FEDERALISM AND EUROPEAN UNION

A Political Economy Perspective

DAVID MCKAY

Federalism And European Union A Political Economy Perspective

Dominik Hanf

Federalism And European Union A Political Economy Perspective:

Federalism and European Union David H. McKay, 1999 Federalism and European Union examines the decision to adopt EMU as a federal bargain by the European Union as designed to provide the countries of Europe with a bulwark against the volatility of the international economy Although the precise motives of the participants varied from country to country all were agreed that only federal like political and economic arrangements would provide a guarantee of economic and political stability The author provides a coherent theoretical framework for understanding the decisions taken at Maastricht and later By making comparisons with other federations the book also examines the political and economic conditions under which federations succeed or fail It concludes that EMU will only be politically sustainable if novel ways are found to limit centrally imposed fiscal and spending policies Federalism and European Union David Mac Kay, 1999

Federalism and European Union David H. McKay, 1999 David McKay explains the political and economic reasons behind the bargaining at Maastricht for European Monetary Union By making comparisons with other federations he examines the conditions under which federations succeed or fail **European Union Political Economy** Konstantinos Hazakis, 2018-09-15 The European political economy policy and theory provides students researchers and policy makers with a profound understanding of the theory and policy of the EU The book covers in a comprehensive way the key issue areas of the European Union activity and it includes an analysis of all the important current developments in Europe such as the Brexit the European Union sovereign debt crisis the European economic governance problems and the macroeconomic adjustment challenges within Eurozone The book also includes critical resources for readers and students such as review questions appendixes references and further reading lists More specifically the textbook explains thoroughly the institutional economic and policy characteristics of the fundamental issue areas of European economy It outlines the institutions and mechanisms of European union Eurozone the common agricultural regional and trade policies the impact of the single market and the single currency on European economy the enlargement process and the key questions on the European macroeconomic adjustment process In each chapter the book explains not only what is taking place in European economy but also which the feasible options of the European policy agenda are The textbook enables readers to apply conceptual and theoretical knowledge to economic and political processes of European integration *The Constitutional Theory of the Federation and the European Union* Signe Reihling Larsen, 2021-02-04 From the start of the European integration process one question has puzzled scholars what type of political association is the European Union In absence of an agreed upon response most scholars have suggested that the European Union is sui generis This book challenges the sui generis thesis by demonstrating that the EU is not a unique form of association but rather a federal union of states or what this book calls a federation This is a discrete form of political association on par with though differentiated from political modernity's two other main forms namely the state and the empire The federation cannot be understood on the basis of the general theory of

the state or its concept of sovereignty The statist imaginary still dominates both the debates on federalism and the EU meaning that all federal policies are either seen as confederal associations of sovereign states or sovereign federal states This book challenges this binary by demonstrating that the federation is not a super state but a discrete political form with its own constitutional theory It is characterized by a double political existence a lack of internal hierarchy and the internal absence contestation or repression of sovereignty This book details the key aspects of federal constitutional theory and how this theory accounts for the EU s constitutional form as well as the crises it has faced in recent years This book is broken into five chapters that cover the introduction to federalism origins of the EU state transformation and teleology unity in diversity and emergency rule without a sovereign This book draws on a variety of literatures and historical material to help the reader develop a critical understanding of constitutional myths and the theory of federalism *The SAGE Handbook of Comparative Politics* Todd Landman, Neil Robinson, 2009-06-16 The SAGE Handbook of Comparative Politics presents in one volume an authoritative overview of the theoretical methodological and substantive elements of comparative political science The 28 specially commissioned chapters written by renowned comparative scholars guide the reader through the central issues and debates presenting a state of the art guide to the past present and possible futures of the field *The European Union and Supranational Political Economy* Riccardo Fiorentini, Guido Montani, 2014-12-05 The financial crisis originated in 2008 in the United States had a dramatic impact on the world economy The European Union was immediately involved but its reaction to the crisis was clearly inadequate The misgovernment of the European economy not only put at risk the European Monetary Union but it also caused further hindrances to the recovery of the global economy The global financial turmoil shook deep rooted beliefs The doctrine of international neo liberalism is more and more criticized Nevertheless the critics of neo liberalism focus their attention on the relationship between the state and the market as if the nation states with their international organisations have enough power for an effective global governance of the world economy The model of European supranational integration though seriously imperfect can suggest some new way out from the crisis even at the world level based on a new relationship between the supranational government of the Union and the market In this book several academic disciplines are involved international economics international political economy international law international relations political theory and democratic theory Adopting such a multidisciplinary theoretical perspective the volume tries to answer the following question Is a more supranational Europe able to provide a better government of the EMU Does this reform involve more European democracy **The EU Internal Market in Comparative Perspective** Dominik Hanf, 2008 The European Union s internal market is the hard core of integration and by far its most precious asset However a number of deep seated factors have impeded the development of a systematic and wide ranging academic research programme dedicated to the internal market The purpose of this book is to begin to address this predicament with a tri disciplinary analysis of the internal market as scant opportunities for mutual understanding and learning across

disciplines law economics and politics currently exist Internal market scholars from all three disciplines collaborated on this project in which each chapter was read and critiqued by a scholar from a different discipline The editors trust that this unique exercise reveals to many readers the enormous potential for in depth and continuous analysis of the internal market and all that it entails It also provides an accessible text for students and scholars from all three disciplines interested in the internal market

