## **Federalism In Africa Framing The National Question:**

**Federalism in Africa: Framing the national question** Aaron Tsado Gana, Samuel G. Egwu, 2003 The world's first attempt at a scholarly historicisation of the African crisis of development this book interrogates the problem of national integration within the context of ethno religious and cultural pluralism Here top scholars offer refreshing insight into the prospects for transforming Africa into a super power of the third millennium The breadth and depth of coverage and analytical rigour unites the essays providing one of the most comprehensive and authoritative treatments of the subject in recent years

The Dynamics of Federalism in Nigeria Ambrose Ihekwoaba Egwim, 2020-07-08 This book analyzes the concept true federalism to examine whether there are definable dimensions of power sharing that make true federalism The author takes a critical look at dimensions on political restructuring in Nigeria which have been termed true federalism The work fills a significant gap in the existing literature on the theory and practice of federalism The project will be useful to the students and professors of African Studies political science Nigeria federalism public administration and policy Additionally the monograph will be interesting to the general public who seek to know more about contemporary issues in Nigeria

*Minority Rights and the National Question in Nigeria* Uyilawa Usuanlele, Bonny Ibhawoh, 2017-03-18 This book offers a thematic study of key debates in the history of the ethnic politics democratic governance and minority rights in Nigeria Nigeria provides a framework for examining the central paradox in post colonial nation building projects in Africa the tension between majority rule and minority rights The liberal democratic model on which most African states were founded at independence from colonial rule and to which they continue to aspire is founded on majority rule It is also founded on the protection of the rights of minority groups to political participation social inclusion and economic resources Maintaining this tenuous balance between majority rule and minority rights has in the decades since independence become the key national question in many African countries perhaps none more so than Nigeria This volume explores these issues focusing on four key themes as they relate to minority rights in Nigeria ethnic and religious identities nationalism and federalism political crises and armed conflicts

*Nation-Building* Jochen Hippler, 2005-06-20 The term nation building has experienced a remarkable renaissance since the early 1990s It has been used to describe and to justify the military interventions in Somalia Afghanistan and Iraq Linked to the idea of failed or failing states the concept is used to hide and legitimise a whole range of diverse policies allowing foreign powers to control and reshape countries in areas of conflict Currently the international debate on nation building is heavily dominated by US actors and authors especially by writers connected to the Bush administration or its policies This book presents academic and political alternatives presenting a critical view from Old Europe The book combines academic research and analysis with policy orientation with contributors from both fields It clarifies the terminology distinguishing developmental peace related imperial and analytical approaches to nation building Highlighting its connections to globalization democracy ethnic and religious minorities the contributors consider case studies

such as Somalia the Balkans Afghanistan Iraq and Nigeria      *Federalism in Africa* Aaron Tsado Gana, Samuel G. Egwu, 2003 Looking at the experiences of other federal societies across the globe this volume interrogates the problem of national integration within the context of ethno religious and cultural pluralism and presents exciting prospects for the resolution of the National Question Compelling and indispensable this work is the most comprehensive and authoritative treatment of the subject in recent years      **Federalism and Decentralization in Sub-Saharan Africa** Jan Erk, 2018-12-07 The 1990s were marked by democratic reforms throughout Africa which went in tandem with decentralization reforms The chapters of the volume all highlight the gradual changes that have taken place since Long term structural uncoded factors be it societal economic geographic demographic seem to have interacted with the constitutional clauses introduced during the reforms Some chapters look at how decentralization slowly gave way to recentralization because none of the new subnational entities were politically and economically strong enough to balance off the center some look at how inherent deficiencies in infrastructure and personnel at the subnational level brought the central government back in some look at how different subnational units ended up working differently due to differences in demographic and social factors some look at how uncoded factors came to determine how national politics functioned some look at how decentralization created new conflicts between ethnic groups competing for the control of the new entities some look at how decentralization blew new life into traditional authorities This book was originally published as a special issue of *Regional and Federal Studies*      Federal Presence in Nigeria. The 'Sung' and 'Unsung' Basis for Ethnic Grievance Festus O. Egwaikhide, Victor A. Isumonah, Olumide S. Ayodele, 2009 Minorities of the oil producing states are seriously disturbed by the inequity that is apparent from the existing principles of revenue allocation in Nigeria In taking issues with them and other southern advocates of new revenue allocation criteria the dominant north's organic intellectuals have always relied on the obvious concentration of economic and commercial activities in southern Nigeria to refute the argument that the north is the greater beneficiary of Nigeria's wealth Scholarly contribution to the ethno regional debate on the equity of resource allocation has been anchored to the same popular platform namely the criteria for inter governmental revenue allocation It is as if they absolutely embody the revelation about equity or inequity of resource allocation in Nigeria where the federal government has retained between 48.5 per cent and 56 per cent of the federation account let alone revenues unpaid into this account This study marks a departure from the orthodox focus on Nigeria's ethnic problems including the contentious demand of the southern minorities for an increase in the weight assigned the principle of derivation by examining federal expenditures to determine the distribution of federal presence and thus winners and losers bearing in mind that the entire country is federal government's coverage      The Making, Unmaking and Remaking of Africa's Independence and Post-Independence Constitutions Nicodemus Fru Awasom, Hlengiwe Portia Dlamini, 2024-10-09 This book provides a collection of chapters that critically explore the making and development of Africa's independence constitutions through the different phases in their full generality Since

independence various constitutions from African countries have undergone a succession of changes triggered by either the domestic or international environment or both These processes constitute autonomous epochal waves or phases of constitution making which need to be unpacked historicised and explored in a systematic manner This work intended as a distinctive object of positive analysis historicizes the independence constitutions of selected African states on either a country specific or a comparative basis A historical approach to the continental study of constitutions is rare meaning the continental coverage of the book is justified by Africa s rich diversity reflected in its multiple monarchical and colonial backgrounds The book is of interest to academics interested in having a panoramic view of Africa s constitutional development from a historical perspective

