

several fascinating aspects of Sierra Leone politics. During the next five years the S.L.P.P. was being harried in opposition, but the lack of leadership by Albert Margai throughout the 1973 election was probably a crucial factor in determining the fate of competitive party politics in Sierra Leone. Unfortunately, Cartwright has denied himself the opportunity of discussing this and other important issues, such as the factionalisation of the A.P.C. after 1970, and the setting up of a *de facto* one-party state. His view of politics is essentially static. Because of various constraints, notably the development of 'strong intermediaries' between leaders and populace, the growth of competition based on ethnic identity, and the creation of a new class benefiting from Sierra Leone's rôle as an exporter of primary products and an importer of manufactured goods, the author maintains that 'the prospects for a radical ideologue seeking a major social transformation seem extremely dim' (p. 275).

Even Cartwright's attempted comparison with other more 'radical' African leaders does not allow him to overcome this essentially a-historical view, which ignores the concept of struggle to achieve human progress. Nevertheless, such a pioneering study as *Political Leadership in Sierra Leone* ought to act as an encouragement to future generations of scholars.

Federalism and Nation-Building: the Nigerian experience, 1954-1964 by UMA O. ELEAZU
Ilfracombe, Arthur H. Stockwell, 1977. Pp. 280. £3.75.

Uma Eleazu has made an important contribution to the growing literature on political development in Nigeria. His objective is to show not only the influence of constitutional structure, but also the extent to which federalism – as a means, rather than as an end – was instrumental in helping to shape other aspects and processes in the entire political system. *Federalism and Nation-Building: the Nigerian experience, 1954-1964* is a useful book for all students of political development in Africa.

Part 1, 'Historical and Theoretical Perspectives', opens with a study of the key concepts of federalism, state and nation-building, political culture and political change, and political socialisation. Of particular value is the author's advocacy for the adoption of a developmental approach to the study of federalism. He goes on to examine the emergence of Nigeria, the political cultures encompassed by the new entity, and the administrative structures created by the British which provided the context for Nigerian politics, and the establishment of federalism.

According to Eleazu, the Selbourne Committee 'recommended ruling through the native institutions as the most effective means of keeping to a minimum the expense that would be involved in trying to govern in any other way. This then was the root of the indirect rule system' (p. 74). But this method of government had been inaugurated before the Selbourne Committee was appointed in 1898. In fact, 'the root of the system' could be said

Federalism And Nation Building The Nigerian Experience 1954 1964

Bamidele A. Ojo

Federalism And Nation Building The Nigerian Experience 1954 1964:

Federalism and Nation Building Uma O. Eleazu, 1989 The Political Economy of Federalism in Nigeria Dele Babalola, 2018-12-29 This book uses the political economy approach to examine the relative failure of federalism in Nigeria It shows the nexus between the political and the economic aspects of the country s federalism The central feature of Nigeria s political economy is the relationship between oil resources and the state The author argues that the inability of the federal government to distribute the oil wealth fairly amongst the component units contributes to the dysfunctional character of the federal system This deficiency is rooted in the country s unbalanced political economy which promotes over dependency on oil and consequently an over centralised federal system The book concludes that despite its complexities federalism has become the basis for the country s stability Therefore ethno regional demands for true federalism will continue until the political elite reform the ailing federal system Nation-Building and Citizenship Reinhard Bendix, 2017-07-05 *Nation Building and Citizenship* examines how states and civil societies interact in their formation of a new political community Reinhard Bendix directs our attention to relations established between individual and state during nation building While the development of citizenship and the interplay between tradition and modernity are important in this process of social and political change his key theme is the examination of authority patterns Bendix explores in depth the possibilities of an alternative approach to the neo evolutionary orientation many social scientists take in their analyses of the underdeveloped areas of the world The subjects he discusses include transformations of Western European societies since medieval times extension of citizenship to the lower classes bureaucratization in the nation state private and public authority in Western Europe and Russia aristocracies and development in Germany and Japan and the development of public authority in India s political community The book concludes with a reconsideration of ideas widely held about tradition modernity and modernization In a new introduction John Bendix writes that what continues to make this book relevant is not only what it can tell us about past and present nation building including the transformations of the 1980s and 1990s but its more general messages about the nature of social and political transformations *Nation Building and Citizenship* is a necessary addition to the libraries of political scientists sociologists historians and scholars of comparative studies *Federalism in Africa* Sciences Russian, 2016-06-13 The book covers both the theoretical and practical aspects of the functioning of federal systems on the African continent The reader gets an opportunity to familiarise him herself in greater details with the Nigerian federation in its past and present vis vis the national question and the problem of fiscal federalism The book also reveals the subject of ethnic federalism in its pure form as exemplified in Ethiopia Furthermore analyses the use of hybrid quasi federative policy instruments in countries like Tanzania Republic of South Africa Sudan Kenya and others It addresses the issue of the opportunistic use of the federal idea its abuse in various socio economic and political circumstances Nigeria as well as the occasional and sometimes very short exposition of federalism Madagascar and confederalism Senegambia In

