Examining Gaps In Mathematics Achievement Among Racial Ethnic Groups:

Examining Gaps in Mathematics Achievement Among Racial-Ethnic Groups, 1972-1992 Mark Berends, Samuel R. Lucas, Thomas Sullivan, R. J. Briggs, 2005-04-08 Examines trends in the mathematics scores of different racial ethnic groups over time and analyzes how changes in family school and schooling measures help explain changes in the test score gaps Although there were few positive changes between schools the within school experiences of black and Latino students changed for the better compared with white students when measured by student self reported academic track placement

The Educator's Handbook for Understanding and Closing Achievement Gaps Joseph Murphy, 2010 Beginning with a remarkably comprehensive and accessible analysis of the gap s causes the book offers a refreshingly balanced evidence based state of the art outline of productive solutions that should inform the work of all educational stakeholders Ken Leithwood Professor OISE University of Toronto No one is better positioned than Joseph Murphy to provide lessons for education leaders on this important topic Andrew Porter George and Diane Weiss Professor of Education University of Pennsylvania For too long the achievement gap has been proclaimed discussed and then dismissed as a subject of despair Seldom has it been systematically defined placed in historical perspective or positively addressed Through thorough scholarship comprehensive knowledge and creativity this book fills that void James W Guthrie Patricia and Rodes Hart Professor of Educational Leadership and Public Policy Vanderbilt University While offering no simple pathway to progress this book reminds us how much more we can do to close achievement gaps Michael S Knapp Director Center for the Study of Teaching Policy University of Washington Distinguished researcher Joseph F Murphy has gathered and analyzed the most up to date research and data to help headteachers understand what the achievement gap is why it persists and what teachers can do about it This comprehensive handbook Examines external factors that contribute to achievement gaps such as socioeconomic status family environment racism and individual differences Covers internal factors such as instruction school culture and school support Provides strategies for addressing both internal and external factors to make an impact *The Anatomy of Achievement Gaps* Jaekyung Lee, 2016 Through the lens of interdisciplinary and systems perspectives The Anatomy of Achievement Gaps offers an expert critical analysis of the underachievement problems plaguing the American education system today By providing a blueprint to meet these challenges Jaekyung Lee both evaluates and informs American educational policies with a new model of achievement for preschool through college aged students Commemorating the 50th Anniversary of brown V. Board of Education: Kenneth K. Wong, 2014-04-04 This special issue commemorates and reassesses the educational effects of the Brown decision The articles are grounded in theories and methods of several disciplines including law philosophy economics political science sociology and public policy The researchers examine the way the Court frames racial inequality and whether the proposed remedy is consistent with the institutional and legal context at the time of the ruling In addressing these questions the authors pay particular attention to the nature of the constitutional

argument use of social evidence in shaping judicial decisions the political economy of policy development and implementation in addressing racial desegregation and the ongoing challenge of ensuring equality of schooling opportunity for the increasingly diverse student population

International Studies in Educational Inequality, Theory and Policy Richard Teese, Stephen Lamb, Marie Duru-Bellat, 2007-05-18 Inequality is a marked and persistent feature of education systems both in the developed and the developing worlds Major gaps in opportunity and in outcomes have become more critical than in the past thanks to the knowledge economy and globalization The pursuit of equity as a goal of public policy is examined in this book through a series of national case studies The book covers many different global contexts from the wealthiest to some of the poorest nations on earth It therefore offers a broad range of different theoretical and methodological approaches and brings together extensive international experience in equity policy
