Examinations Of Anne Askew:

The Examinations of Anne Askew Anne Askew,1996 As a spiritual autobiography historical document and carefully crafted polemic Askew s narrative of her imprisonment for heresy and her interrogation by officials of church and state gives insight into Reformation politics and society in England Two Examinations of the Worthy Servant of God, Maistris An Askew Anne Askew,John Foxe,2001 **Two Examinations of Anne Askew (Foxe)** Anne Askew,1563 **The Examinations of Anne Askew** Anne Askew,1996 **The Examinations of Anne Askew** Anne Askew,1996 In this vivid first person narrative Anne Askew 1521 1546 a member of the Reformed church records her imprisonment for heresy and her interrogation by officials of church and state in the last days of Henry VIII She represents herself arguing forcefully learnedly and wittily with her accusers pointing out their theological errors and refusing to be silent in public debate on religion As a spiritual autobiography a historical document and a carefully crafted polemic this work gives new insight into Reformation politics and society in England After Askew was burned at the stake in 1546 her work was immediately published by John Bale who wove his own historical commentary with her text to elucidate her role as a Protestant martyr Askew s work also exists in several early editions without Bale s commentary most importantly in John Foxe s Arts and Monuments 1563 This volume includes two texts the first edition of Askew s Examination s with Bale s Elucidation and Foxe s edition an uninterrupted version of her work The latest addition to the Women Writers in English series this book will have strong appeal for scholars and students of English Renaissance literature Reformation history and women s history **The First Examination of Anne Askew, 1546** ,1999 **The Examinations of Anne Askew, Lately Martyred in Smithfield by the Romish Pope's Upholders** ,1842 *The Acts and Monuments of John Foxe* John Foxe,1838 Secretaries of God Diane Watt,1997 The English women prophets and visionaries whose voices are recovered here all lived between the twelfth and the seventeenth centuries and claimed through the medium of trances and eucharistic piety to speak for God Through prophecy they were often able to intervene in the religious and political discourse of their times the role of God s secretary gave them the opportunity to act and speak autonomously and publicly Back cover *Death, Torture and the Broken Body in European Art, 1300-1650* Dr John R Decker,Dr Mitzi Kirkland-Ives,2015-01-28 Bodies mangled limbs broken skin flayed blood spilled the art of the late medieval and early modern periods contains myriad examples of spectacular unmaking The martyrdoms of saints stories of justice and reports of the atrocities of war provided fertile ground for scenes of bodily desecration Contributors to this volume explore the larger social functions that pain suffering and the desecration of the human form played in European society More Than a Memory Johan Leemans,2005 Throughout its history persecutions and martyrdom have been Christianity s faithful companions Remarkably enough Christians have always valued martyrdom in a positive way This positive evaluation of martyrdom most certainly has to do with the absolute uncompromising nature of it The martyrs lives and deaths represent the most uncompromising of answers to the divine call The focus of the

contributions in this volume is not in the first place on reconstructing the historical events of the martyr's life and death wie es eigentlich gewesen ist but on the discourse generated by this event as mediated in texts More than a Memory aims to explore the reciprocal relationship between this discourse of martyrdom and the construction of Christian identity It will do so by presenting a number of test cases in which this dynamic can be seen at work They will lead the reader through the entire history of Christianity starting with the Martyrdom of Lyons and Vienne in the second century and ending in the Latin America of the 1960 s Each article will present a test case of discourse analysis attempting to explore the issue of how a document or coherent group of documents contributed to create a distinct Christian identity Taken together the essays provide an array of examples of how martyrdom impinged on the way Christian identity has been negotiated in the Christian past In doing this the volume at the same time illustrates the sheer importance of martyrdom and the reflection and writing about it throughout the history of Christianity until today

