

# Feelings

I have different feelings.  
Sometimes it's hard to talk about them to people  
so I use colors.

I feel green when I have a lot of energy.  
Green reminds me of the soccer games  
I played at Crocker.

These games made me really happy  
because I would score goals.

Other times when I had an ok day, I feel gray.  
I feel gray sometimes after a long day of school.

Gray like the clouds that form  
in the sky before a thunderstorm.  
When I get mad, I feel like the color red.

I get mad when I lose a game on FIFA.

This red is like lava coming  
out of an erupting volcano.

Finally, I sometimes feel gold  
when I'm really happy.

I get this feeling when I scored  
goals on our games.

It made me feel like I won the world cup.

**The Collected Poems of Ted Berrigan** Ted Berrigan, 2005-11-14

Comfortably intimate classically adroit in its formal wit and invention altogether unique yet in no way excluding this meticulously edited edition of a master poet's collected works gives us the defining bridge from the New American Poetry of the 50s to that poetry now contemporary on both coasts and in all conditions No one ever recognized the people with whom he lived more particularly than did Ted Berrigan and no one ever brought them home to a reader with such unaggressive and persistent power This is a great great book for all seasons of the mind and heart Robert Creeley Ted Berrigan was a leader of the New York School his crazy energy embodied that movement and the city itself It is wonderful to have his *Collected Poems* in print John Ashbery A comprehensive and carefully chronicled volume that puts Ted Berrigan in historical context as one of the most influential poets of his generation His poems deft light definitely humorous irreverent poignant marvelous and tough The truth doing its work the great man doing the ordinary thing with a quick ear and a quick tongue revealing the personal in the universal He gives you his full attention about to be born again thinking of you Joanne Kyger In a life devoted to experimental art Ted Berrigan shaped his poetry and the space he occupied with a bold artistry based on his playful but powerfully skeptical view of the world He wondered what might actually be captured within the pages of a book but *The Collected Poems* allows us to again enjoy Ted Berrigan's delightfully demanding presence Lorenzo Thomas A singular balance of personal historical vision and sentiment both sweet and sour developed within the fractured verbalism of the late twentieth century found lyric creates in Ted Berrigan's poems the unique colors of a particularly lived and still intensely living ensemble of moments Tom Clark author of *Late Returns: A Memoir of Ted Berrigan* Some people are just more real than others I don't know another way to say it Ted Berrigan is totally real and he has fashioned an important sound for all of us to listen to He put it all together just before everyone else in his time our time got going America is lucky to count him as one of its great poets Peter Gizzi

**Robert Burns: the poems, epistles, songs, epigrams & epitaphs, ed. by J.A. Manson** Robert Burns, 1901

*The Romantic Fragment Poem* Marjorie Levinson, 2017-11-01 The fragment poem long regarded as a peculiarly Romantic phenomenon has never been examined outside the context of thematic and biographical criticism By submitting the unfinished poems of the English Romantics to both a genetic investigation and a reception study Marjorie Levinson defines the fragment's formal character at various moments in its historical career She suggests that the formal determinancy of these works hence their expressive or semantic affinities is a function of historical conditions and projections The English Romantic fragment poems share not so much a particular mode of production as a myth of production Levinson pries apart these two dimensions and analyzes each independently to consider their relationship By reconstructing the contemporary reception of such works as Wordsworth's *Nutting* Coleridge's *Christabel* and *Kubla Khan*

Shelley's Julian and Maddalo and Keats's Hyperion fragments and juxtaposing this model against dominant twentieth century critical paradigms Levinson discriminates layers phases and kinds of intentionality in the poems and considers the ideological implications of this diversity This study is the first to investigate the English Romantic fragment poem by identifying the assumptions contemporary and belated that govern interpretative procedures In a substantial summary chapter Levinson reflects upon the meaning and effects of these assumptions with respect to the facts and fictions of literary production in the period and to the processes of canon formation Originally published in 1986 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *Poems of Carolan Together with N. Connacht & S. Ulster Lyrics* Turlough Carolan, 1916

*Poetry, Poetic Inquiry and Rwanda* Laura Apol, 2020-11-09 This book describes the practice of poetic inquiry and takes the reader through the process of translating lived experience into poetry that attends to the lives of others Using her own writing from early drafts to published poems Apol demonstrates elements of poetic inquiry that both give it strength and make it complicated the importance of craft the aesthetic the imperative of accuracy and reliability the investigative the significance of ethical responsibility that leads to action witness and the centrality of relational connectedness and accountability witness Apol raises questions about what it means for poems to function as both research and art and illustrates what happens when there are irresolvable conflicts between the demands of the poem and a commitment to relationship Throughout Apol addresses her white privilege as well as the dominant white colonial narrative that often seeps into arts based work unless it is overtly and critically addressed The book goes beyond arts based research speaking as well to other forms of cross national cross cultural research It is a call for relational scholarship that moves toward action a heart
