Dead Man Singing Steve Couch,2023-09-28 What s a rock star to do when his talent fails him and his career has withered and died Fed up with never ending humiliations Dave Masters fakes his own death in an attempt to boost his record sales walking away from an industry that turned its back on him *Song and Circumstance* Sytze Steenstra,2010-03-30 This is the first book to offer a full account of Byrne s sprawling artistic portfolio **Mothers as the Image of God** Juliann Bullock,2022-12-12 Is God a man If God is our Heavenly Father does that require God to be male Does the Bible ever describe God as a mother as well as a father If human fathers can show us what God is like can we see God s image in our mothers too How do women uniquely reveal the nature of the One who created both male and female in the image of God Mothers as the Image of God explores answers to these important questions along with many others This book guides the reader on a series of biblical reflections designed to help both men and women experience the motherly love of God revealed in Scripture and to nourish women with the deep confidence that the most feminine aspects of their nature are a profound reflection of the very image of God an image that is exquisitely displayed through mothering whether that takes place biologically through adoption or by pouring into spiritual children **The Voluntary Sector in Prisons** Laura S. Abrams,Emma Hughes,Michelle Inderbitzin,Rosie Meek,2016-05-25 This volume examines how volunteers and non profit programs encourage institutional change in prisons and offer individual support and services to people who are housed behind bars Through a diverse set of chapters including two that are co written by current prisoners the volume spans the United States the United Kingdom and Canada and juvenile and adult facilities The book showcases the exciting groundbreaking and yet often unrecognized work that the voluntary sector provides in correctional settings Collectively the chapters highlight beneficial practices while raising critical questions about the role of the voluntary sector in prison and reentry settings The chapters also offer useful information about how to implement innovative prison programs that promote health education and peer support **Spinning Blues Into Gold** Nadine Cohodas,2001-09-28 Sun Records gave us rock and roll Motown Records gave us pop soul and Chess Records gave us the blues Chess was label for Muddy Waters Howlin Wolf Chuck Berry Etta James and Bo Diddley and in this critically acclaimed history we learn the full story of this legendary label The greatest artists who sang and played the blues made their mark with Leonard and Phil Chess whose Chicago based record company was synonymous with the sound that swept up from the South embraced the Windy City and spread out like wildfire into mid century America Spinning Blues into Gold is the impeccably researched story of the men behind the music and the remarkable company they created Chess Records and later Checkers Argo and Cadet Records was built by Polish immigrant Jews brothers who saw the blues as a unique business opportunity From their first ventures a liquor store and then a nightclub they promoted live entertainment And parlayed that into the first pressings sold out of car trunks on long junkets through the midsection of the country ultimately expanding their empire to include influential radio stations The

story of the Chess brothers is a very American story of commerce in the service of culture Long on chutzpah Leonard and Phil Chess went far beyond their childhoods as the sons of a scrap metal dealer They changed what America listened to the artists they promoted planted the seeds of rock n roll and are still influencing music today In this book Cohodas expertly captures the rich and volatile mix of race money and recorded music She also takes us deep into the world of independent record producers sometimes abrasive and always aggressive men striving to succeed Leonard and Phil Chess worked hand in glove with disenfranchised black artists the intermittent charges of exploitation balanced by the reality of a common purpose that eventually brought fame to many if not most of the parties concerned From beginning to end as we find in these pages the lives of the Chess brothers were socially financially and creatively entwined with those of the artists they believed in
