

Standardised Mini-Mental State Examination (SMMSE)

Please see accompanying guidelines for administration and scoring instructions

Say: *I am going to ask you some questions and give you some problems to solve. Please try to answer as best you can.*

1. Allow ten seconds for each reply. **Say:**

- | | |
|--|----|
| a) <i>What year is this?</i> (accept exact answer only) | /1 |
| b) <i>What season is this?</i> (during the last week of the old season or first week of a new season, accept either) | /1 |
| c) <i>What month is this?</i> (on the first day of a new month or the last day of the previous month, accept either) | /1 |
| d) <i>What is today's date?</i> (accept previous or next date) | /1 |
| e) <i>What day of the week is this?</i> (accept exact answer only) | /1 |

2. Allow ten seconds for each reply. **Say:**

- | | |
|--|----|
| a) <i>What country are we in?</i> (accept exact answer only) | /1 |
| b) <i>What state are we in?</i> (accept exact answer only) | /1 |
| c) <i>What city/town are we in?</i> (accept exact answer only) | /1 |
| d) <i><At home> What is the street address of this house?</i> (accept street name and house number or equivalent in rural areas) | /1 |
| <i><In facility> What is the name of this building?</i> (accept exact name of institution only) | /1 |
| e) <i><At home> What room are we in?</i> (accept exact answer only) | /1 |
| <i><In facility> What floor of the building are we on?</i> (accept exact answer only) | /1 |

3. **Say:** *I am going to name three objects. When I am finished, I want you to repeat them. Remember what they are because I am going to ask you to name them again in a few minutes (say slowly at approximately one-second intervals).*

Ball Car Man

For repeated use: Bell, jar, fan; bill, tar, can; bull, bar, pan

Say: *Please repeat the three items for me* (score one point for each correct reply on the first attempt) /3

Allow 20 seconds for reply; if the person did not repeat all three, repeat until they are learned or up to a maximum of five times (but only score first attempt)

4. **Say:** *Spell the word WORLD* (you may help the person to spell the word correctly). **Say:** *Now spell it backwards please* (allow 30 seconds; if the person cannot spell world even with assistance, score zero). Refer to accompanying guide for scoring instructions (score on reverse of this sheet)

/5

5. **Say:** *Now what were the three objects I asked you to remember?*

/3

(score one point for each correct answer regardless of order; allow ten seconds)

6. Show wristwatch. **Ask:** *What is this called?*

/1

Examination Notes In Psychiatry

Basant Puri, Annie Hall, Roger Ho

Examination Notes In Psychiatry:

Examination Notes in Psychiatry Peter Buckley, Del Prewette, Jonathan Byrd, Glynn Harrison, 2004-12-24 Over the last 20 years Examination Notes in Psychiatry has become one of the leading texts for trainee psychiatrists The 4th edition maintains the core of valuable information that is required by any would be psychiatrist but has been completely revised and updated Assessment and diagnosis form the foundation to each section but are now enhanced

Examination Notes in Psychiatry Jonathan Bird, 1992

Examination Notes in Psychiatry - Basic Sciences Gin Malhi, Alex Mitchell, 1999-11-22 This is an essential text for candidates preparing for postgraduate specialist exams in psychiatry particularly the MRCPsych This Basic Sciences volume is a companion to the successful Examination Notes in Psychiatry 3 e A postgraduate text which covers the clinical topics The basic sciences are often poorly understood by trainee psychiatrists although they form the foundation of clinical practice and are examined in detail particularly for the MRCPsych Part II examination This is a comprehensive text for the basic sciences offering a breadth of information at an appropriate level to meet the needs of the exam candidate

Examination Notes in Psychiatry 4th Edition Peter Buckley, Jonathan Bird, 2004 Over the last 20 years Examination Notes in Psychiatry has become one of the leading texts for trainee psychiatrists The 4th edition maintains the core of valuable information that is required by any would be psychiatrist but has been completely revised and updated Assessment and diagnosis form the foundation to each section but are now enhanced by the inclusion of treatment algorithms and evidence based medicine Changes to the nomenclature have been made to reflect current practice The fully revised reading lists lead the reader to the latest papers and publications and a glossary of relevant websites will provide even further resources whether during the revision process or for the professional requiring a rapid reference between consultations The sheer volume of essential information provided in a structured focused format makes Examination Notes in Psychiatry 4e essential reading for trainees psychiatrists and mental health professionals alike

