Excalibur Returned:

Excalibur's Quest Dietmar Arthur Wehr, 2018-04-30 In *Scimitar's Glory* the alien Tong won the Battle for Earth and took control of the orbital space around the planet. Humanity is now at their mercy but not all Space Force warships have been defeated. Wolfe Koenig's light cruiser *Excalibur* is on a mission to acquire technology that just might enable the ragged remnants of the Fleet to snatch victory from the jaws of defeat if he can find an alien race with that technology if he can convince them to trade for it and if the technology can be exploited fast enough. *Excalibur's Quest* is the story of that mission and the challenges both alien and human that Koenig faces. This is the second book in the action-packed military SF

Swordships Odyssey series. *King Arthur's Modern Return* Debra N. Mancoff, 2014-04-23 The Arthurian legend closes with a promise. On a distant day when his country calls the king will return. His lost realm will be regained and his shattered dream of an ideal world will at last be realized. This collection of original essays explores the issue of return in the modern Arthurian legend. With an Introduction by noted scholar Raymond H. Thompson and 13 essays by authors from the fields of literature, art, history, film, history, and folklore, this collection reveals the flexibility of the legend. Just as the modern legend takes the form current to its generation, the myth of return generates a new legend with each telling. As these authors show, return can come in the form of a noble king or a Caribbean immigrant with the mystery of an art theft or a dying boy's dream.

The Returned, Part III Peter David, 2015-09-07 The final installment in a brand new three-part digital first Star Trek New Frontier e-novel from New York Times bestselling author Peter David. Captain Mackenzie Calhoun and the crew of the U.S.S. *Excalibur* are back picking up three months after the stunning events depicted in *New Frontier: Blind Man's Bluff*. Calhoun's search of Xenex has failed to find any survivors and now he is bound and determined to track down the race that killed them: the Dmyurj and their associates, the Brethren, and exact vengeance upon them. His search will take the *Excalibur* crew into a pocket universe where he discovers not only the homeworld of the Dmyurj but another race that shares Calhoun's

determination to obliterate his opponents. But is this new race truly an ally or an even greater threat? **The Return of the Manhattan** Lee Ecker, 2013-09 Lieutenant Commander David Ashton thrives on excitement. As he strolls to the White House, he has the feeling a new adventure awaits and he's not disappointed. President Gardiner offers him the mission of a lifetime: something he's trained for all of his life. Gardiner explains that the United States is running out of oil. In desperation, he is dispatching the *Excalibur*, the largest starship ever built, to voyage beyond the solar system to a distant planet, 103 light years from Earth. For the first time in history, the crew exceeds the speed of light in an attempt to find oil and return to Earth with their starship filled to the brim. Though the mission is successful, the load of crude oil is not enough to fill the requirements. David and his crew exceed their assigned mission and use the extra space aboard the ship to create a laboratory to explore the possibilities of travel beyond the speed of light. Their new mission: to create a time machine capable of travel back to the twentieth century in order to change the course of history. King Arthur Daniel Mersey, 2013-07-20 From his court at
