## Felix Adler And Ethical Culture Memories And Studies:

**Felix Adler and Ethical Culture** Horace Leland Friess,1981      Felix Adler and Ethical Culture Horace L. Friess,1981-03-02      **Reforming the Moral Subject** Tracie Matysik,2008 Introduction critical ethics or the subject of reform An ethics of Gesellschaft The new ethic a particularist challenge Conflicted sexualities and conflicted secularisms Global influences local responses Moral laws and impossible laws the female homosexual and the Criminal Code Social matters social democracy and the ethics of materialism Losses and unlikely legacies psychoanalysis and femininity Afterword moral citizenship or ethics beyond the law      **The Scientific Spirit of American Humanism** Stephen P. Weldon,2020-10-06 The story of how prominent liberal intellectuals reshaped American religious and secular institutions to promote a more democratic science centered society Winner of the Morris D Forkosch Award for Best Book by the Center for Inquiry Recent polls show that a quarter of Americans claim to have no religious affiliation identifying instead as atheists agnostics or nothing in particular A century ago a small group of American intellectuals who dubbed themselves humanists tread this same path turning to science as a major source of spiritual sustenance In The Scientific Spirit of American Humanism Stephen P Weldon tells the fascinating story of this group as it developed over the twentieth century following the fortunes of a few generations of radical ministers academic philosophers and prominent scientists who sought to replace traditional religion with a modern liberal scientific outlook Weldon explores humanism through the networks of friendships and institutional relationships that underlay it from philosophers preaching in synagogues and ministers editing articles of Nobel laureates to magicians invoking the scientific method Examining the development of an increasingly antagonistic engagement between religious conservatives and the secular culture of the academy Weldon explains how this conflict has shaped the discussion of science and religion in American culture He also uncovers a less known but equally influential story about the conflict within humanism itself between two very different visions of science an aspirational democratic outlook held by the followers of John Dewey on the one hand and a skeptical combative view influenced by logical positivism on the other Putting America s distinctive science talk into historical perspective Weldon shows how events such as the Pugwash movement for nuclear disarmament the ongoing evolution controversies the debunking of pseudo science and the selection of scientists and popularizers like Carl Sagan and Isaac Asimov as humanist figureheads all fit a distinctly American ethos Weldon maintains that this secular ethos gained much of its influence by tapping into the idealism found in the American radical religious tradition that includes the deism of Thomas Paine nineteenth century rationalism and free thought Protestant modernism and most important Unitarianism Drawing on archival research interviews and a thorough study of the main humanist publications The Scientific Spirit of American Humanism reveals a new level of detail about the personal and institutional forces that have shaped major trends in American secular culture Significantly the book shows why special attention to American liberal religiosity remains critical to a clear understanding of the scientific spirit in American culture

**Reader's Guide to Judaism** Michael Terry,2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition. The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume. The emphasis is on Judaism rather than on Jewish studies more broadly

### **The Bloomsbury Encyclopedia of**

**Philosophers in America** John R. Shook,2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work. Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought. From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy. Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading. Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland. With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history

*American Educational History Journal* J. Wesley Null,2009-11-01 The American Educational History Journal is a peer reviewed national research journal devoted to the examination of educational topics using perspectives from a variety of disciplines. The editors of AEHJ encourage communication between scholars from numerous disciplines nationalities institutions and backgrounds. Authors come from a variety of disciplines including political science curriculum history philosophy teacher education and educational leadership. Acceptance for publication in AEHJ requires that each author present a well articulated argument that deals substantively with questions of educational history

### **Pluralism**

**Comes of Age** Charles H. Lippy,2015-05-20 This acclaimed work surveys the varied course of religious life in modern America. Beginning with the close of the Victorian Age it moves through the shifting power of Protestantism and American Catholicism and into the intense period of immigration and pluralism that has characterized our nation's religious experience.

**Moral Discernment in the Christian Life** James M. Gustafson,Theodoor Adriaan Boer,Paul E. Capetz,2007-01-01

James M Gustafson has been a leading and formative figure in the field of Christian ethics over the past fifty years. His many contributions to theological ethics have helped to define and shape ethical thinking by Christians who reflect on great moral issues. Gustafson's work must be dealt with by all students in this discipline and his perceptive insights have given clarity and guidance to the process of moral discernment. The essays collected here are ones that have had a significant impact on

discussions and debates over recent decades The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field

