Female Fortune Jill Liddington, 2022-03-15 A unique and thrilling insight into the brilliant mind of Anne Lister Sally Wainwright creator of Gentleman Jack Female Fortune is the book which inspired Sally Wainwright to write Gentleman Jack now a major drama series for the BBC and HBO Lesbian landowner Anne Lister inherited Shibden Hall in 1826 She was an impressive scholar fearless traveller and successful businesswoman even developing her own coalmines Her extraordinary diaries running to 4 5 million words were partly written in her own secret code and recorded her love affairs with startling candour The diaries were included on UNESCO s Memory of the World Register in 2011 Jill Liddington s classic edition of the diaries tells the story of how Anne Lister wooed and seduced neighbouring heiress Ann Walker who moved in to live with Anne and her family in 1834 Politically active Anne Lister door stepped her tenants at the 1835 Election to vote Tory And socially very ambitious she employed architects to redesign both the Hall and the estate Yet Ann Walker had an inconvenient number of local relatives suspicious of exactly how Anne Lister could pay for all her grand improvements Tensions grew to a melodramatic crescendo when news reached Shibden of the pair being burnt in effigy This 2022 edition includes a fascinating Afterword on the recent discovery of Ann Walker s own diary Female Fortune is essential reading for those who watched Gentleman Jack and want to know more about the extraordinary woman that was Anne Lister Female Fortune Jill Liddington, 2022-05-17 Jill Liddington s classic edition of Anne Lister s extraordinary diaries The Butterfly Effect Susan Hawthorne, 2005 This is a concept from physics in which it is surmised that small actions can have enormous consequences and that the flutter of a butterfly s wing on one side of the world can cause devastating storms on the other side This work includes poems on a range of subjects including death history culture physics and more *Space, Place and Gendered Identities* Kathryne Beebe, Angela Davis, Kathryn Gleadle, 2017-10-02 In the last two decades historians have increasingly sought to understand how environments built and otherwise architectural surroundings landscapes and conceptual places and spaces have affected the nature and scope of political power cultural production and social experience The essays in this collection expand upon this already rich field of inquiry by combining an analytical approach sensitive to questions of gender with an exploration of ideas of political space The volume demonstrates how the gendered and political meanings of space be that space domestic or public rural or urban real or imagined or a combination of all these and more are fashioned through the movement of historical actors through space and time Whether in delineating the gendered and politicized space of the pulpit the sickroom the Irish farmyard the London suffrage atelier the domestic space created by the wireless the lesbian scene of rural Canada the eighteenth century ladies closet or the public space within the public history of historic houses the volume demonstrates how the meanings of these spaces are not fixed but are challenged and reformulated This book was originally published as a special issue of women s History Review *Encyclopedia of Life Writing* Margaretta Jolly, 2013-12-04 First published in 2001 Routledge is an imprint of Taylor Francis an informa company

**Lesbianism and the Criminal Law** Caroline Derry, 2020-01-11 This book offers a comprehensive examination of the ways in which the criminal justice system of England and Wales has regulated and failed or refused to regulate lesbianism It identifies the overarching approach as one of silencing lesbianism has not only been ignored or regarded as unimaginable but was deliberately excluded from legal discourses A series of case studies ranging from 1746 to 2013 from parliamentary debates to individual prosecutions shed light on the complex process of regulation through silencing They illuminate its evolution over three centuries and explore when and why it has been breached The answers Derry uncovers can be fully understood only in the context of surrounding social and legal developments which are also considered Lesbianism and the Criminal Law makes an important contribution to the growing bodies of literature on feminism sexuality and the law and the legal history of sexual offences

**Women's Diaries as Narrative in the Nineteenth-Century Novel** Catherine Delafield, 2016-12-05 Using private diary writing as her model Catherine Delafield investigates the cultural significance of nineteenth century women's writing and reading practices Beginning with an examination of non fictional diaries and the practice of diary writing she assesses the interaction between the fictional diary and other forms of literary production such as epistolary narrative the periodical the factual document and sensation fiction The discrepancies between the private diary and its use as a narrative device are explored through the writings of Frances Burney Elizabeth Gaskell Anne Bront Dinah Craik Wilkie Collins and Bram Stoker The ideological function of the diary Delafield suggests produces a conflict in fictional narrative between that diary's received use as a domestic and spiritual record and its authority as a life writing opportunity for women Delafield considers women as writers readers and subjects and contextualizes her analysis within nineteenth century reading practice She demonstrates ways in which women could become performers of their own story through a narrative method which was authorized by their femininity and at the same time allowed them to challenge the myth of domestic womanhood

**The Formation of 20th-Century Queer Autobiography** G. Johnston, 2016-04-30 In their literary autobiographies modernists Vita Sackville West Gertrude Stein Virginia Woolf and H D Hilda Doolittle challenge the scientific figures of the perverse lesbian particularly those promulgated by Havelock Ellis and Sigmund Freud By multiplying their I's manipulating subject and object divisions undermining boundaries between writer and audience and using repetition to code erotic moments these writers queer the terms of autobiography That queering requires understanding autobiography as more institutional than introspective and the autobiographies themselves question the very theories that determine them theories of lesbianism female development and

memory Neo-Victorian Lesbians on Screen Sarah E. Maier, Rachel M. Friars, 2025-09-09 In Neo Victorian Lesbians on Screen Maier and Friars argue that the on screen portrayal of lesbians situated in the long nineteenth century across various countries is at the very least a dual task the imperative project of revoicing lesbian silence and female companionship is complicated by the lack of and or complex representation of such women in the past The adaptations with varying degrees of success carefully manipulate the gaze of the viewer to illustrate both how crucial the act of looking proves to be for lesbian attachment in these films and how the viewer's own gaze changes the way the lesbian is represented Maier and Friars consider the adaptations awareness of the audience and the ways in which the films implicitly acknowledge the stakes behind bringing the lesbian to life as it were in visual media Because screen adaptations disrupt historical distance by literally picturing Victorian subjects via a medium they did not have film adaptations of novels and biofictions and original screenplays are challenged by the lesbian subject's vivid presence on screen The lesbian is no longer a contained neo Victorian presence in the othered nineteenth century but her very existence on screen signals her effervescent modernity which filmmakers alternately embrace or reject

**Writing Women's History Since the Renaissance** Mary Spongberg, 2017-03-08 The complaint of Catherine Morland in Jane Austen's *Northanger Abbey* that history has hardly any women at all is not an uncommon one Yet there is evidence to suggest that women have engaged in historical writing since ancient times This study traces the history of women's historical writing reclaiming the lives of individual women historians recovering women's historical writings from the past and focusing on how gender has shaped the genre of history Mary Spongberg brings together for the first time an extensive survey of the progress of women's historical writing from the Renaissance to the present demonstrating the continuities between women's historical writings in the past and the development of a distinctly woman-centred historiography *Writing Women's History since the Renaissance* also examines the relationship between women's history and the development of feminist consciousness suggesting that the study of history has alerted women to their unequal status and enabled them to use history to achieve women's rights Whether feminist or anti-feminist women who have had their historical writings published have served as role models for women seeking a voice in the public sphere and have been instrumental in encouraging the growth of a feminist discourse
