Groover,1999-01-01 America s literature is notably marked by a preoccupation with the spiritual quest Questing heroes from Huck Finn to Nick Adams have undertaken solitary journeys that pull them away from family and society and into a transformative wilderness that brings them to a new understanding of the spiritual world Women however have not often been portrayed as questing heroes Bound to home and community they have been more frequently cast as representatives of that stifling world from which the hero is compelled to flee Are women in American literary texts thus excluded from spiritual experience Kristina K Groover in examining this question finds that books by American women writers offer alternative patterns for seeking revelation patterns which emphasize not solitary journeys but the sacredness of everyday life Drawing on the work of feminist theorists and theologians including Carol Gilligan Naomi Goldenberg and Rosemary Ruether Groover explores the spiritual nature and force of domesticity community storytelling and the garden in the works of such writers as Toni Morrison Katherine Anne Porter Kaye Gibbons and Alice Walker Ordinary personal experience in these works becomes a

source for spiritual revelation Wisdom is gained lessons are learned and lives are healed not in spite of home and communal ties but because of them Thus American women writers Groover argues make alternative literary and spiritual paradigms possible Similarly Kristina K Groover in this lucid and groundbreaking work opens up new fields of exploration for any reader interested in women s spirituality or in the rich diverse field of American literature **Saltwater** Mary Eyring,2025-02-17

Death is easy to locate in the archives of early America Grief is not so easily pinned down Yet it was a near constant companion for the men and women that settled in what is now New England Their lives were a kaleidoscope of small scale tragedies that suffused and colored everyday experiences This pervasive suffering was exacerbated by unfamiliar environments and exposure to the anguish of Indigenous and Black Americans unsettling well worn frameworks to produce new dimensions of everyday grief Mary Eyring traces these fleeting often mundane glimpses of grief in the archives a note about a sailor maimed during a whaling voyage the hint of a miscarriage in a court record the suggestion of domestic violence within a tract on witchcraft a house sent up in flames at the opening of a captivity narrative to show how the cumulative weight of grief created a persistent mood that influenced public and private affairs in sweeping ways largely unexamined by previous scholars With piercing insights and evocative prose Eyring follows grief across generations and oceans to reveal a language of suffering understood and shared across diverse early American communities **Ghosts of Futures Past** Molly McGarry,2012-09-30

In this work Dr Brand seeks to contribute a unique complementarian expression of Reformed spirituality in order to stimulate a spiritual renewal in the contemporary Reformed tradition Using a distinctively feminine approach in a theological arena largely monopolized by male theologians the author anchors corporate and personal spirituality upon the

unio mystica so returning to a Calvinistic appreciation of the Christian life Grounding Reformed spirituality on the marital union between Christ and the church a corporate portrait of the church is explored Critical of the neglect of women in Reformed church life and practice the author calls the tradition to reform proposing an intentional complementarian use of women that can practically and spiritually profit the whole church body The book culminates with an initial tracing of a Reformed feminine spirituality which is pastorally relevant to women as well as encouraging a renewed experiential enjoyment of Christ for both men and women **New York's Burned-over District** Spencer W. McBride, Jennifer Hull Dorsey, 2023-08-15 In New York's Burned over District Spencer W McBride and Jennifer Hull Dorsey invite readers to experience the early American revivals and reform movements through the eyes of the revivalists and the reformers themselves Between 1790 and 1860 the mass migration of white settlers into New York State contributed to a historic Christian revival This renewed spiritual interest and fervor occurred in particularly high concentration in central and western New York where men and women actively sought spiritual awakening and new religious affiliation Contemporary observers referred to the region as burnt or infected with religious enthusiasm historians now refer to as the Burned over District New York's Burned over District highlights how Christian revivalism transformed the region into a critical hub of social reform in nineteenth century America An invaluable compendium of primary sources this anthology revises standard interpretations of the Burned over District and shows how the putative grassroots movements of the era were often coordinated and regulated by established religious leaders Feminism and Christian Tradition Mary-Paula Walsh, 1999-05-30 This annotated bibliography a volume in the Greenwood series Bibliographies and Indexes in Religious Studies provides access to the numerous writings from the 1960s through the 1990s on feminism and Christian tradition Major feminist theologians and sociologists are represented As a guide to further research this cross disciplinary approach presents themes and issues in both a historical and a topical framework An extensive overview of feminism in relation to the women's movement women's studies sociology and American religion introduces the literature and provides a historical context for the nearly one thousand entries that follow Cross referenced throughout the literature is presented in six thematic categories that include introductory and background materials feminism and the development of feminist theology topical literatures in feminist theology feminism and womanist theology religious leadership of women and responses and recent developments Separate author subject and title indexes complete the volume *The Search for a Woman-centered Spirituality* Annette J. Changing Society Penny Edgell, 2013-12-03 The 1950s religious boom was organized around the male breadwinner lifestyle in the burgeoning postwar suburbs But since the 1950s family life has been fundamentally reconfigured in the United States How do religion and family fit together today This book examines how religious congregations in America have responded to changes in family structure and how families participate in local religious life Based on a study of congregations and community residents in upstate New York sociologist Penny Edgell argues that while some religious groups may be nostalgic for the Ozzie and Harriet days others are changing knowing that fewer and fewer families fit this traditional pattern In order to keep members with nontraditional family arrangements within the congregation these innovators have sought to emphasize individual freedom and personal spirituality and actively to welcome single adults and those from nontraditional families Edgell shows that mothers and fathers seek involvement in congregations for different reasons Men tend to think of congregations as social support structures and to get involved as a means of participating in the lives of their children Women by contrast are more often motivated by the quest for religious experience and can adapt more readily to pluralist ideas about family structure This Edgell concludes may explain the attraction of men to more conservative congregations and women to nontraditional religious groups