general the articles in the book present federalism from different angles revealing the complex and contradictory nature of the concept and the ambiguous experience of its implementation in the African reality Federalism in Africa Aaron Tsado Gana, Samuel G. Egwu, 2003 Looking at the experiences of other federal societies across the globe this volume interrogates the problem of national integration within the context of ethno religious and cultural pluralism and presents exciting prospects for the resolution of the National Question Compelling and indispensable this work is the most comprehensive and authoritative treatment of the subject in recent years Nigerian History, Politics and Affairs Adiele Eberechukwu Afigbo, 2005 These essays attempt to focus the light of history on Nigeria Nigerians and their contemporary condition The root idea here is that fundamental to all historical works that when the mind interacts with the past the result is something like a torchlight whose beam is focused on the present thus enabling us to achieve a better understanding of the problems which face us Afigbo has probed deep into Nigeria's past bringing out all the facets all the elements and all the issues that are necessary to improve the present **Modernization and the Crisis of Development in Africa** Jeremiah I. Dibua, 2017-11-28 In this book Jeremiah I. Dibua challenges prevailing notions of Africa's development crisis by drawing attention to the role of modernization as a way of understanding the nature and dynamics of the crisis and how to overcome the problem of underdevelopment He specifically focuses on Nigeria and its development trajectory since it exemplifies the crisis of underdevelopment in the continent He explores various theoretical and empirical issues involved in understanding the crisis including state class gender and culture often neglected in analysis from an interdisciplinary radical political economy perspective This is the first book to adopt such an approach and to develop a new framework for analyzing Nigeria's and Africa's development crisis It will influence the debate on the development dilemma of African and Third World societies and will be of interest to scholars and students of race and ethnicity modern African history class analysis gender studies and development studies Political Reform Conference, Federalism and the National Question in Nigeria Nigerian Political Science Association. Conference, 2005 A New Paradigm of the African State M. Muiu, G. Martin, 2009-01-05 Offers a historical multidisciplinary perspective on African political systems and institutions ranging from Antiquity Egypt Kush and Axum to the present with particular focus on their destruction through successive exogenous processes including the Atlantic slave trade imperialism colonialism and neo colonialism or globalization **Journalism and Politics in Nigeria** Mercy Ette, 2021-05-11 This book explores the legacy of colonial heritage on Nigerian political activities and journalistic practices It asserts that journalism and multi party politics were introduced into the country during British colonial rule and while they have become domesticated and indigenised they still exhibit traces of their roots because they emerged in a different socio cultural and political environment Taking as its point of departure the view that without the colonial intervention the Nigerian state may not have come into being or survived in its present form this book offers fresh insight into the impact of British colonial rule on contemporary journalistic practices and political activities more than 100 years after the creation of