*The Ethnopolitics of Ethnofederalism in Ethiopia* Jan Erk,2017-12-01 Ethiopia is the darling of development economists since 2005 the country s economic growth rate has consistently been over the 10% mark Ethiopia is also a regional superpower with political influence across East Africa and the Horn Furthermore the African Union has its headquarters in the capital Addis Ababa which further underscores the country s growing international profile On top of everything since 1995 Ethiopia has a federal constitution explicitly committed to granting political autonomy to all ethnic groups within the country Ethiopia s federalism has also direct relevance to the country s neighbours Eritrea Somalia Kenya South Sudan and Djibouti who have ethnic kin across the borders with Ethiopia Yet despite the generous promises to the country s ethnic groups stated in the constitution not everything is well As marked by the recent unrest throughout various regions of the country the federal constitution s promises and the reality do not always perfectly align But there is a shortage of even handed scholarly analyses of this complex country and in particular its unique federal system Based on chapters focusing on different parts of the federal system the collection takes stock of the last 20 years and distils lessons and insights for a broader international comparative readership The chapters originally published in *Ethnopolitics and Regional Federal Studies*

**Federalism and Ethnic Conflict in Ethiopia** Asnake Kefale,2013-07-31 This book examines the impact of the federal restructuring of Ethiopia on ethnic conflicts The adoption of ethnic federalism in Ethiopia was closely related with the problem of creating a state structure that could be used as instrument of managing the complex ethno linguistic diversity of the country Ethiopia is a multinational country with about 85 ethno linguistic groups and since the 1960s it suffered from ethno regional conflicts The book considers multiple governance and state factors that could explain the difficulties Ethiopian federalism faces to realise its objectives These include lack of political pluralism and the use of ethnicity as the sole instrument of state organisation Federalism and Ethnic Conflict in Ethiopia will be of interest to students and scholars of federal studies ethnic conflict and regionalism

*Democratic Deliberation in Deeply Divided Societies*: E. Ugarriza,D. Caluwaerts,2014-06-26 Through case analysis and cross sectional assessment of eleven countries this collection explores the most deeply divided societies in the world in order to highlight what deliberative democracy looks like in a deeply divided society and to understand the conditions that deliberative democracies could realistically emerge in

difficult circumstances      Conflict of Securities J. J. Abubakar, 2010-04-30 Security has become a buzzword in political discourses in Africa and elsewhere especially since the terrorist attacks on America on 9 11 2001 and America's global responses to threat of terrorism Yet there persists a fundamental conflict of securities in Africa the security of the state and its governing elites versus the security of the people from a human and societal security point of view African elites and the general populace appear to have divergent notions of security For the governing elites security seems to be mainly about territorial sovereignty protection and patrimonialization of the state largesse while for the majority of the under privileged and middle class Africans security appears to be more about access to basic livelihood and farmland human capital improvement employment and wage matters protection from violence functional development infrastructures transport networks electricity clean water education etc as well as availability and affordability of essential services and amenities Africa's security contradictions and dilemma raise a number of urgent and compelling questions whose security matters most How has security been historically constructed and provided in Africa How have those who are alienated from the dominant security agendas responded to their conditions of insecurity What nexus of factors and interests influence security governance and politics in various African states and why And what are the domestic regional and international implications of the politics of security for Africa      Dictators and Democracy in African Development A. Carl LeVan, 2015 This book argues that the structure of the policy making process in Nigeria explains variations in government performance better than other commonly cited factors

**The Palgrave Handbook of African Political Economy** Samuel Ojo Oloruntoba, Toyin Falola, 2020-06-23 This handbook constitutes a specialist single compendium that analyses African political economy in its theoretical historical and policy dimensions It emphasizes the uniqueness of African political economy within a global capitalist system that is ever changing and complex Chapters in the book discuss how domestic and international political economic forces have shaped and continue to shape development outcomes on the continent Contributors also provoke new thinking on theories and policies to better position the continent's economy to be a critical global force The uniqueness of the handbook lies in linking theory and praxis with the past future and various dimensions of the political economy of Africa

*Economic Development of Southern Sudan* Benaiah Yongo-Bure, 2007 Economic Development of Southern Sudan provides an overview of the Southern Sudanese economy and the main causes for the lack of development in the territory The book suggests strategies and policies for greatly reducing poverty and initiating sustainable development in the territory Yongo Bure outlines the significance of the resource base of Southern Sudan as well as the development programs of the first peace period 1972 1983 The prominent sectors analyzed include agriculture industry transport education health energy power and trade The exploration and exploitation of petroleum is highlighted      **Federalism in Africa**, 2003      Ibadan Journal of the Social Sciences, 2009      **The National Question and Some Selected Topical Issues on Nigeria** Hassan A.