Strangers and Pilgrims Catherine A. Brekus, 2000-11-09 Margaret Meuse Clay who barely escaped a public whipping in the 1760s for preaching without a license Old Elizabeth an ex slave who courageously traveled to the South to preach against slavery in the early nineteenth century Harriet Livermore who spoke in front of Congress four times between 1827 and 1844 these are just a few of the extraordinary women profiled in this the first comprehensive history of female preaching in early America Drawing on a wide range of sources Catherine Brekus examines the lives of more than a hundred female preachers both white and African American who crisscrossed the country between 1740 and 1845 Outspoken visionary and sometimes contentious these women stepped into the pulpit long before twentieth

century battles over female ordination began. They were charismatic popular preachers who spoke to hundreds and even thousands of people at camp and revival meetings and yet with but a few notable exceptions such as Sojourner Truth these women have essentially vanished from our history. Recovering their stories Brekus shows forces us to rethink many of our common assumptions about eighteenth and nineteenth century American culture.

Some Wild Visions Elizabeth Elkin Grammer, 2003 A study of seven autobiographies by women who defied the domestic ideology of 19th century America by serving as itinerant preachers. Literally and culturally homeless all of them used their autobiographies to construct plausible identities as women and Christians.

Evangelical Identity and Gendered Family Life Sally K. Gallagher, 2003 Evangelical Identity and Gendered Family Life provides a sociological and historical analysis of gender family and work among evangelical Protestants. In this innovative study Sally Gallagher traces two lines of gender ideals one of husbands authority and leadership the other of mutuality and partnership in marriage from the Puritans to the Promise Keepers into the lives of ordinary evangelicals today. Rather than simply reacting against or accommodating themselves to secular society Gallagher argues that both traditional and egalitarian evangelicals draw on longstanding beliefs about gender human nature and the person of God. The author bases her arguments on an analysis of evangelical family advice literature data from a large national survey and personal interviews with over 300 evangelicals nationwide. No other work in this area draws on such a range of data and methodological resources. Evangelical Identity and Gendered Family Life establishes a standard for future research by locating the sources strategies and meaning of gender within evangelical Protestantism.

American Congregations, Volume 1 James P. Wind, James W. Lewis, 1994 The congregation is a distinctly American religious structure and is often overlooked in traditional studies of religion. But one cannot understand American religion without understanding the congregation. Volume 1 Portraits of Twelve Religious Communities chronicles the founding growth and development of congregations that represent the diverse and complex reality of American local religious cultures. The contributors explore multiple issues from the fate of American Protestantism to the rise of charismatic revivalism. Volume 2 New Perspectives in the Study of Congregations builds upon those historical studies and addresses three crucial questions: Where is the congregation located on the broader map of American cultural and religious life? What are congregations distinctive qualities tasks and roles in American culture? And what patterns of leadership characterize congregations in America?