Nigeria It draws attention to the enduring effect of colonial inheritance on Nigeria and how the creation process of the country produced unintended consequences that remain problematic Using press coverage of the politics of transition to civil rule programmes during periods of military dictatorship as a case study the book identifies trends and patterns of influence from the past that have been interlaced into the present *Natural Resources, Conflict, and Sustainable Development* Okechukwu Ukaga, Ukoha Ukiwo, Ibaba Samuel Ibaba, 2012 The Niger Delta Region has in the past two decades experienced protracted violent conflicts At the roots of these violent conflicts are the genuine quests of the people for sustainable development that is based on social justice equity fairness and environmental protection Although richly endowed the region is hopelessly poor This paradox of poverty in the midst of plenty has been attributed to a myriad of factors ranging from Nigeria's centralized federalism to ethno regional domination corruption poor governance and oil related environmental degradation Development in the Niger Delta is vital not only to the stability and prosperity of Nigeria but also to global energy security This book provides unique insights into the challenges of development and peace building in the Niger Delta and insights into other resource rich but poverty stricken conflict prone regions of the world *A History of Nigeria* Toyin Falola, Matthew M. Heaton, 2008-04-24 Nigeria is Africa's most populous country and the world's eighth largest oil producer but its success has been undermined in recent decades by ethnic and religious conflict political instability rampant official corruption and an ailing economy Toyin Falola a leading historian intimately acquainted with the region and Matthew Heaton who has worked extensively on African science and culture combine their expertise to explain the context to Nigeria's recent troubles through an exploration of its pre colonial and colonial past and its journey from independence to statehood By examining key themes such as colonialism religion slavery nationalism and the economy the authors show how Nigeria's history has been swayed by the vicissitudes of the world around it and how Nigerians have adapted to meet these challenges This book offers a unique portrayal of a resilient people living in a country with immense but unrealized potential

Distribution of Powers and Responsibilities in Federal Countries Forum of Federations, International Association of Centers for Federal Studies, 2006 Annotation A comparative analysis of eleven diverse federal countries through case studies illustrating federalism's diversity challenges and opportunities **Democracy and Human Rights in Africa** Peter Ateh-Afac Fossungu, 2013 Since the mid 1980s there has been much federalism talk in Cameroon where federation said to have been created in Foumban in 1961 had supposedly been overwhelmingly rejected in 1972 by Cameroonians Confusioncracy is the one good term that could conveniently explain it Written with the trilogy of criticism provocation and construction in mind this book aims at reconstructing a new and vigorous society in Cameroon that ensures respect for fundamental human rights and certain basic shared values Much as the book centres on the Anglophone Problem it is principally about human rights and their excessive violations the direct result of the absence of separation of powers and constitutionalism It largely condemns Cameroon's government for incessantly singing democracy and rule of law at the same

