## **El Bronx Remembered With Connections:**

**El Bronx Remembered** Nicholasa Mohr, 2000-11-01      **El Bronx Remembered** Holt Rinehart & Winston, Holt, Rinehart and Winston Staff, 2000-01-01      **Caribbean Connections** Cathy Sunshine, Keith Q. Warner, 1998 Product Description Caribbean Connections Moving North introduces students to Caribbean life in the United States through oral histories literature and essays Moving North features the work of noted authors such as Edwidge Danticat Judith Ortiz Cofer Paule Marshall Julia Alvarez and others who trace their roots to Puerto Rico the English speaking West Indies the Dominican Republic Cuba and Haiti Part of a highly acclaimed series on the cultures of the Caribbean      Family Matters Marisel C. Moreno, 2012-08-29 Adopting a comparative and multidisciplinary approach to Puerto Rican literature Marisel Moreno juxtaposes narratives by insular and U S Puerto Rican women authors in order to examine their convergences and divergences By showing how these writers use the trope of family to question the tenets of racial and social harmony an idealized past and patriarchal authority that sustain the foundational myth of la gran familia she argues that this metaphor constitutes an overlooked literary contact zone between narratives from both sides Moreno proposes the recognition of a transinsular corpus to reflect the increasingly transnational character of the Puerto Rican population and addresses the need to broaden the literary canon in order to include the diaspora Drawing on the fields of historiography cultural studies and gender studies the author defies the tendency to examine these literary bodies independently of one another and therefore aims to present a more nuanced and holistic vision of this literature      Transnational Latina Narratives in the Twenty-first Century Juanita Heredia, 2009-08-03 Transnational Latina Narratives is the first critical study of its kind to examine twenty first century Latina narratives by female authors of diverse Latin American heritages based in the U S Heredia s comparative perspective on gender race and migrations between Latin America and the U S demonstrates the changing national landscape that needs to accommodate an ever growing Latino a presence This book draws on the work of Denise Chavez Sandra Cisneros Marta Moreno Vega Angie Cruz and Marie Arana as well as a diverse blend of popular culture Heredia s thought provoking insights seek to empower the representation of women who are transnational ambassadors in modern trans American literature      *El Bronx Remembered* Joyce Friedland, Rikki Kessler, 2004-01-01 Use Novel Ties study guides as your total guided reading program Reproducible pages in chapter by chapter format provide you with the right questions to ask the important issues to discuss and the organizational aids that help students get the most out of each book they read

**East Harlem Remembered** Christopher Bell, 2013-01-01 The community of East Harlem in New York City lays claim to a rich and culturally diverse history Once home to 35 ethnicities and 27 languages the neighborhood attracted Irish Jewish and Italian immigrants in the early 20th century and later saw an influx of Puerto Rican immigrants and African Americans In this oral history former and current residents recount the early days the post World War II rise of public housing the departure of Eastern European inhabitants the growth of Latino and African American populations the spirited 1960s the

urban blight of the 1980s and the more recent resurgence and gentrification This story of strength and struggle provides a vivid portrait of a fascinating community and the many resilient people who have called it home Multicultural and Multilingual Literacy and Language Fenice B. Boyd,Cynthia H. Brock,Mary S. Rozendal,2004-01-01 Within a clear conceptual framework this book explores ways that teachers reading specialists administrators and teacher educators can provide more effective literacy instruction to K 9 students from diverse ethnic cultural and linguistic backgrounds Cutting edge theory and research is interwoven with detailed case studies that bring to life the complexities of teaching in today s multicultural and multilingual classroom Topics covered include How and why culture matters in literacy instruction Drawing on students multiple literacies in the classroom Motivating and engaging English language learners Steps that teachers can take to heighten their cultural awareness and skills Tapping into family and community resources for literacy learning **Urban Legends** Peter L'Official,2020-07-21 A cultural history of the South Bronx that reaches beyond familiar narratives of urban ruin and renaissance beyond the inner city symbol to reveal the place and people obscured by its myths For decades the South Bronx was America s inner city Synonymous with civic neglect crime and metropolitan decay the Bronx became the preeminent symbol used to proclaim the failings of urban places and the communities of color who lived in them Images of its ruins none more infamous than the one broadcast live during the 1977 World Series a building burning near Yankee Stadium proclaimed the failures of urbanism Yet this same South Bronx produced hip hop arguably the most powerful artistic and cultural innovation of the past fifty years Two narratives urban crisis and cultural renaissance have dominated understandings of the Bronx and other urban environments Today as gentrification transforms American cities economically and demographically the twin narratives structure our thinking about urban life A Bronx native Peter L Official draws on literature and the visual arts to recapture the history people and place beyond its myths and legends Both fact and symbol the Bronx was not a decades long funeral pyre nor was hip hop its lone cultural contribution L Official juxtaposes the artist Gordon Matta Clark s carvings of abandoned buildings with the city s trompe l oeil decals program examines the centrality of the Bronx s infamous Charlotte Street to two Hollywood films offers original readings of novels by Don DeLillo and Tom Wolfe and charts the emergence of a global Bronx as graffiti was brought into galleries and exhibited internationally promoting a symbolic Bronx abroad Urban Legends presents a new cultural history of what it meant to live work and create in the Bronx Critical Small Schools Maria Hantzopoulos,Alia R. Tyner-Mullings,2012-02-01 Critical Small Schools Beyond Privatization in New York City Urban Educational Reform features the most current empirical research about the successes and challenges of the small schools movement and the implications of such for urban public educational policy Situated in a climate of hierarchical reform many of the principles of the original small schools movement which are rooted in community participation innovative pedagogies and assessment and equity and social justice have become obscured by an educational agenda that emphasizes top down mandates and standards based reform With the increased popularity and the rapid