English Evangelicals and Tudor Obedience, c.1527-1570 Ryan Reeves, 2013-11-29 The heart of this book lies in the important discovery that a pivotal Tudor argument in favor of the Royal Supremacy the argument from Psalm 82 that earthly kings are gods on this earth is in fact Zwinglian in origin This teaching from Psalm 82 which originated in Zurich in the mid 1520s was soon used extensively in England to justify the Supremacy and English evangelicals from Tyndale to Cranmer unanimously embraced this Protestant argument in their writings on political obedience The discovery of this link shows conclusive textual proof of the Zurich Connection between Swiss political teachings and those popular under Tudor kings This study argues then that evangelical attitudes towards royal authority were motivated by the assumption that Protestantism supported godly kingship over against papal tyranny As such it is the first monograph to find a vital connection between early Swiss Protestant similar teachings on obedience and later teachings by evangelicals

Henry VIII's Imprisoned Women Neha Roy, 2023-04-06 The year is 1534 Henry VIII sits on the throne of England He has set aside his first wife Queen Katharine of Aragon and has married a second time The marriage to Anne Boleyn brings a new wave of Reformation in England dividing the people and even leading to arrests and executions even that of some noteworthy people The stories of women including Henry's two queens who were persecuted condemned and ultimately executed will be explored in this book Alice Tankerville the first woman to escape the infamous Tower of London albeit for a short while Elizabeth Barton The Nun of Kent and the only woman to be dealt the dishonor of having her head spiked on London Bridge Queen Anne Boleyn whose fall was as tragically spectacular as her rise to fame Margaret Pole the last living Plantagenet princess who was denounced as a traitor and met a merciless end in her twilight years Queen Katheryn Howard whose daring yet seemingly foolish decisions ultimately led to her downfall and finally Anne Askew the brave Protestant who gained infamy as the only woman to be racked at the Tower Through the lives of these women we will get a glimpse into the reign of the capricious monarch who changed the face of England forever Apart from this the book will also delve into the history of the Tower of London provide a brief glimpse into the life of Tudor women and also into the lives

of some noteworthy people of that era **A Biographical Encyclopedia of Early Modern Englishwomen** Carole Levin, Anna Riehl Bertolet, Jo Eldridge Carney, 2016-11-03 From the exemplary to the notorious to the obscure this comprehensive and innovative encyclopedia showcases the worthy women of early modern England Poets princesses or pirates the women of power and agency found in these pages are indeed worth knowing and this volume will introduce many female figures to even the most established scholars in early modern studies Rather than using the conventional alphabetical format of the standard biographical encyclopedia this volume is divided into categories of women Since many women will fit in more than one category each woman is placed in the category that best exemplifies her life and is cross referenced in other appropriate sections This structure makes the book an interesting read for seasoned scholars of early modern women while students need not already be familiar with these subjects in order to benefit from the text Another unusual feature of this reference work is that each entry begins with some incident from the woman's life that is particularly exciting or significant Some entries are very brief while others are extensive Each includes a source listing The book is well illustrated and liberally sprinkled with quotations of the time either by or about the women in the text *The Letter from Prison* W. Clark Gilpin, 2024-06-24 Letters from prison testifying to deeply felt ethical principles have a long history extending from antiquity to the present day In the early modern era the rise of printing houses helped turn these letters into a powerful form of political and religious resistance W. Clark Gilpin's fascinating book examines how letter writers in England ranging from archbishops to Quaker women consolidated the prison letter as a literary form Drawing from a large collection of printed prison letters written from the reign of Henry VIII to the closing decades of the seventeenth century Gilpin explores the genre's many facets within evolving contexts of reformation and revolution The writers of these letters portrayed the prisoner of conscience as a distinct persona and the prison as a place of redemptive suffering where bearing witness had the power to change society The Letter from Prison features a diverse cast of characters and a literary genre that combines drama and inspiration It is sure to appeal to those interested in early modern England prison literature and cultural forms of resistance *John Foxe and his World* Christopher Highley, John N. King, 2017-07-05 Interest in John Foxe and his hugely influential text *Acts and Monuments* is particularly vibrant at present This volume the third to arise from a series of international colloquia on Foxe collects essays by established and up and coming scholars It broadly embraces five major areas of early modern studies Roman Catholicism women and gender visual culture the history of the book and historiography Patrick Collinson provides an entire overview of the field of Foxe studies and further essays place Foxe and his work within the context of their times **Early Modern Literature and the Bodies of a Reformed Eucharist** Julianne Sandberg, 2024-12-26 Examining what the eucharist taught early modern writers about their bodies and how it shaped the bodies they wrote about this book shows how the exegetical roots of the Eucharistic controversy in 16th century England had very material and embodied consequences To apprehend the nature of Christ's body its nature presence

