Feeling, Imagination, and the Self William Willeford, 1987 *Feeling, Imagination, and the Self* William Willeford, 1987

The Handbook of Jungian Psychology Renos K. Papadopoulos, 2012-10-12 The field of Jungian psychology has been growing steadily over the last twenty years and awareness is increasing of its relevance to the predicaments of modern life Jung appeals not only to professionals who are looking for a more humane and creative way of working with their clients but also to academics in an increasingly wide range of disciplines This Handbook is unique in presenting a clear comprehensive and systematic exposition of the central tenets of Jung's work which has something to offer to both specialists and those seeking an introduction to the subject Internationally recognised experts in Jungian Psychology cover the central themes in three sections Theory Psychotherapy Applications Each chapter begins with an introduction locating the topic in the context of Jung's work as a whole before moving on to an investigation of contemporary developments and concluding by demonstrating how Jung's theories continue to evolve and develop through their practical therapeutic applications The Handbook of Jungian Psychology is the definitive source of authoritative information on Jungian psychology for Jungian analysts psychotherapists counsellors and related professionals It will be an invaluable aid to those involved in Jungian academic studies and related disciplines The Feminine in Jungian Psychology and in Christian Theology Ann Belford Ulanov, 1971 The Feminine in Jungian Psychology and in Christian Theology investigates the implications for Christian theology of Jung's special insights into the feminine In it Ann Belford Ulanov gathers together in one volume what Jung and Jungians have discovered about the feminine in order to explore what Jungian thought and methods may illuminate about the place of the feminine in Christian theology Jung focuses on the human person and sees as central its mixture of masculine and feminine elements In a time when so much is asserted and written about women in society their rights roles identities needs and contributions it is especially significant that Jung asserts the existence of the feminine as a key element not only in women but in men as well No less contested are the roles and identities of Christians Ulanov brings into focus the deep and fascinating connections between theology and psychology The Phenomena of Awareness Cecile Thérèse Tougas, 2012 This book draws on the work of Husserl Cantor and Jung It is a synthesis of phenomenology mathematics and psychology exploring awareness and the concept of transfinite number *Giving Children a Voice* Catherine Bernard, John Shea, 2015-09-04 Society today often fails to hear the wake up call embedded in the happenings of the world which in many ways are driven by technology and concerns of profit at the cost of human lives especially the lives of children It is important to protect children and strengthen their voices which are often muffled or silenced by abuse victimization crime domestic abuse abandonment poverty labour wars pornography crime and similar atrocities This collection of papers presented by international experts at a global conference titled Giving Children a Voice The Transforming Role of the Family in a Global Society challenges society at large to note the seriousness of child abuse and the impact of technology on children It raises

questions on the rights of the child and the role of parenthood in today's contexts The book an excellent resource manual for researchers and those in professional practice is sure to be a perennial source of inspiration to all those dealing with children

National Library of Medicine Current Catalog National Library of Medicine (U.S.),1989 **Finding God Again** John J. Shea,2005-05-20 Growing out of two decades of teaching and practice *Finding God Again* Spirituality for Adults addresses in an experiential and pastoral way the need to re envision God as we grow from an adolescent to adult spirituality John Shea a renowned pastoral counselor and teacher shows how we can lose touch with religion spirituality and a belief in God because of times when our image of God is too narrow unreal or inadequate to make sense of our experience Shea uses real life stories to illustrate and offer a life changing challenge to leave behind the Superego God of childhood in favor of a Living God we can relate to as adults By showing the reader how to revisit God as an adult Shea provides the motivation and method to embrace a Living God and claim the independence and responsibility that accompany genuine adulthood *Jung and Philosophy* Jon Mills,2019-04-18 Although the works of C G Jung have received worldwide attention there has been surprisingly little engagement by philosophers In this volume internationally recognized philosophers Jungian analysts and scholars attempt to fill this void in the literature Although Jung did not have a formalized systematic philosophy the philosophical implications of his thought are explored in relation to his key theoretical postulates on archetypes the collective unconscious the mind body problem phenomenology epistemology psychology of religion alchemy myth ethics aesthetics and the question of transcendence Through analyzing Jung philosophically new vistas emerge for enhanced explication theoretical refinement revision and redirecting shifts in emphasis that lend more proper cohesion to Jung's philosophy For the first time we may observe philosophers attempting to unpack the philosophical consequences of Jung's thought applied to many traditional topics covered in the humanities and the social sciences Given that Jung has not been historically taken up by philosophers critiqued nor applied to contemporary theories of mind culture and human nature this is the first book of its kind It is argued that a new generation of research in analytical psychology can benefit from philosophical scrutiny and theoretical fortification Jung and Philosophy will be of interest to psychoanalysts philosophers cultural theorists religious scholars and the disciplines of depth psychology and post Jungian studies **Bearing Meaning** Robbie Kahn,1998

Susceptible to the Sacred Bani Shorter,2019-07-30 In *Susceptible to the Sacred* Bani Shorter a well known Jungian analyst examines the psychological experience of ritual in contemporary life and how this promotes awareness of the individual's natural potential Basing her book on live material she investigates with great sensitivity how people perceive the sacred and use ritual in their search for purpose motivation and transformation *Current Catalog* ,1989 First multi year cumulation covers six years 1965-70 *Looking for Heroes in Postwar France* Neal Oxenhandler,1996 Oxenhandler begins with his first Atlantic crossing as a GI in World War II then recounts his postwar return when traces of these writers were still intact I could walk down their streets read their books interview their friends Now from the perspective of five decades

he contemplates the contributions of each figure both to intellectual history and to his own awakening **The Woman in the Mirror** Claire Douglas,1990 This is an extensive study of the history and literature of Jungian psychology especially in relation to women s psychology Dr Douglas shows how 20th century psychology viewed the feminine most often as other the shadow realm for man s projections for the uncanny the ambiguous and the immature She recovers heretofore forgotten theory and writers who hold a fairer and more healing view *Current Catalog* National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 **Mother Puzzles** Mickey Pearlman,1989-12-11 Despite extraordinary attention within the past five years by novelists playwrights and critics the subject of mothers and daughters and motherhood and daughterhood has remained complicated and compelling Mother Puzzles is a unique collection that examines how women who write have dealt with those relationships Pearlman notes in her introduction that missing mothers mothers who are physically present but emotionally absent are often found in works by women The question this collection addresses is why the mother as currently portrayed in American literature by women has moved from sainted marginality as icon to vicious caricature as destroyer to the puzzling figure that emerges here and why these works are often also about incest and sexual abuse Among the authors studied are Sue Miller Tillie Olsen Marilyn French Gail Godwin Mary Gordon Marsha Norman and Susan Fromberg Schaeffer Feminist literary psychological analyses of Housekeeping Lovingkindness Fierce Attachments Men and Angels night Mother The Snow Queen and The Good Mother are included These essays will interest scholars in American literature readers of contemporary fiction and those interested in Women s Studies *New Books on Women and Feminism* ,1989 [Dark Hearts](#) Loren E. Pedersen,1991 This book offers a fresh view of men s behavior attitudes and relationships with women children and each other by exploring the development of the anima C G Jung s term for the inner feminine nature that exists in the masculine psyche Dr Pedersen shows how this hidden part of a man s personality exerts a vital influence on his spiritual and emotional growth **Cross-currents of Jungian Thought** Donald R.