proliferation of small schools the emphasis on size only has resulted in a bifurcation of the small schools movement on one end are the small schools which have embraced the democratic participatory and self governing nature of the original movement while on the other end are schools that have simply reduced their size without rethinking school structures and practices This book distinguishes the small schools featured and researched in this volume from schools that are simply small and labels them critical small schools By documenting the practices that take place in various critical small schools in New York City we show how these schools have narrowed the achievement gap and increased graduation and college acceptance rates Although smallness is an essential feature in the design of these schools it is certainly not the only one and this volume illuminates the other elements that contribute to these schools successes and shortcomings Critical Small Schools also challenges the recent emphasis on charter schools as a panacea for urban educational reform By featuring research about the inner workings of public schools this volume challenges this new direction that steers successful school development away from public education Moreover as every site is fraught with some tension Critical Small Schools not only offers glimpses into intellectually vibrant and democratic learning communities but also acknowledges that these concepts are not static and necessitate continual reflection and renewal At this pivotal moment in educational reform this volume provides keen insight into the challenges and possibilities of the small schools movement and is indispensable for anyone interested in comprehensive public school reform

**Boricua Literature** Lisa Sánchez-González, 2001-08 Since the invasion and colonization of Puerto Rico in 1898 all Puerto Ricans are both American citizens and colonial subjects by birth according to international law Over a third of this population currently lives in the continental U S forming one of the nation's most significant minority communities Yet no complete study of mainland Puerto Rican or Boricua literature has been written Until now Boricua Literature is the first literary history of the Puerto Rican colonial diaspora The result of a decade of research in archives and special collections in the Caribbean and in the U S Lisa Sánchez-González argues that the writing of the Puerto Rican diaspora should be considered an integral field of study Covering 100 years of Boricua literary history each chapter looks at the single writer or group of writers who are most emblematic of their respective generation from William Carlos Williams and Arturo Schomburg to Latina feminism and salsa music The story of an American community of color Boricua Literature is also about contemporary critical race and gender studies Unlike virtually all studies concerning mainland Puerto Rican writing Lisa Sánchez-González is less concerned with cultural identity than with unearthing a substantive cultural intellectual history The first explicitly literary historical analysis of Boricua Literature this definitive study proposes a new and discreet area of literary historical research in American studies

**A Reader in Latina Feminist Theology** María Pilar Aquino, Daisy L. Machado, Jeanette Rodríguez, 2010-01-01 Speaking for the growing community of Latina feminist theologians the editors of this volume write With the emergence and growth of the feminist theologies of liberation we no longer wait for others to define or validate our experience of life and faith We want to express in our own words our plural ways of

experiencing God and our plural ways of living our faith And these ways have a liberative tone With twelve original essays by emerging and established Latina feminist theologians this first of its kind volume adds the perspectives realities struggles and spiritualities of U S Latinas to the larger feminist theological discourse The editors have gathered writings from both Roman Catholics and Protestants and from various Latino a communities The writers address a wide array of theological concerns popular religion denominational presence and attraction methodology lived experience analysis of nationhood and interpretations of life lived on a border that is not only geographic but also racial gendered linguistic and religious
