## **Feminisms And Internationalism:**

Feminisms and Internationalism Mrinalini Sinha, Donna Guy, Angela Woollacott, 1999-08-25 This book addresses the theme of the history of internationalism in feminist theory and praxis covering such topics as the historical concept of internationalism within feminism and women's movements the nature of historical shifts within feminist movements and challenges to internationalism within feminism by women of colour and by women from colonised or formerly colonised countries *Feminism and International Relations* Sandra Whitworth, 1994-11-12 **Glamour in the Pacific** Fiona Paisley, 2009-07-08 Since its inception in 1928 the Pan Pacific Women's Association PPWA has witnessed and contributed to enormous changes in world and Pacific history Operating out of Honolulu this women's network established a series of conferences that promoted social reform and an internationalist outlook through cultural exchange For the many women attracted to the project from China Japan the Pacific Islands and the major settler colonies of the region the association's vision was enormously attractive despite the fact that as individuals and national representatives they remained deeply divided by colonial histories Glamour in the Pacific tells this multifaceted story by bringing together critical scholarship from across a wide range of fields including cultural history international relations and globalization gender and empire postcolonial studies population and world health studies world history and transnational history Early chapters consider the first PPWA conferences and the decolonizing process undergone by the association Following World War II a new generation of nonwhite women from decolonized and settler colonial nations began to claim leadership roles in the Association challenging the often Eurocentric assumptions of women's internationalism In 1955 the first African American delegate brought to the fore questions about the relationship of U S race relations with the Pan Pacific cultural internationalist project The effects of cold war geopolitics on the ideal of international cooperation in the era of decolonization were also considered The work concludes with a discussion of the revival of East meets West as a basis for world cooperation endorsed by the United Nations in 1958 and the overall contributions of the PPWA to world culture politics The internationalist vision of the early twentieth century imagined a world in which race and empire had been relegated to the past Significant numbers of women from around the Pacific brought this shared vision together with their concerns for peace social progress and cooperation to the lively even glamorous political experiment of the Pan Pacific Women's Association Fiona Paisley tells the stories of this extraordinary group of women and illuminates the challenges and rewards of their politics of antiracism one that still resonates today **Transitions, Environments, Translations** Cora Kaplan, Joan Wallach Scott, Debra Keates, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company **Feminist Strategies in International Governance** Gülay Caglar, Elisabeth Prügl, Susanne Zwingel, 2013 The struggle for women's rights and to overcome gender oppression has long engaged the efforts of inter governmental and non governmental organizations Feminist Strategies in International Governance provides a new introduction to the contemporary forms of this struggle It

brings together the voices of academics and practitioners to reflect in particular on the effectiveness of human rights strategies and gender mainstreaming. It covers three international issue areas in which feminists currently seek change: women's human rights and violence against women, the participation of women in peace making and their protection during conflict, and the gendered effects of development, economic and financial governance. The book combines a critical reflection on the current state of feminist politics with an introduction to urgent issues on the contemporary international agenda. In addition, the book draws on innovative conceptualizations from constructivism in international relations, legal anthropology, and discourse theory to provide new framings of current feminist struggles. Offering an accessible guide to the engendering of international governance and examining the challenges for international feminist politics in the future, this work will be of great interest to students and scholars of international organizations, gender politics, and global governance. **A**

*Documenting First Wave Feminisms* Nancy Forestell, Maureen Moynagh, 2013-12-31 This book is the second of a two-volume anthology of primary source documents on feminism in the nineteenth and early twentieth centuries. Unique in its extensive treatment of the first wave feminist movement in Canada, it highlights distinct elements of its origins and evolution. The book is organized into thematic rubrics that address key issues, debates, and struggles within the first wave in Canada, as well as international influences and Canadian engagement in transnational networks and initiatives. Documents by Indigenous Anglophone, Francophone, and immigrant female activists demonstrate the richness and complexity of Canadian feminism during this period. Together with its first volume, *Documenting First Wave Feminisms* reveals a more nuanced picture attentive to nationalism and transnationalism of the first wave than has previously been understood.

