Partial Visions Angelika Bammer, 2012-12-06 Positing that a radical utopianism is one of the most vital impulses of feminist politics Partial Visions traces the articulation of this impulse in the work of Euro American French and German women writers of the 1970s It argues that this feminist utopianism both continued and reconceptualized a critical dimension of Left politics yet concludes that feminist utopianism is not just visionary but myopic time and culture bound as well