**Works about John Dewey, 1886-1995** Barbara Levine, 1996 Although she has devised a new format for this bibliography Barbara Levine has included most of the materials published in the two editions of the Checklist of Writings about John Dewey Material new to this volume includes recently discovered items published during the ninety years covered by the Checklist as well as items published since 1977 Because certain studies at best have only marginal value or because they can be obtained through ordinary library research tools Levine has deleted some classes of material that appeared in the 1974 and 1978 Checklist editions primary sources with only brief references to Dewey the entire section entitled Unpublished Works about Dewey which included theses dissertations and papers presented at meetings and Educational Resources Information Center ERIC documents Levine has included all of the material published about Dewey during the 108 years between 1886 and 1994 and has included many 1995 items as well She has verified all items and whenever possible obtained copies She has discovered hundreds of items omitted from the second edition of the Checklist and has augmented the current bibliography by nearly two thousand items published since 1977 The bibliography is divided into four parts The first Books and Articles about Dewey lists works alphabetically by author Replies and responses to articles immediately follow the work cited The Reviews of Dewey's Works lists titles alphabetically Reviews are grouped alphabetically by journal under the Dewey work reviewed The Author Index includes multiple authors and editors authors of replies and responses and reviewers of works both by and about Dewey The Title Key Word Index lists key words from most titles and subtitles The CD ROM version of Works about John Dewey contains both Windows and Macintosh formats and provides increased search capabilities

*The Art of the Woman* Emily Fourmy Cutrer, 2016-03-15 The Art of the Woman explores the life of German born Elisabet Ney a flamboyant sculptor who transfixed the philosopher Arthur Schopenhauer and left the court of the half mad Ludwig of Bavaria to put down new roots in Texas Born in 1833 Ney gained notoriety in Europe by sculpting the busts of such figures as Ludwig II Schopenhauer Garibaldi and Bismarck In 1871 she abruptly emigrated to America and became something of a recluse until resuming her sculpting career two decades later In Texas she was known for stormy relationships with officials patrons and women's organizations Her works included sculptures of Sam Houston and Stephen F Austin and are exhibited in the state and US capitols as well as the Smithsonian Emily Fourmy Cutrer's biography of Ney makes extensive use of primary sources and was the first to appraise both Ney's legend and individual works of art Cutrer argues that Ney was an accomplished sculptor coming out of a neglected German neoclassical tradition and that whatever her failures and eccentricities she was an important catalyst to cultural activity in Texas

**Fleeing the Iron Cage** Lawrence A. Scuff, 1989     **Science and the Social Good** John P. Herron, 2010-02-04 Using biographies of three natural

scientists geologist Clarence King forester Robert Marshall and biologist Rachel Carson Science and the Social Good investigates the links between nature s scientific study and social improvement *Lines of Activity* Shannon Jackson,2000 Applies the interdisciplinary insights of performance studies to the life of Chicago s Hull House settlement **Inherit the Holy Mountain** Mark Stoll,2015 Inherit the Holy Mountain puts religion at the center of the history of American environmentalism rather than at its margins demonstrating how religion provided environmentalists with content direction and tone for the environmental causes they espoused **The Oxford Handbook of Secularism** Phil Zuckerman,John R. Shook,2017 The Oxford Handbook of Secularism offers a wide ranging examination of secularism on a global scale bringing together an international collection of views from prominent experts in a variety of fields This volume reflects the impressive level of academic attention now given to secularism across the humanities social sciences law and public policy and international relations Long reigning theories about the pace of secularization and ideal church state relations are here scrutinized by a new generation of scholars studying secularism with new questions better data and fresh perspectives

*God, Reason and Religions* Eugene Thomas Long,2012-12-06 The first issue of the International Journal for the Philosophy of Religion appeared in the Spring 1970 This collection of essays is presented in cele bration of the twenty fifth anniversary of the journal Contributors to the volume are to be counted among today s leading philosophers of religion They represent different approaches to the philosophical consideration of religion and their published work is helping shape discussions of the philos ophy of religion as we approach the beginning of the twenty first century Considered by some to be terminal at mid century the philosophy of reli gion has undergone a renaissance during the second half of the century And the journal may be said to provide some of the explanation for this develop ment A special debt of gratitude is owed to Edgar Henderson Robert Leet Patterson and Henry Sprinkle founders of the journal Without their vision and determination it would not have come into existence *The Encyclopedia of New York City* Kenneth T. Jackson,Lisa Keller,Nancy Flood,2010-12-01 Covering an exhaustive range of information about the five boroughs the first edition of The Encyclopedia of New York City was a success by every measure earning worldwide acclaim and several awards for reference excellence and selling out its first printing before it was officially published But much has changed since the volume first appeared in 1995 the World Trade Center no longer dominates the skyline a billionaire businessman has become an unlikely three term mayor and urban regeneration Chelsea Piers the High Line DUMBO Williamsburg the South Bronx the Lower East Side has become commonplace To reflect such innovation and change this definitive one volume resource on the city has been completely revised and expanded The revised edition includes 800 new entries that help complete the story of New York from Air Train to E ZPass from September 11 to public order The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations Virtually all existing entries spanning architecture politics business sports the arts and more have been updated to reflect the impact of the past two decades The more than 5 000 alphabetical entries

and 700 illustrations of the second edition of The Encyclopedia of New York City convey the richness and diversity of its subject in great breadth and detail and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis     *Citizens in the Republic of Childhood* Ellen Laurene Berg,2004     **Religion in America** Timothy L. Hall,2007 Presents an overview of the history of religion in America and includes excerpts from primary source documents short biographies of influential people and more
