The Reptant Eagle Roberto Cantú, 2015-01-12

Carlos Fuentes 1928 2012 was the most prominent novelist in contemporary Mexico and until his recent death one of the leading voices in Latin America s Boom generation He received the most prestigious awards and prizes in the world including the Latin Civilization Award presented by the Presidents of Brazil Mexico and France the Miguel de Cervantes Prize and the Prince of Asturias Award During his fecund and accomplished life as a writer literary theorist and political analyst Fuentes turned his attention to the major conflicts of the twentieth century from the Second World War and the Cuban Revolution to the Soviet invasion of Czechoslovakia the war in Vietnam and the post revolutionary crisis of the one party rule in Mexico and attended to their political and international importance in his novels short fiction and essays Known for his experimentation in narrative techniques and for novels and essays written in a global range that illuminate the conflicts of our times Fuentes s

writings have been rightfully translated into most of the world's languages. His literary work continues to spur and provoke the interest of a global readership on diverse civilizations and eras from Imperial Spain and post-revolutionary France to Ancient and Modern Mexico, the United States, and Latin America. *The Reptant Eagle: Essays on Carlos Fuentes and the Art of the Novel* includes nineteen essays and one full introduction written exclusively for this volume by renowned Fuentes scholars from Asia, Europe, the United States, and Latin America. Collected into five parts, the essays integrate wide-ranging methods and innovative readings of *The Death of Artemio Cruz* (1962), *Aura* (1962), *Terra Nostra* (1975), and among other novels, *Distant Relations* (1980). They analyze the visual arts in Fuentes's novels, Diego Rivera's murals, and world film, chart and comment on the translations of Fuentes's narratives into Japanese and Romanian, and propose comprehensive readings of *The Buried Mirror* (1992) and *Personas* (2012). Fuentes's posthumous book of essays, *Beyond*, offers a comprehensive and interdisciplinary scope; the book's essays trace Fuentes's conscious resolve to contribute to the art of the novel and to its uninterrupted tradition from Cervantes and Rabelais to Thomas Mann and Alejo Carpentier, and from the Boom generation to Latin America's Boomerang group of younger writers. This book will be of importance to literary critics, teachers, students, and readers interested in Carlos Fuentes's world-embracing literary work. **Redreaming America** Debra A.

Castillo, 2012-02-01 What would American literature look like in languages other than English, and what would Latin American literature look like if we understood the United States to be a Latin American country and took seriously the work by U.S. Latinos as in Spanish? Debra A. Castillo explores these questions by highlighting the contributions of Latinos as writing in Spanish and Spanglish. Beginning with the anonymously published 1826 novel *Jicotncal* and ending with fiction published at the turn of the twenty-first century, the book details both the characters and authors' struggles with how to define an American self. Writers from Cuba, Puerto Rico, and Mexico are featured prominently alongside a sampling of those writers from other Latin American heritages: Peru, Colombia, Chile. Castillo concludes by offering some thoughts on U.S. curricular practice. **An Introduction to Latin American Philosophy** Susana Nuccetelli, 2020-11-05 This introduction provides a comprehensive and accessible overview of the central topics in Latin American philosophy. It explores not only the unique insights offered by Latin American thinkers into pre-established fields of Western philosophy but also the many isms developed as a direct result of Latin American thought. La plata, la espada y la piedra Marie Arana, 2023-03-02 Una lectura necesaria para comprender el tumultuoso pasado de América Latina y la complejidad de su identidad Trazar el alma de un continente es una hazaña extraordinaria y Marie Arana lo hace con precisión académica rigor moral y elegancia de estilo Para cualquiera que esté interesado en entender de verdad qué es América Latina y de dónde viene La plata la espada y la piedra tiene que ser el primer paso Juan Gabriel Vásquez Marie Arana en un ejercicio por comprender el origen de las heridas aún abiertas de América Latina entreteje con maestría las biografías de tres latinoamericanos contemporáneos con miles de vida historia Sus vidas representan las tres fuerzas motrices que han moldeado desde hace siglos el carácter de una región la explotación la violencia y la religión Así pues conocemos a Leonor González una minera que vive en una pequeña comunidad situada a cinco mil metros de altitud en la cordillera andina del Perú y que como sus antepasados desde tiempos inmemoriales trabaja escarbando las entrañas de la tierra para extraer pepitas de oro A su alrededor el analfabetismo la desnutrición y las enfermedades reinan como hace quinientos años Y ahora al igual que entonces la supervivencia de su gente depende de un vasto mercado mundial cuyas fluctuaciones se controlan en lugares remotos A Carlos Buergos un cubano que luchó en la guerra civil de Angola y que ahora vive en una tranquila comunidad a las afueras de Nueva Orleans Carlos fue uno de los cientos de delincuentes que Cuba expulsó a Estados Unidos en 1980 Su historia es un eco de la violencia que ha atravesado Latinoamérica desde la época precolombina hasta la actual lucha contra el narcotráfico Por último a Xavier Albó un sacerdote jesuita de Barcelona que emigró a Bolivia Xavier se considera indio de cabeza y corazón y por ello es muy conocido en su país de adopción Y aunque su objetivo se encuentra en las antipodas del proselitismo es heredero de un pasado accidentado en el que los sacerdotes marcharon junto a los conquistadores con la misión de evangelizar el Nuevo Mundo Desde entonces la Iglesia católica ha desempeñado un papel central en la vida política de América Latina El resultado es una perfecta combinación