closeness and efficacy for these writers was also to understand one's own. And conversely to know one's own body was to know something particular about Christ's. Sandberg provides new insights into how Edmund Spenser, William Shakespeare, John Donne, and Aemilia Lanyer use the reformed eucharistic paradigm to imagine the embodied significance of the sacrament for their own bodies, the bodies of their narrative subjects, and the body of their literary work. She shows the significance of this paradigm was for poets and playwrights at this time to represent the embodied self and negotiate how the body was read, interpreted, and understood.

The Culture of Inquisition in Medieval England Mary Catherine Flannery, Katie L. Walter, 2013. Groundbreaking essays show the variety and complexity of the roles played by inquisition in medieval England. Inquisition in medieval and early modern England has typically been the subject of historical rather than cultural investigation and focussed on heresy. Here however inquisition is revealed as playing a broader role in medieval English culture, not only in relation to sanctions like excommunication, penance, and confession, but also in the fields of exemplarity, rhetoric, and poetry. Beyond its specific legal and pastoral applications, inquisition was a dialogic mode of inquiry, a means of discerning, producing, or rewriting truth, and an often adversarial form of invention and literary authority. The essays in this volume cover such topics as the theory and practice of canon law, heresy, and its prosecution, Middle English pastoralia, political writing, and romance. As a result, the collection redefines the nature of inquisition's role within both medieval law and culture and demonstrates the extent to which it penetrated the late medieval consciousness, shaping public fame and private selves, sexuality, and gender, rhetoric, and literature. Mary C. Flannery is a lecturer in English at the University of Lausanne. Katie L. Walter is a lecturer in English at the University of Sussex. Contributors: Mary C. Flannery, Katie L. Walter, Henry Ansgar Kelly, Edwin Craun, Ian Forrest, Diane Vincent, Jenny Lee, James Wade, Genelle Gertz, Ruth Ahnert, Emily Steiner.

A History of Early Modern Women's Writing Patricia Phillippy, 2018-01-18. A History of Early Modern Women's Writing is essential reading for students and scholars working in the field of early modern British literature and history. This collaborative book of twenty-two chapters offers an expansive, multifaceted narrative of British women's literary and textual production in the period stretching from the English Reformation to the Restoration. Chapters work together to trace the contours of a diverse body of early modern women's writing, aligning women's texts with the major literary, political, and cultural currents with which they engage. Contributors examine and take account of developments in critical theory, feminism, and gender studies that have influenced the reception, reading, and interpretation of early modern women's writing. This book explicates and interrogates significant methodological and critical developments in the past four decades, guiding and testing scholarship in this period of intense activity in the recovery, dissemination, and interpretation of women's writing.

Sharpening Her Pen Sidney L. Sonderegard, 2002-08. Sharpening Her Pen demonstrates how six early modern authors exploit or evade a rhetorical discourse founded upon images, tropes, and dialectics of violence to secure authorization for their work as writers and empowerment for the personal agendas unique to each of them. Rhetorical violence functions both as a

literary phenomenon facilitating the polemics of each author and as an analytical methodology enabling scholars to derive meaning from a particular organic facet of a writer's intellectual structure. The subjects of the study represent a balance between writers who have received considerable scholarly attention (Elizabeth I, Aemilia Lanyer, and Lady Mary Wroth) and those who have received relatively little (Anne Askew, Anne Dorwiche, and Lade Anne Southwell). Exercising rhetorical strategies that reflect their idiosyncrasies as intellectuals, they share a canny awareness of the persuasive power of violence in their age as physical reality and as metaphor.