time as it is massively torturing and wantonly killing citizens that dare to question the confusion While sharing the position that a state like Cameroon must be seen to ensure that its laws and other practices accord with its international commitments the book nonetheless strives to apportion the blame for Cameroon s human rights catastrophe accordingly showing how the English speaking minority itself generally speaking contributes to a large extent in propping up the dictatorship that is oppressing not only that minority but Cameroonians at large The book challenges Cameroon to assume a leadership role in uniting Africans through meaningful federalization rather than further splitting them into incapable mini states on the challenging world stage **Ilorin Journal of Arts and Social Sciences** ,1998 Normativity in African Regional Relations Frank Aragbonfoh Abumere,2022-08-23 In cases that involve domination of and discrimination against minorities the most common solution is the promotion of minority rights However this book contends that in the context of migrant minorities in Africa appealing to minority rights is not a workable solution due to the historical abuses and discrimination of minorities both within and across African states Through insightful philosophical analysis Abumere argues for a new normative international relations among African states which includes the adoption of minority rights but does not rely on them He analyses the possible consequences of the newly ratified African Continental Free Trade Agreement looking at how it may encourage a more integrated Africa but also may increase the chances of domination and discrimination against minorities Abumere explains that in order to have normative international relations that transcends realist rationalist fundamentalism African states must be amenable to a fusion of horizons **Soldiers and Oil** Keith Panter-Brick,2023-10-12 **Soldiers and Oil** 1978 examines Nigeria under military rule from 1966 to 1978 a period of political change as well as economic the period also saw a twenty fold increase in Nigerian oil revenues The oil industry became by far the greatest single source of public revenue and the distribution of oil wealth by the central federal government fundamentally changed the economics of the federated states created by the military government whose financial autonomy had been so jealously guarded Nigerian Foreign Policy U. Joy Ogwu,1986 **Understanding Confusion in Africa** Ateh-Afac Fossungu,2013-02-17 Cameroon is often considered to be Africas legendary pathfinder This book argues essentially that Cameroon cannot competently champion African unity and progress until it can correctly pursue its own multicultural nation building Cameroon s success continental wise would depend on its theory and practice of multiculturalism as particularly reflected in 1 the rejoicing in its historical diversity and the harmonious co existence of its Systems of Education which must of necessity be linked to 2 effective federalization or decentralization of uniquely cultural matters Critically examining history and education as components of culture and therefore of multiculturalism the book makes some bold recommendations while demonstrating how nation building is meaningless without the peoples authentic history It argues that Cameroon national culture cannot be a national culture without embodying the distinct culture of the English speaking minority Anything else is nothing but deliberate confusion of assimilation for multiculturalism a confusion that is heavily tied to the countrys phoney

independence Hinging on education and its associates of bilingualism and bijuralism the book demonstrates that Cameroons over sung cultural dualism is a charade epitomized by the 1998 Education Law Rather than reaffirm Cameroons biculturalism as it superficially avows Cameroons purported cultural dualism is really out to efface any semblance of cultural or educational dualism that may still be resisting assimilation The continuous and persistent employment of terms such as biculturalism bilingualism and bijuralism in legal texts in Cameroon is only to confuse the international community especially from seeing exactly the kind of ethnic cleansing which is taking place in the country *Problems and Prospects of Sustaining Democracy in Nigeria* Bamidele A. Ojo,2001 The past few years have been very traumatic ones for many Nigerians With the exception of those in power or close to the seat of power the changes of 1998 were a welcome relief given the tyranny and repression that the country had suffered under General Abacha With many people in prison and more in exile the death of Abacha was received with a sigh of relief Many observers have seen the resilience that has come to signify the strength and potential of this once giant of Africa as well as the destruction and the socio political and economic decay of the past decades The Nigerian people have endured the exploitation of their rights due to the lack of democratic leadership and with this in mind they have been called to attention to fight for their country

Federalism And Nation Building The Nigerian Experience 1954 1964 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Federalism And Nation Building The Nigerian Experience 1954 1964 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Federalism And Nation Building The Nigerian Experience 1954 1964 has opened up a world of possibilities. Downloading Federalism And Nation Building The Nigerian Experience 1954 1964 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Federalism And Nation Building The Nigerian Experience 1954 1964 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Federalism And Nation Building The Nigerian Experience 1954 1964. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Federalism And Nation Building The Nigerian Experience 1954 1964. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Federalism And Nation Building The Nigerian Experience 1954 1964, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Federalism And Nation Building The Nigerian Experience 1954 1964 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for

students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Federalism And Nation Building The Nigerian Experience 1954 1964 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Federalism And Nation Building The Nigerian Experience 1954 1964 is one of the best book in our library for free trial. We provide copy of Federalism And Nation Building The Nigerian Experience 1954 1964 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Federalism And Nation Building The Nigerian Experience 1954 1964. Where to download Federalism And Nation Building The Nigerian Experience 1954 1964 online for free? Are you looking for Federalism And Nation Building The Nigerian Experience 1954 1964 PDF? This is definitely going to save you time and cash in something you should think about.