Entre el ensayo histórico el reportaje y el análisis político es el retrato vibrante de un continente cuya identidad ha sido siempre compleja. La crítica ha dicho La plata la espada y la piedra como bien se ala Arana no es una historia completa ni definitiva de América Latina. Tampoco es una crónica periodística. Es más bien un híbrido que combina la erudición del análisis histórico con la profundidad del buen reportaje y una aguda comprensión del contexto político una voz informada y autorizada que merece ser ampliamente escuchada. Ivano Enríque. Una historia impresionantemente concisa y a la vez exhaustiva. Una obra profundamente conmovedora y relevante que proporciona nuevas líneas de reflexión. Kirkus Reviews. Una historia de América Latina de gran alcance. Tan cautivadora como exhaustiva. Una maravilla. Publishers Weekly.

The World Republic of Letters Pascale Casanova, 2004. The world of letters has always seemed a matter more of metaphor than of global reality. In this book Pascale Casanova shows us the state of world literature behind the stylistic refinements a world of letters relatively independent from economic and political realms and in which language systems aesthetic orders and genres struggle for dominance. Rejecting facile talk of globalization with its suggestion of a happy literary melting pot Casanova exposes an emerging regime of inequality in the world of letters where minor languages and literatures are subject to the invisible but implacable violence of their dominant counterparts. Inspired by the writings of Fernand Braudel and Pierre Bourdieu this ambitious book develops the first systematic model for understanding the production circulation and valuing of literature worldwide. Casanova proposes a baseline from which we might measure the newness and modernity of the world of letters the literary equivalent of the meridian at Greenwich. She argues for the importance of literary capital and its role in giving value and legitimacy to nations in their incessant struggle for international power. Within her overarching theory Casanova locates three main periods in the genesis of world literature Latin French and German and closely examines three towering figures in the world republic of letters Kafka Joyce and Faulkner. Her work provides a rich and surprising view of the political struggles of our modern world one framed by sites of publication circulation translation and efforts at literary annexation.

Marvels of Medicine Yari Pérez Marín, 2020-10-22. *Marvels of Medicine* is one more valuable addition to the field and stands as an example of the intertextual delights available to us when we bring these skill sets to our reading of early medical writing. The reader finds a rich blend of analysis of medical terminology and rhetorical strategies that opens up these medical works to a broader scholarship for consideration and shows how they added to the rise of a particular Latin American consciousness and stand at an intersection of medicine and coloniality. *Marvels of Medicine* offers a very interesting prism through which to engage with medical social and literary thought in early modern scholarship and creates scope for similar intertextual analysis in this and later periods of medical writing.