Towards a Federal Europe Alexander H. Trechsel, 2013-09-13 An excellent new analysis of federalism and the EU that investigates their mutual impact It shows how scholars of comparative politics increasingly include the EU among their cases when investigating the impact of federalism on key issues such as policy making The last decade saw a new wave of scholarly publications hit the shores as research on federalism and on the EU came together These emerging strands of research genuinely enrich our understanding of the EU and its politics Despite this recent wave the topic of federalism and the EU is still extremely fruitful This volume contributes to the continuing debate at a moment in time when the EU is undergoing profound changes It is structured around four interrelated dimensions the constitutional theoretical dimension the institutional vision the party citizens dimension the policy dimension This structure allows the reader to consecutively funnel down from the more theoretical and abstract levels to the more concrete policy oriented level

Dynamics of Change in the European Union Daniel Naurin, Anne Rasmussen, 2013-09-13 Agreements concerning inter institutional rules in the treaties of the European Union often give rise to reactions and processes of adaptation within the EU institutions Recent literature on EU legislative politics has increasingly examined decision making within the EU institutions but has largely overlooked how these internal processes react and adapt to changes in relations between the EU bodies To fill this gap the authors present a series of empirical studies that examine how shifts in inter institutional rules and procedures affect intra institutional politics They show that the resulting intrainstitutional adaptations may in turn both have distributive consequences and affect the efficiency of the initial inter institutional reforms In addition they provide some stepping stones for theory building on how treaty reforms affect organizational structure and decision making within the EU institutions by outlining a series of mediating variables that link these two types of change processes This book was originally published as a special issue of *West European Politics*

European Constitutional Imaginaries Jan Komárek, 2023-02-07

This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations How can the EU be made legitimate and sustainable through constitutional law and what is the role of constitutional lawyers and their ideas in creating this sense of legitimacy This book seeks to answer these questions through the concept of the constitutional imaginary sets of ideas and beliefs that motivate and justify the practice of government and collective self rule Constitutional imaginaries are as important as institutions and office holders as they provide political action with an overarching sense and purpose recognized as legitimate by those governed Constitutional imaginaries are necessary fictions that make political rule

possible and at the same time they are ideologies which hide from view various forms of domination European Constitutional Imaginaries deals with a variety of questions and is split into four parts to address the first part explores in more detail various meanings of European constitutional imaginary as seen by different disciplines legal sociology political and constitutional theory and philosophy The second part revisits the contribution of some key authors to the creation of European constitutional imaginaries and the third part offers various new ways of thinking about European constitutionalism The fourth and final part examines political economy behind various constitutional imaginaries Written by a balanced mix of well established authors and newer talent European Constitutional Imaginaries promises to open debates on European constitutionalism that are necessary to understanding Europe s present predicament and its various crises all navigated through the medium of law

Legal Perspectives on Security Institutions Hitoshi Nasu, Kim Rubenstein, 2015-07-24 Explores the tensions that arise when institutions address contemporary security threats

Fiscal Unions Tomasz P. Woźniakowski, 2022-10-03 By building on a recent research comparing the EU and US and drawing on Riker s influential theory of federalism this book explores the origins of fiscal unions It investigates early American history and traces its constitutional debates to argue that an internal threat such as sovereign debt crisis leading to social unrest threatening the Union triggers emergence of federal taxing powers i e a federal fiscal union It then contrasts the American experience of fiscal integration with the European one and subsequently concludes with the insights for the EU It is a first monograph to compare the American and European models of fiscal integration making two original contributions to the theoretical and empirical literature In reference to the former it introduces the concept of fiscalization which defines the emergence of a fiscal union with federal tax powers Concerning the latter by analysing the Confederation period of the US and applying Riker s theory using mainly unexplored primary sources such as the protocols from state ratification conventions of 1787-88 this book adds to the US EU comparative federalism literature It shows that paradoxically by not agreeing to give the EU fiscal capacity so that they could protect their fiscal sovereignty member states gave up more of this very fiscal sovereignty to the central institutions than states in classical federations This research allows the reader to learn about the similarities and the differences between the pre Constitution US and the modern EU with regards to their fiscal arrangements a comparison of the arguments that were used while debating those arrangements and finally the conditions under which central level of government in the systems of multi level government is likely to get a power to tax

The Pursuit of Europe Anthony Pagden, 2022 The story of the evolution of the European project from the end of the Napoleonic Wars through to Brexit this is also the story of how and why it became possible to imagine that the diverse peoples of Europe might be united in a single political community

Understanding European Union Institutions Alex Warleigh, 2002-09-09 Understanding the institutions of the European Union is vital to understanding how it functions This book provides students with a user friendly introduction to the main institutions and explains their different roles in the

functioning and development of the European Union Key features introduces and explains the functions of all the main institutions dividing them into those that have a policy making role those that oversee and regulate and those that operate in an advisory capacity provides students with an overview of the history of the European Union and the development of its institutions and considers their continuing importance to the success of the European Union clearly written by experienced and knowledgeable teachers of the subject presented in a student friendly format providing boxed concepts and summaries guides to further reading figures and flowcharts and a glossary of terms

