## **Feminist Interpretations Of Mary Daly:**

**Feminist Interpretations of Mary Daly** Sarah Lucia Hoagland, Marilyn Frye, 2010-11 This open ended anthology is a journey into the very canon that Mary Daly has argued to be patriarchal and demeaning to women This volume deauthorizes the official canon of Western philosophy and disrupts a related story told by some feminists who claim that Daly's work is unworthy of re-reading because it contains fatal errors The editors and contributors attempt to prove that Mary Daly is located in the Western intellectual tradition Daly may be highly critical of conventional Western epistemological and theological traditions but she nevertheless appropriates themes out of context for the building of her own systematic philosophy The following are just a few of the many themes explored in this volume the question of subjectivity understood as an ongoing process of becoming the ambiguity of the need for feminists of colonial nations to speak out about violence against women in other parts of the world while that speaking carries with it the stamp of a colonial location the territoriality of lesbian and women's space the theological dimensions of twentieth century Western philosophy Contributors are Wanda Warren Berry Purushottama Bilimoria Debra Campbell Molly Dragiewicz Frances Gray Amber L Katherine AnaLouise Keating Anne Marie Korte Mar a Lugones Geraldine Moane Sheilagh A Mogford Laurel C Schneider Renuka Sharma and Marja Suhonen

Theological Hermeneutics and Mary Daly's verification process Antonina Wozna, 2025-03-12 Theological Hermeneutics and Daly's verification process offers an original overview of Mary Daly's inputs to the theological hermeneutics from the feminist perspective In the context of multiple theological methodologies and a growing interest for gender and feminist studies it provides keys to design relevant approach to theology as a method This book shows how gender bias affects theological discourses and how gender discourse oriented to the good of women can be a paradigm of theology and a criterion of the most effective transmission of faith and social transformation This book is an important read for scholars working in the intersection of theology gender and feminism and a great addition to Antonina Wozna's book on Mary Daly's 1928-2010 Theological Method of Ontolinguistic Hermeneutics *Mary Daly's (1928-2010) Theological Method of Ontolinguistic Hermeneutics* Antonina Wozna, 2025-03-03

Ontolinguistics theological Hermeneutics sources and Daly's proposal analyses the method used by Mary Daly her constructive criticism of the traditional theological method and her proposal to combine the best insights of the Christian tradition hermeneutic philosophy and feminist theology The book brings together the inputs of a pioneer in feminist theology Mary Daly on the much debated issue of theology as method This book along with Antonina Wozna's Theological hermeneutics and Daly's verification process are important reads for scholars working in the intersection of theology gender and feminism **Feminist Interpretation of the Bible** Letty M.

*Feminist Interpretations of G. W. F. Hegel* Patricia Jagentowicz Mills, 2010-11-01      **Feminist Philosophy of Religion** Pamela Sue Anderson, Beverley Clack, 2004 *Feminist Philosophy of Religion Critical Readings* brings together key new writings in this growing field      **Twentieth-Century Philosophy of Religion** Graham Oppy, N. N. Trakakis, 2014-09-11 The twentieth century saw religion challenged by the rise of science and secularism a confrontation which resulted in an astonishingly diverse range of philosophical views about religion and religious belief Many of the major philosophers of the twentieth century James Bergson Russell Wittgenstein Ayer Heidegger and Derrida significantly engaged with religious thought Idiosyncratic thinkers such as Whitehead Levinas and Weil further contributed to the extraordinary diversity of philosophical investigation of religion across the century In their turn leading theologians and religious philosophers notably Buber Tillich and Barth directly engaged with the philosophy of religion Later philosophy of religion became a distinct field of study led by the work of Hick Alston Plantinga and Swinburne *Twentieth Century Philosophy of Religion* provides an accessible overview of the major strands in the rich tapestry of twentieth century thought about religion and will be an indispensable resource for any interested in contemporary philosophy of religion      **Sanctifying Misandry** Katherine K. Young, Paul Nathanson, 2010 In *Sanctifying Misandry* Katherine Young and Paul Nathanson challenge an influential version of modern goddess religion one that undermines sexual equality and promotes hatred in the form of misandry the sexist counterpart of misogyny To set the stage The authors discuss two massively popular books Dan Brown's *The Da Vinci Code* and Riane Eisler's *The Chalice And The Blade* both of which rely on a feminist conspiracy theory of history They then show how some goddess feminists and their academic supporters have turned what Christians know as the Fall of Man into the fall of men In the beginning according to three documentary films our ancestors lived in an egalitarian paradise under the aegis of a benevolent great goddess But men either rebelled or invaded replacing the goddess with gods and establishing patriarchies that have oppressed women ever since In the end however women will restore the goddess and therefore paradise as well The book concludes with several case studies of modern goddess religion and its effects on mainstream religion Young and Nathanson show that we can move beyond not only both gynocentrism and androcentrism but also both misandry and misogyny      *The Cambridge Companion to Biblical Interpretation* John Barton, 1998-07-28 This guide to the

state of biblical studies features 20 chapters written by scholars from North America and Britain and represents both traditional and contemporary points of view      **Feminist Interpretations of Jean-Paul Sartre** Julien S.