Examination Notes in Psychiatry - Basic Sciences 2Ed Saj Malhi, Gin Malhi, 2005-11-25 Candidates for the MRCPsych examinations have often found the Basic Sciences component one of the hardest to pass and while it underpins all clinical practice it will continue to be a large part of the Part II syllabus The extremely popular Examination Notes in Psychiatry Basic Sciences has been fully revised and expanded for this second edition

Examination Notes in Psychiatry 4th Edition Peter Buckley, Del Prewette, Jonathan Byrd, Glynn Harrison, 2004-12-24 Over the last 20 years Examination Notes in Psychiatry has become one of the leading texts for trainee psychiatrists The 4th edition maintains the core of valuable information that is required by any would be psychiatrist but has been completely revised and updated Assessment and diagnosis form the foundation to each section but are now enhanced by the inclusion of treatment algorithms and evidence based medicine Changes to the nomenclature have been made to reflect current practice The fully revised reading lists lead the reader to the latest papers and publications and a glossary of relevant websites will provide even

further resources whether during the revision process or for the professional requiring a rapid reference between consultations The sheer volume of essential information provided in a structured focused format makes Examination Notes in Psychiatry 4e essential reading for trainees psychiatrists and mental health professionals alike *Examination Notes in Psychiatry - Basic Sciences 2Ed* Gin Malhi, 2005 Candidates for the MRCPsych examinations have often found the Basic Sciences component one of the hardest to pass and while it underpins all clinical practice it will continue to be a large part of the Part II syllabus The extremely popular Examination Notes in Psychiatry Basic Sciences has been fully revised and expanded for this second edition providing both the background and in depth knowledge that will enable trainees to tackle difficult subjects such as psychological assessment psychopharmacology and neuroimaging All the material has been reviewed in the light of new recommendations from the Royal College of Psychiatrists and the changes to the exam format and the book now covers every subject in a succinct easily absorbable style The text has been broken down into memorable parts highlighting key points with bullet points Anyone sitting the MRCPsych Part II exam will find this aide memoire invaluable

Examination Notes in Psychiatry, 3Ed Glynn Harrison, Jonathan Bird, Peter Buckley, 1995-10-31 Very substantial revision incorporating recent advances Extensive literature review citing up to date key references ICD 10 and DSM IV Popular format of headings and lists retained Remains a key revision aid and a comprehensive review of psychiatry Widely regarded as a popular and essential part of the MRCPsych candidates armament this third edition has been radically revised and extended It brings all of the curriculum topics of the Part II exam up to date and includes 1995 references where appropriate Recent developments such as novel treatments Clozapine community psychiatry initiatives and advances in biological psychiatry eg AIDS Alzheimer s Disease are be fully dealt with The aim of the book is to help psychiatric trainees with their revision and the text is presented in the form of definitions key facts figures and lists It was never intended as a substitute for wider reading rather it is an aide memoire both as a prelude to the exam and thereafter The original team of Dr Bird and Dr Harrison are now joined by Dr Peter Buckley He is closely involved in post graduate education in the USA and his contribution gives the book added emphasis in terms of classification and cited research This ensures the book s appeal not only in its traditional strongholds but also in North America and Australasia

Basic Notes in Psychiatry Michael Levi, 2005 Junior hospital psychiatrists general practitioners and medical students will find this book a valuable study aid as will psychiatric nurses psychiatric social workers psychiatric occupational therapists and clinical psychologists

Revision Notes in Psychiatry Basant Puri, Annie Hall, Roger Ho, 2013-11-12 Revision Notes in Psychiatry Third Edition continues to provide a clear and contemporary summary of clinical psychiatry and the scientific fundamentals of the discipline It is an essential study aid for all those preparing for postgraduate examinations in psychiatry and a superb reference for practising psychiatrists Structured to follow the enti