Cambridge Yearbook of European Legal Studies, Vol 8, 2005-2006 John Bell, Claire Kilpatrick, 2006-12-14 The Cambridge Yearbook of European Legal Studies provides a forum for the scrutiny of significant issues in European Union Law the Law of the Council of Europe and Comparative Law with a European dimension and particularly those which have come to the fore during the year preceding publication The contributions appearing in the collection are commissioned by the Centre for European Legal Studies CELS Cambridge which is the research Centre of Cambridge University Law Faculty specialising in European legal issues The papers presented are all at the cutting edge of the fields which they address and reflect the views of recognised experts drawn from the University world legal practice and the civil services of both the EU and its Member States Inclusion of the comparative dimension brings a fresh perspective to the study of European law and highlights the effects of globalisation of the law more generally and the resulting cross fertilisation of norms and ideas that has occurred among previously sovereign and separate legal orders The Cambridge Yearbook of European Legal Studies is an invaluable resource for those wishing to keep pace with legal developments in the fast moving world of European integration

Global Governance and the Quest for Justice - Volume I Douglas Lewis, 2006-02-28 This book one in the four volume set Global Governance and the Quest for Justice focuses on the international and regional organisations that represent the key players in the evolving global order The papers in this collection seek to map the real world of global governance exploring who governs and how what the leading international and regional organisations claim to do and what they actually do as well as assessing the gap between the ideal of constitutionalised global governance and the actuality of governance under globalisation The contributors discuss what it would mean for global governance to aspire to Rule of Law standards of transparency accountability and participation together with categorical respect for human rights In this collection the perspective of modern public lawyers is

systematically applied to the governance deficit associated with globalisation and to its institutional correction in pursuit of a legitimate regime of global governance

The European Union after Lisbon Søren Dosenrode, 2016-02-17 A few years have passed since the Lisbon Treaty came into force but the question still remains of what the Lisbon Treaty has actually brought about Was it just relatively insignificant as some scholars have claimed or was it something more This book sets out to look at this question and it does so by applying a classical division polity politics and policy One of the book's conclusions is that the Lisbon Treaty might have been plan B compared to the aborted Constitutional Treaty but it is certainly a substantial step forward on the European path of integration The Lisbon Treaty strengthened the EU both as a polity its stateness and in its politics the rules and procedures and in spite of the fact that the treaty was not really a policy treaty it has extended the Union's field by federalizing most of the policies within the area of Justice and Home Affairs This anthology brings together scholars from four European countries each of them a specialist within the fields they are analyzing Each scholar adds insights from their area of competence to the book leaving it an important contribution to the study of today's European Union

The European Union in Crisis Kyriakos N. Demetriou, 2014-10-21 This volume is a comprehensive and rigorous exploration of intertwined issues surrounding the EU's democracy and legitimacy written in the turbulent context of the financial crisis The chapters are woven together under four interconnected thematic sections that examine rapidly growing national euroscepticism the Economic Monetary Union and its legitimacy the future of EU integration and democratic deficit across its internal external structure The volume presents an authoritative collection of research results and surveys by experts in various disciplines related to the EU and is addressed to researchers and students examining EU governance representation and accountability as well as practitioners across a multiplicity of fields

Research Handbook on the Economics of European Union Law Thomas Eger, Hans-Bernd Schöfer, 2012-01-01 This comprehensive volume comprises original essays by authors well known for their work on the European Union Together they provide the reader with an economic analysis of the most important elements of EU law and the mechanisms for decisions within the EU The Handbook focuses particularly on how the development of EU law negotiates the tension between market integration national sovereignty and political democracy The book begins with chapters examining constitutional issues while further chapters address the establishment of a single market The volume also addresses sovereign debt problems by providing a detailed analysis of the architecture of the EU's monetary institutions its monetary policy and their implications The depth and breadth of the Handbook's coverage make it an essential reference for students scholars and policymakers interested in the complexities of the European Union

Federalism And European Union A Political Economy Perspective Introduction

In the digital age, access to information has become easier than ever before. The ability to download Federalism And European Union A Political Economy Perspective has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Federalism And European Union A Political Economy Perspective has opened up a world of possibilities. Downloading Federalism And European Union A Political Economy Perspective provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Federalism And European Union A Political Economy Perspective has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Federalism And European Union A Political Economy Perspective. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Federalism And European Union A Political Economy Perspective. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Federalism And European Union A Political Economy Perspective, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Federalism And European Union A Political Economy Perspective has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on

a journey of continuous learning and intellectual growth.

FAQs About Federalism And European Union A Political Economy Perspective Books

What is a Federalism And European Union A Political Economy Perspective PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Federalism And European Union A Political Economy Perspective PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Federalism And European Union A Political Economy Perspective PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Federalism And European Union A Political Economy Perspective PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Federalism And European Union A Political Economy Perspective PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