Handbook of Radical Theology Christopher D. Rodkey,Jordan E. Miller,2018-10-10 The Palgrave Handbook of Radical Theology is the definitive guide to radical theology and the commencement for new directions in that field For the first time radical theology is addressed and assessed in a single comprehensive volume including introductory and historical essays for the beginner essays on major figures and their thought and shorter articles on various themes concepts and related topics This book is a seminal work for the radical theology movement It clarifies origins and demonstrates the exigency and utility of current figures and issues A useful and essential guide for newcomers and veterans in the field this volume serves as both a reference work and an introduction to omitted or forgotten topics within contemporary discussions      *Retrieving the Radical Tillich* Russell Re Manning,2016-01-26 Paul Tillich is best known today as a theologian of mediation Many have come to view him as an out of date thinker a safe exemplar of a mid twentieth century theological liberalism The way he has come to be viewed contrasts sharply with the current theological landscape one dominated by the notion of radicality In this collection Russell Re Manning breaks with the widespread opinion of Tillich as safe and dated Retrieving the Radical Tillich depicts the thinker as a radical theologian strongly marked but never fully determined by the urgent critical demands of his time From the crisis of a German cultural and religious life after the First World War to the new realities of religious pluralism Tillich s theological responses were always profoundly ambivalent impure and disruptive asserts Re Manning The Tillich that is outlined and analyzed by this collection is never merely correlative Far from the dominant image of the theologian as a liberal accommodationist Re Manning reintroduces the troubled and troubling figure of the radical Tillich

**Feminist Christian Encounters** Angela Pears,2019-07-16 Originally published in 2004 Feminist discourses have focused sustained and sometimes devastating critical attention on Christianity over the last fifty years Today feminisms remain significant but often ambiguous forces in contemporary Christian theology At a time in which questions about the success and viability of feminisms are increasingly posed Feminist Christian Encounters makes a unique contribution to the ongoing investigation into the creative relationship between feminisms and Christianity Angela Pears identifies some of the key theological and methodological mechanisms by which Christian feminist theologies are informed sustained and made possible by feminist values and critiques Pears argues that certain strategies characterize the facilitation of this dialogue in

contemporary Christian feminist theologies enabling theologians to accept the values and critiques of feminisms whilst at the same time proclaim some level of commitment to Christianity Engaging in a process of deconstruction of the methodologies of key Christian theological thinkers who have made use of feminisms in their theologies this book reveals the mechanisms of feminist Christian encounter at work **Feminist Interpretations of Søren Kierkegaard** Céline Léon, Sylvia

Walsh, 2010-11-01 Even though Kierkegaard insisted on the fundamental equality of the sexes before God his entire production is highly problematic for feminism To a great degree this is due to his tendency to write under a pseudonym In this collection of 14 articles contributors take varying stands on the question of whether Kierkegaard's work was indicative of misogyny or misogamy Topics of discussion include Kierkegaard's notion of the double nature of woman and of the silent woman his idea of masculine indifference and his use of irony in his critique of the feminine Paper edition unseen 17 95 Annotation copyrighted by Book News Inc Portland OR **Conflict and Catholic Social Ethics** Taylor J. Ott, 2024-11-01

This book focuses on the question of how to understand conflict and its place in Catholic and Christian social ethics The author examines Catholic social teaching CST for its explicit mentions of conflict or contention and analyzes the way that CST addresses the subjects of peace labor and environment While CST offers precedent to think about conflict within the frame of Catholic ethics its lack of explicit engagement remains a major obstacle to a full rich and concrete understanding of the fabric of society and the work of social justice Any social ethic that is not informed by the presence of conflict misses a major dynamic in society and therefore leads to ethical judgements that are at best inadequate and at worst actively harmful Building upon the insight of respected thinkers within Catholic social thought this study is based on an interdisciplinary method that engages sociology political theory postcolonial theory and intersectional feminist ethics The book will be of particular interest to theological ethicists and those who work with modern CST **The History of Western Philosophy of Religion** Graham Oppy, N. N. Trakakis, 2016-09-17
