**The Exact Location of the Soul** Richard Selzer, 2002-03-06 Richard Selzer selects from his own classic essays culled from three decades of writing. Published along with his favorites are five new essays including *Phantom Vision* and *Braineath* and an introduction detailing the making of this virtuoso doctor writer. Compassionate, moving, and perversely funny, Richard Selzer's essays intimately connect us with profound questions of life and death.

**Soul Identity** Dennis Batchelder, 2007 You can't take it with you, but what if you could? Most people believe their souls outlive their bodies. Most people would find an organization that tracks their souls into the future and passes on their banked money and memories compelling. Scott Waverly isn't like most people. He spends his days finding and fixing computer security holes. And Scott is skeptical of his new client's claim that they have been calculating and tracking soul identities for almost twenty-six hundred years. Are they running a freaky cult? Or a sophisticated con job? Scott needs to save *Soul Identity* from an insider attack. Along the way, he discovers the importance of the bridges connecting people's lives.

**WHO OWNS JERUSALEM? Decoding Jerusalem's Indivisible Soul** BORNA AHADI, For millennia Jerusalem has stood as a nexus of faith and conflict where the sanctity of the holy clashes with the profane reality of conquest and occupation. From the Canaanites and Israelites to Crusaders, Ottomans, and today's contending Israeli and Palestinian claims, this ancient city's very existence has been a catalyst for unifying reverence and violent division. In this sweeping historical examination, Borna Ahadi takes readers on a deeply immersive journey that probes the complex narratives and clashing visions that have defined Jerusalem throughout the ages. Weaving together biblical accounts, archaeological research, and diverse cultural perspectives, the author unravels the intricate tapestry of traditions that have sacralized these revered stones while catalyzing their repetitive conquest. Why has this singular place nurtured sublime expressions of the divine and the intense pursuit of earthly domination? What deeper truths and symbols reside within its old walls? As the author guides us from Jerusalem's prehistoric origins through its monumental monuments and pivotal turning points, the haunting paradox at the city's heart emerges. Part gripping historical chronicle, part meditative spiritual exploration, *Who Owns Jerusalem* illuminates how the essence of the human condition, our duelling capacities for transcendence and tribalism, has been profoundly etched into Jerusalem's very existence. This book is a revelation for those seeking to finally understand the complexity of this universally cherished yet bitterly contested place.

**A Soul For Atonement** Crista McHugh, 2014-12-10 Arden Soulbearer has fought a god, defeated a necromancer, and driven enemy invaders out of her homeland. Now the only reward she desires is to marry the man who's been by her side through it all, her knight protector Dev. But with her happy ending almost in reach, an ancient crime returns to haunt them, and the punishment is Dev's death. A century ago, a Soulbearer stole a sacred relic from the Ornathians, and now their king demands a sacrifice of Dev's blood to lift the blight cursing his people. Arden's only hope to free Dev from the

king's prison is to find the relic But first she must outwit the one person who knows where the relic is Loku the God of Chaos whose soul resides within her *The Soul Always Remembers* Georgia Cates,2022-06-14 *The Soul Always Remembers* is a soul stirring multi genre tale of a southern romance that will captivate fans of *The Notebook* *The Time Traveler's Wife* and *Outlander* in this atypical love story about the transcending love between soul mates My name is Caroline Beaumont I appear to have it all beauty a successful career friends and family who adore me But I have a secret I was four years old when the past began reaching out to me Sometimes it came to me as a voice in my head Other times it presented as a vision of a lovely redhead and handsome dark haired man from decades ago The doctors call it schizophrenia They're wrong I have something else Something that doesn't have a name Something that modern medicine can't explain And I'm ready to embrace it

**Weighing the Soul: Scientific Discovery from the Brilliant to the Bizarre** Len Fisher, 2012-01-23 From the man who puts the fizz in physics Entertainment Weekly an entertaining and thought provoking foray into the science of the bizarre the peculiar and the downright nutty Winner of the IgNobel Prize in physics and the 2004 American Institute of Physics Science Writing Award Len Fisher showed just how much fun science can be in his enthusiastically praised debut *How to Dunk a Doughnut* In this new work he reveals that science sometimes takes a path through the ridiculous and the bizarre to discover that Nature often simply does not follow common sense One experiment involving a bed platform scales and a dying man seemed to prove that the soul weighed the same as a slice of bread But other no less fanciful experiments and ideas led to the fundamentals of our understanding of movement heat light and energy and such things as the discovery of electricity and the structure of DNA
