Jairus's Daughter and the Female Body in Mark Janine E. Luttick, 2023-11-17 Jairus's Daughter and the Female Body in Mark demonstrates that ubiquitous and significant depictions of children in the literature and material culture of the first century CE shaped the mindsets of the Gospel of Mark's original audience Through a detailed analysis of the story of Jairus's daughter in Mark 5 and of the archaeological remains depicting female children Janine E Luttick reveals how ancient hearers of this story encountered an image of a female child that communicated ideas of hope to Jesus's followers and in turn how readers today can understand the authority of Jesus the domestic structures of early Christianity and the suffering and loss experienced by some early Christians

Feed Them Yourself Emmanuel Seide, 2013-06-06 The book addresses the challenge Jesus put before the disciples when they asked him to release the crowd to go home so they can get some food to eat because it became dark but instead of releasing the people Jesus asked the disciples to feed the crowd themselves They were unprepared they gave all the excuses but Jesus was serious He fed the crowd bread fish Can pastors and church leaders answer to this challenge within the body of believers context The church needs to have an holistic approach in ministry to provide the necessary care for God's flock The service to Jesus is expressed by the love his servant has for him Pastors and church leaders can make great difference in believers' lives to bring real change that presents the reality of the Gospel Yes the believers are on their way to heaven but they still live on earth Therefore they have to deal with many challenges they face in their daily life in this present century The church is not doing enough to help the people in the pews or chairs especially the needy person who face all kinds of challenges A believer can worship the Lord and feel the presence of God feel that he or she is ready to go in heaven but that does not prevent him or her to still struggle with many issues in life such as Emotional family divorce financial social job spiritual health physical physiological issues just to name a few that I addressed in the book The bible remains a great source and resource of information for the contribution of biblical leadership of the Old and New Testaments Jesus is the owner of the church His love for the church his investment in the disciples make the church what it is today his trust and his vision mission for his church mean a lot and can challenge the pastors and church leaders to do ministry with love The different challenges the church of Jesus Christ face in this present century and the church needs to acknowledge and deal with them

Gospels and Acts The four Gospels and the book of Acts tell stories of Jesus life and the birth of Christianity Are these stories true history or just religious fiction Christians accept the stories as true and say that the entire Bible is a reliable communication inspired by God Against this non Christians have argued that the Bible is a book of legends myths and historical inaccuracies just another example of human religious endeavor In this volume four world class New Testament scholars address challenges to the reliability of the Gospels and Acts In order to identify the most important challenges the authors drew from the literature of skeptics and New Testament critics plus they included questions that many Christians ask as well The result is the most comprehensive defense of the Gospels and Acts that has ever been published The primary purpose of the Holman Apologetics Commentary on the Bible is to equip readers to defend the reliability of Scripture and the historic evangelical understanding of its teachings It is designed for use by general readers though scholars will find it a probing and welcome resource as well A secondary purpose is to encourage awareness and discussion of Bible difficulties that are not commonly mentioned from the pulpit or even the seminary lectern This is not a verse by verse commentary The authors were provided an index that identified verses known to be relevant to the topics of apologetics and biblical reliability They restricted their comments to these verses plus any others that they recognized as germane to the aims of this project Typically each commentary note begins by stating the challenge or challenges regarding the text at hand We attempt to state the case in all its potency as a critic would state it This approach takes seriously the critical viewpoint and helps ensure that the reader feels the full weight of the challenge The contributors take each challenge seriously and seek to describe viable solutions that support faith and align with a high view of Scripture

Between Script and Scripture: Performance Criticism and Mark's Characterization of the Disciples Zach Preston Eberhart,2024-03-25 This volume reimagines the first century reception of the Gospel of Mark within a reconstructed yet hypothetical performance event In particular it considers the disciples character and characterization through the lens of performance criticism Questions concerning the characterization of the disciples have been relatively one sided in New Testament scholarship in favor of their negative characterization This project demonstrates why such assumptions need not be necessary when we re consider the oral aural milieu in which the Gospel of Mark was first composed and received by its earliest audiences