*Gender in International Relations* J. Ann Tickner, 1992 *Political Science Quarterly* *Documenting First Wave Feminisms* Maureen Moynagh, Nancy Forestell, 2012-01-14

Contemporary feminists are used to juggling many different identities at once, balancing affiliations based on race, nation, class, and sexuality. First wave feminists also negotiated or failed to negotiate similar tensions in their international organizing. Using primary documents dating from the abolitionist movement to the Second World War, Maureen Moynagh and Nancy Forestell investigate the tensions inherent in organizing early transnational

feminist movements Documenting First Wave Feminisms Volume 1 provides a historical framework to bring together voices of women both canonical and less well known from Mary Wollstonecraft to Mabel Dove who were active in feminist movements in all corners of the world Suffrage imperialism citizenship sexuality and moral reform are shown to be key issues in a variety of exchanges across North America Europe the global south and the Pan Pacific region This source book is as nuanced as first wave feminism itself and will prove a valuable resource for studying women s rights in an increasingly globalized world

*International Conflict Feminism* Vasuki Nesiah, 2024-10-08 Analyzes the impact of International Conflict Feminism s alliance with powerful global institutions In this book Vasuki Nesiah tells the story of the astonishing uptake of International Conflict Feminism ICF in the most powerful institutions of global governance ICF refers to a repertoire of policy agendas and legal strategies allied with those institutions to focus on women s vulnerabilities fight impunity for sexual violence and promote women s roles in peace building processes ICF emerged from feminist networks anchored in the Global North that gained momentum in the aftermath of the Cold War Although this volume offers a testament to ICF s remarkable success it also analyzes how this success was intertwined with the defeat of alternative visions and agendas including a range of dissident and heterodox feminisms that were eclipsed as ICF gained traction Emerging from Nesiah s dual occupations in academia and international law and policy practice International Conflict Feminism shows how centrally the ICF agenda has shaped fields such as peace building international criminal law transitional justice and post conflict economic policy Each section pauses at different sites in the international governance architecture to analyze the distributive impact of ICF and its allied global policy agendas to examine what is privileged legitimized and empowered and what is subordinated marginalized and further excluded ICF is a project of ideas and passions legal proposals and policy orientations Today when the most powerful countries of the world are describing their military economic and political interventions as a feminist foreign policy the task of understanding and assessing the ICF project is especially urgent Nesiah argues that rather than obfuscating and denying the power of the ICF agenda grappling with ICF s power is essential to achieving solidarity with feminisms that don t have a seat at the table in particular those dissident feminist traditions with priorities and interests that challenge the dominant world order and its injustices and hierarchies

Monk, Deborah Rosenfelt, 2002 From Beijing to Seattle women s movements within academe and in local global communities are growing at an unprecedented rate raising pointed questions about paradigms of Western feminism development global trade and scholarship Despite this growing visibility the perspectives of far too many women especially from the Global South are still excluded from mainstream U S scholarship Presented with the task of preparing students for life in this new and rapidly shrinking world many scholars have

found themselves overwhelmed by the need to cross disciplinary and geographic borders But some faculty are leading the way often in defiance of academic traditions and prejudices to a curriculum that reflects consequences of globalization Encompassing Gender is the long awaited anthology of more than 40 essays by 60 scholars many of them working in curriculum transformation groups that cut across the humanities the sciences and the social sciences all of them committed to an interdisciplinary approach to internationalizing the curriculum **Globalization, Social Movements, and the New Internationalism** Peter Waterman,2010-06-15 In a political climate where loose talk of a third way passes for political idealism Waterman s passionate book examines the possibilities for a new style global solidarity suited to complex capitalist modernity The author examines the past internationalism of Labour and socialists and the present one of radical democratic social movements discussing how the Left might build on this experience to recover a humanist and emancipatory tradition of internationalism which would address our multiple global social problems **Staging International Feminisms** E.
