his career, which ended because of the onset of Parkinson's disease ten years prior to his death in 1958. Treated chronologically and emphasizing Weston's creative preoccupations in each period, the book includes work that he created in 1938 and 1939 with funds from the first two Guggenheim Foundation grants ever awarded to a photographer. To illustrate the book, vintage prints have been selected from the copious Weston Archives at the Center for Creative Photography in Tucson, Arizona, and the highly important Lane Collection at the Boston Museum of Fine Arts. Nearly 10,000 photographs have been examined in order to select those reproduced in the book.      The Grove Encyclopedia of American Art Joan M. Marter, 2011 Arranged in alphabetical order, these 5 volumes encompass the history of the cultural development of America with over 2300 entries.

Bunnell, David Featherstone, 1986      **Weston and Charlot** Lew Andrews, 2011-12-01 Edward Weston 1886-1958 was one of the most celebrated photographers of the twentieth century. Jean Charlot 1898-1979, a classically trained French artist best known for his murals, woodcuts, and paintings celebrating Mexican culture, played a key role as a participant and chronicler of the Mexican Renaissance. This book, based on letters that Weston and Charlot exchanged from the early 1920s until Weston's death in 1958, documents a friendship that says as much about art, about photography, and fresco practice, criticism, and history as it does about the intersection of a number of fascinating characters, the ups and downs of the correspondents' daily lives, the pursuit of their dreams and aspirations, and the support and encouragement they gave each other. Lew Andrews crafts a multivalent narrative that reconfigures our understanding of Weston, Charlot, and their era, shedding new light on specific events and artwork. While giving us rare insight into the everyday life of these artists, this work also supplies an important chapter in the history of twentieth-century art and photography, seen close up and from the inside.      Minor White, Memorable Fancies Minor White, 2025-03-04 The personal journals of one of postwar America's most influential photographers, published for the first time. One of the most

significant unpublished texts in the history of photography *Memorable Fancies* is the daybooks of Minor White an artist who played a leading role in shaping the practice of photography in postwar America Begun in the early 1930s and taking its name from a series of dialogues in William Blake's *The Marriage of Heaven and Hell* these writings are part diary part photography manual and part aesthetic treatise Minor White *Memorable Fancies* presents this work in its entirety for the first time offering an intimate look at the ideas and interior life of one of the most important photographers of the twentieth century In this beautifully illustrated volume art historian Todd Cronan sheds light on White's guiding concerns and the connections between White's writings and his public practice as a photographer and influential publisher and teacher White's journal is accompanied by an array of photographs by White as well as annotations that provide background and context illuminating White's life and career while capturing a vibrant and inventive moment in the history of modern photography Challenging our assumptions about photographic agency and the interplay between art and life Minor White *Memorable Fancies* engages deeply with the creative potential of photographic work the nature and effect of artworks on viewers and the formative role that chance plays in the production of photographs Distributed for the Princeton University Art Museum

*Lost Homelands* Audrey Goodman, 2022-02-08 Before the 1930s landscapes of the American Southwest represented the migrant's dream of a stable and bountiful homeland Around the time of the Great Depression however the Southwest suddenly became integrated into a much larger economic and cultural system Audrey Goodman examines how since that time these southwestern landscapes have come to reveal the resulting fragmentation of identity and community Through analyzing a variety of texts and images Goodman illuminates the ways that modern forces such as militarization environmental degradation internal migration and an increased border patrol presence have shattered the perception of a secure homeland in the Southwest The deceptive natural beauty of the Southwest deserts shields a dark history of trauma and decimation that has remained as a shadow on the region's psyche The first to really synthesize such wide ranging material about the effects of the atomic age in the Southwest Goodman realizes the value of combined visual and verbal art and uses it to put forth her own original ideas about reconstructing a new sense of homeland *Lost Homelands* reminds us of the adversity and dislocation suffered by people of the Southwest by looking at the ways that artists photographers filmmakers and writers have grappled with these problems for decades In assessing the ruination of the region however Goodman argues that those same artists and writers have begun to reassemble a new sense of homeland from these fragments

*The ^ADream Endures* Kevin Starr, 2002-11-28 What we now call the good life first appeared in California during the 1930s Motels home trailers drive ins barbecues beach life and surfing sports from polo and tennis and golf to mountain climbing and skiing sportswear a word coined at the time and sun suits were all a part of the good life perhaps California's most distinctive influence of the 1930s In *The Dream Endures* Kevin Starr shows how the good life prospered in California in pursuits such as film fiction leisure and architecture and helped to define American culture and society then and

for years to come Starr previously chronicled how Californians absorbed the thousand natural shocks of the Great Depression unemployment strikes Communist agitation reactionary conspiracies in *Endangered Dreams* the fourth volume of his classic history of California *In The Dream Endures* Starr reveals the other side of the picture examining the newly important places where the good life flourished like Los Angeles where Hollywood lived Palm Springs where Hollywood vacationed San Diego where the Navy went the California Institute of Technology in Pasadena where Einstein went and changed his view of the universe and college towns like Berkeley We read about the rich urban life of San Francisco and Los Angeles and in newly important communities like Carmel and San Simeon the home of William Randolph Hearst where each Thursday afternoon automobiles packed with Hollywood celebrities would arrive from Southern California for the long weekend at Hearst Castle The 1930s were the heyday of the Hollywood studios and Starr brilliantly captures Hollywood films and the society that surrounded the studios Starr offers an astute discussion of the European refugees who arrived in Hollywood during the period prominent European film actors and artists and the creative refugees who were drawn to Hollywood and Southern California in these years Igor Stravinsky Arnold Schoenberg Man Ray Bertolt Brecht Christopher Isherwood Aldous Huxley Thomas Mann and Franz Werfel Starr gives a fascinating account of how many of them attempted to recreate their European world in California and how others like Samuel Goldwyn provided stories and dreams for their adopted nation Starr reserves his greatest attention and most memorable writing for San Francisco For Starr despite the city's beauty and commercial importance San Francisco's most important achievement was the sense of well being it conferred on its citizens It was a city that magically belonged to everyone Whether discussing photographers like Edward Weston and Ansel Adams hard boiled fiction writers or the new breed of female star Marlene Dietrich Jean Harlow Bette Davis Carole Lombard and the improbable Mae West *The Dream Endures* is a brilliant social and cultural history in many ways the most far reaching and important of Starr's California books
