Psychopathology in Women Margarita Sáenz-Herrero, 2019-07-15 This book examines sex and gender differences in the causes and expression of medical conditions including mental health disorders Sex differences are variations attributable to individual reproductive organs and the XX or XY chromosomal complement Gender differences are variations that result from biological sex as well as individual self representation which include psychological behavioural and social consequences of an individual's perceived gender Gender is still a neglected field in psychopathology and gender differences is often incorrectly used as a synonym of sex differences A reconsideration of the definition of gender as the term that subsumes masculinity and femininity could shed some light on this misperception and could have an effect in the study of health and disease This second edition of Psychopathology clarifies the anthropological cultural and social aspects of gender and their impact on mental health disorders It focuses on gender perspective as a paradigm not only in psychopathology but also in mental health disorders As such it promotes open mindedness in the definition and perception of symptoms as well as assumptions about those symptoms and raises awareness of mental health

Restorative Responses to Sexual Violence Estelle Zinsstag, Marie Keenan, 2017-02-17 Sexual violence in all its forms is a crime for which anecdotal accounts and scholarly reports suggest victims in their great majority do not receive adequate justice or redress The theory and practice of restorative justice is rapidly developing and offers some well argued new avenues for dealings with crime in general It has the potential to be extended to cases of sexual violence and a number of small scale programmes are already underway across the world Restorative Responses to Sexual Violence examines this innovative justice paradigm in more depth in the particular context of sexual trauma and violence in order to establish the empirical realities of restorative justice approaches in cases of sexual violence and considers how such approaches could be developed adequately in the future This book is

divided into two parts each representing a key area of research and practice theoretical and conceptual frameworks and justice and therapeutic perspectives This international collection brings together leading expert scholars and practitioners to offer both theoretical and practical perspectives on restorative justice and sexual violence This book will be of interest to researchers in the field of law criminology psychology social science social work and psychotherapy as well as practitioners in the fields of criminal justice restorative justice and sex offender and victim trauma therapies *Memoria, conflicto y paz: Sinuosidades y sendas de reflexión* Ríos Peñaloza, Gilma, Cobo Paz, Natalia, 2023-02-09 La Universidad tiene un gran reto educar para la paz para la convivencia para la aceptación crítica del otro para resguardar la memoria para contribuir en los procesos de resiliencia y para hacer de nuestros estudiantes seres comprometidos con la construcción de un país en el cual podamos vivir mejor Sabemos la importancia de encontrar caminos de solución a los conflictos y construcción de una sociedad no violenta que pueda vivir en paz Se trata de una posibilidad de una esperanza a la cual no renunciaremos jamás Para lograrlo se han propuesto distintas instancias herramientas e instituciones todas integradas en el Sistema Integral de Verdad Justicia Reparación y No Repetición Aceptar estas propuestas así como las instituciones y mecanismos que se han presentado nos exige a los ciudadanos un cambio de paradigma en la forma en que pensamos que se debe resolver en medio del conflicto y la forma como se pueden encontrar caminos de verdad y justicia Intervención con las familias y atención a menores en riesgo social DELGADO LINARES, INMACULADA, Este libro de texto está destinado a cubrir el currículo del módulo Intervención con familias y atención a menores en riesgo social que siguen los alumnos del Ciclo Formativo de Grado superior en Educación Infantil perteneciente a la familia de Servicios Culturales y a la Comunidad que permite obtener el título de Técnico Superior en Educación Infantil según Real Decreto 1394/2007 de 29 de octubre El texto sintetiza una amplia bibliografía existente sobre el tema y los contenidos mínimos exigidos en el citado decreto Asimismo refleja la normativa vigente en torno a la intervención con menores en el entorno educativo y social Teniendo en cuenta el peso práctico de este módulo se han diseñado una gran cantidad de ejercicios y actividades destinados al aprendizaje a través de la experiencia así como cuestiones previas a los contenidos para partir de lo que el alumnado ya sabe Todo ello enmarcado en un lenguaje sencillo y una estructura comprensiva que facilite la adquisición de conocimientos y el aprendizaje significativo El amor no maltrata Olga Barroso Braojos, 2024-02-05 Olga Barroso psicóloga especialista en violencia de género nos da las claves para identificar el maltrato y salir de la pesadilla Todo hombre que pega es un maltratador Pero un maltratador no es un hombre que pega Muchos maltratadores nunca agreden físicamente Todo hombre que te hace sentir inferior es un maltratador Pero un maltratador no es un hombre que insulta Muchos nunca lo hacen aunque te hacen sentir que eres peor que él Todo hombre que trata de controlarte y decidir cómo organizas tu mundo es un maltratador Pero algunos maltratadores te impulsan a trabajar o a destacar socialmente para beneficiarse no porque se alegren de tus éxitos Entonces ¿quién es un maltratador Imagínmoslo ¿así un maltratador es un planeta que conoce a su pareja que es otro planeta Primero la seducción mostrándose normal y