Basic Notes in Psychiatry M. Levi, 2013-06-29 The novice in psychiatry requires a skeletal framework which he can clothe progressively with more detail and sophisticated understanding Without structure

the naive in the subject must fail to orientate through to a clearer conceptualization of key and relevant issues in psychiatry today To allow for the acquisition of basic concepts review and revision any provisional framework should of necessity be concise and unpretentious In this book Dr Michael Levi has succeeded in creating a good starting point for the retention of new knowledge which can then be built on through diverse reading and clinical experience A Margo FRCPsych Consultant Psychiatrist IV Introduction The purpose of writing this book is to provide a concise summary of general adult psychiatry in the form of notes I have based these notes on what is generally regarded to be the most easily readable and evenly 1 written textbook for the MRCPsych examination The book is intended to have wide readership particularly among junior hospital psychiatrists general practitioners and medical students In addition the book will also be useful to psychiatric nurses psychiatric social workers and clinical psychologists Reference 1 Gelder M Gath D and Mayou R 1988 Oxford Textbook of Psychiatry Oxford Oxford Medical Publications v Acknowledgements I wish to thank Dr A Margo for writing the Foreword to this book

Revision Notes in Psychiatry, Second Edition Basant Puri, Anne Hall, 2004-06-25 Any candidate for the MRCPsych or equivalent postgraduate examinations will feel challenged by the daunting breadth of the syllabus as well as by the level of detail required Revision Notes in Psychiatry responds to that challenge by comprehensively presenting key up to date information across the whole spectrum of psychiatry and its scientific basis within a clear structure Since the highly successful publication of the first edition of Revision Notes in Psychiatry there have been many new discoveries within most fields of psychiatry and the subsequent updating of the MRCPsych is reflected in the second edition

Examination Notes in Psychiatry Jonathan Bird, Glyn Harrison, 1982 A comprehensive summary of psychiatric theory for those taking the MRCPsych examination

Essential Notes in Psychiatry Victor Olisah, 2012-04-27 Psychiatry is one of the major specialties of medicine and is concerned with the study and treatment of mental disorders In recent times the field is growing with the discovery of effective therapies and interventions that alleviate suffering in people with mental disorders This book of psychiatry is concise and clearly written so that it is usable for doctors in training students and clinicians dealing with psychiatric illness in everyday practice The book is a primer for those beginning to learn about emotional disorders and psychosocial consequences of severe physical and psychological trauma and violence Emphasis is placed on effective therapies and interventions for selected conditions such as dementia and suicide among others and the consequences of stress in the workplace The book also highlights important causes of mental disorders in children

Psychiatry Review and Canadian Certification Exam Preparation Guide James A. Bourgeois, Usha Parthasarathi, Ana Hategan, 2012-03-08 Psychiatry Review and Canadian Certification Exam Preparation Guide is the first exam preparation text intended specifically for candidates taking the Royal College of Physicians and Surgeons of Canada RCPSC psychiatry examination This concise single volume review contains Canadian specific content so that readers need not modify other sources but may rely on it as their primary source of preparation The volume is based on The American Psychiatric Publishing Board Review Guide for

Psychiatry and cites only validated sources used in other APP books so candidates can be assured of its content integrity It has been fully updated and it includes a multitude of features that will appeal to harried candidates The information presented is consistent with Canadian psychiatry practice References have been drawn from the Canadian psychiatric literature and laboratory units medication names and doses and the language employed are consistent with Canadian medicine and psychiatry The volume is organized according to familiar DSM IV classifications allowing readers to quickly locate the most appropriate chapter It does not neglect foundational knowledge however offering complete coverage of basic neuroanatomy as well as more advanced topics such as neuroimaging psychopharmacology and the cultural and legal aspects of psychiatric illness Quick reference tables summarizing diagnostic criteria for specific psychiatric disorders and other critical information are especially useful and abundant and A rigorous 200 question practice exam and answer guide provide a reality check for prospective exam takers The exam s structure reflects the actual board examination with question topics commingled and candidates seeking additional questions and annotated answers to enhance their preparation are referred to additional online self assessments The Psychiatry Review and Canadian Certification Exam Preparation Guide represents the best of psychiatric scholarship combined with insight into the RCPSC psychiatry exam and a keen eye for presenting the necessary information in a logical easy to remember manner This one stop resource is destined to become candidates constant companion in the months leading up to the exam and after
