*El Nacimiento de la República de Cuba 1899-1940* Nelson de los Santos,2021-07-23 La fecha del nacimiento de la República de Cuba puede ser 1 El 24 de febrero de 1895 inicio de la Guerra de Independencia como homenaje a todos los patriotas 2 El 11 de agosto de 1900 por la orden militar 316 que convoca a elecciones a la Convención Constituyente el 15 de septiembre 3 El 20 de mayo de 1902 cuando se proclama la República El mandato de la Declaración Conjunta establece que la intervención solo tomará el tiempo necesario para establecer una democracia de acuerdo con la Constitución pero entre los empresarios había duda de que los cubanos pudieran mantener la democracia por lo que el senador Platt elaboró una enmienda al presupuesto de defensa que establece que Cuba debía ser una democracia fue aprobada por la Asamblea Constituyente y el Congreso Durante los años que estuvo vigente sirvió para que EE UU mediara en las disputas políticas hasta 1934 que por iniciativa de la parte cubana fue abolida lo que fue un error pues Cuba lleva sesenta y siete años sin democracia

*Puerto Rico* Nancy Morris,1995-10-30 This book uses historical and interview data to trace the development of Puerto Rican identity in the 20th century It analyzes how and why Puerto Ricans have maintained a clear sense of distinctiveness in the face of direct and indirect pressures on their identity After gaining sovereignty over Puerto Rico from Spain in 1898 the United States undertook a sustained campaign to Americanize the island Despite 50 years of active Americanization and another 40 years of continued United States sovereignty over the island Puerto Ricans retain a sense of themselves as distinctly and proudly Puerto Rican This study examines the symbols of Puerto Rican identity and their use in the complex politics of the island It shows that identity is dynamic it is experienced differently by individuals across Puerto Rican society and that the key symbols of Puerto Rican identity have not remained static over time Through the study of Puerto Rico the book investigates and challenges the widely heard argument that the inevitable result of the export of US mass media and consumer culture throughout the world is the weakening of cultural identities in receiving societies The book develops the idea that external pressure on collective identity may strengthen that identity rather than as is often assumed diminish it

**EL SIGNO DE LOS BORREGOS** SEBASTIAN UROS MOLINA,     Reinterpreting the Banana Republic Dario A. Euraque,2000-11-09 In this new analysis of Honduran social and political development Dar degreeso Euraque explains why Honduras escaped the pattern of revolution and civil wars suffered by its neighbors Guatemala El Salvador and Nicaragua Within this comparative framework he challenges the traditional Banana Republic theory and its assumption that multinational corporations completely controlled state formation in Central America Instead he demonstrates how local society in Honduras s North Coast banana exporting region influenced national political development According to Euraque the reformism of the 1970s which prevented social and political polarization in the 1980s originated in the local politics of San Pedro Sula and other cities along the North Coast Moreover Euraque shows that by the 1960s the banana growing areas had become bastions of liberalism led by local capitalists and organized workers This regional political culture directly influenced events at the national level argues Euraque Specifically the military coup of 1972 drew its ideology and civilian leaders from the North Coast and as a result the new regime was able to successfully channel popular unrest into state sponsored reform projects Based on long ignored
