Sexual Politics in the Biblical Narrative Esther Fuchs, 2003-04-01 This book is for anyone interested in religious studies and women's studies as well as for biblical scholars It offers a feminist oppositional reading of the biblical text The main argument is that the Bible constructs a fictional universe in which women are shown to be intent on promoting male interests and for the most part appear as secondary characters whose voice and point of view are often suppressed In their limited roles as mothers wives daughters and sisters women are constructed as male dependent pawns intent on securing the status of their male counterparts The Biblical narrative highlights the contribution of women as reproductive agents and protectors of sons In this challenging collection of essays Fuchs focuses on type scenes as a way of demonstrating the mechanisms by which the texts validates male power and superiority She also deconstructs the Biblical sexual politics by asking whose interest is being served by the good women of the Bible Journal for the Study of the Old Testament Supplement series Volume 310

The Contest of Meaning Richard Bolton, 1992-02-25 Photography's great success gives the impression that the major questions that have haunted the medium are now resolved On the contrary the most important questions about photography are just beginning to be asked These fourteen essays with over 200 illustrations critically examine prevailing beliefs about the medium and suggest new ways to explain the history of photography They are organized around the questions What are the social consequences of aesthetic practice How does photography construct sexual difference How is photography used to promote class and national interests What are the politics of photographic truth The Contest of Meaning summarizes the challenges to traditional photographic history that have developed in the last decade out of a consciously political critique of photographic production Contributions by a wide range of important Americans critics reexamine the complex and often contradictory roles of photography within society Douglas Crimp Christopher Phillips Benjamin Buchloh and Abigail Solomon Godeau examine the gradually developed exclusivity of art photography and describe the politics of canon formation throughout modernism Catherine Lord Deborah Bright Sally Stein and Jan Zita Grover examine the ways in which the female is configured as a subject and explain how sexual difference is constructed across various registers of photographic representation Carol Squiers Esther Parada and Richard Bolton clarify the ways in which photography serves as a form of mass communication demonstrating in particular how photographic production is affected by the interests of the powerful patrons of communications The three concluding essays by Rosalind Krauss Martha Rosler and Allan Sekula critically examine the concept of photographic truth by exploring

the intentions informing various uses of objective images within society **Encyclopedia of Feminist Literary Theory** Elizabeth Kowaleski-Wallace, 2009-03-23 First Published in 1997 Routledge is an imprint of Taylor Francis an informal company *From the Heart of the Heartland* John Moss, 1992-01-01 This volume gathers together authors and critics to reappraise the legacy of Sinclair Ross Beyond Ross major novel *As For Me and My House* the contributors reestablish the value of his other writings in their literary and historical contexts Published in English Jewish Feminism Esther Fuchs, 2018-03-12 In the last three decades hundreds of books and essays have been published on women gender and Jewish Studies This burgeoning scholarship has not been adequately theorized contextualized or historicized This book argues that Jewish feminist studies is currently constrained by multiple frames of reference that require re examination a self critical awareness and a serious reflective inquiry into the models paradigms and assumptions that inform shape and define this area of academic interest This book is the first critical analysis of Jewish feminist scholarship tracing it from its tentative beginnings in the late 1970s to contemporary academic articulations of its disciplinary projects It focuses on the assumptions evasions omissions inconsistencies and gaps in this scholarship and notably the absence of debate contestation and interrogation of authoritative articulations of its presumed goals investments and priorities The book teases out implicit thinking about mapping direction and orientation from introductions to leading anthologies and engages critically with the few explicitly theoretical works on Jewish feminist studies contesting ideas that have become hegemonic in some areas and interrogating the limitations these theories impose on future trajectories in Jewish feminist studies Each chapter outlines the theoretical assumptions that inform salient publications in the field providing a close reading of scholarly texts that justify certain practices The book is divided into four chapters each of which focuses on a different frame of reference It outlines the way in which the various frames that have so far been imposed on Jewish feminism the ethnocentric liberal personal masculinist and essentialist have arrested its theoretical elaboration and articulation The book includes both interdisciplinary anthologies on gender and Jewish identity and disciplinary publications in history literature philosophy cultural studies and Holocaust studies **Feminine Fictions** Patricia Waugh, 2012 Addressing the relationship between feminist and postmodernist writing and theory through the insights of psychoanalysis and in the context of the development of modern fiction in Britain and America Patricia Waugh attempts to uncover the reasons why women writers have been excluded from the considerations of postmodern art The second part of the book analyses the work of six traditional and six experimental writers challenging the restrictive definitions of realist modernist postmodernist in the light of the theoretical position developed in part one Authors covered include Woolf viewed as a postmodernist precursor rather than a high modernist Drabble Tyler Plath Brookner Paley Lessing Weldon Atwood Walker Spark Russ and Piercy *The Critics and Hemingway, 1924-2014* Laurence W. Mazzeno, 2015 Traces Hemingway's critical fortunes over the ninety years of his prominence telling us something about what we value in literature and why scholarly reputations rise and fall Hemingway burst on the literary

scene in the 1920s with spare penetrating short stories and brilliant novels Soon he was held as a standard for modern writers Meanwhile he used his celebrity to create a persona like the stoic macho heroes of his fiction After a decline during the 1930s and 1940s he came roaring back with *The Old Man and the Sea* in 1952 Two years later he received the Nobel Prize While his popularity waxed and waned during his lifetime Hemingway's reputation among scholars remained strong as long as traditional scholarship dominated New approaches beginning in the 1960s brought a sea change however finding grave fault with his work and making him a figure ripe for vilification Yet during this time scholarship on him continued to appear His works still sell well and several are staples on high school and college syllabi A new scholarly edition of his letters is drawing prominent attention and there is a resurgence in scholarly attention to and approbation for his work Tracing Hemingway's critical fortunes tells us something about what we value in literature and why reputations rise and fall as scholars find new ways to examine and interpret creative work Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson Updike and Matthew Arnold for Camden House's Literary Criticism in Perspective series *The Cambridge Companion to Narrative Theory* Matthew Garrett, 2018-11-01 Narrative theory is essential to everything from history to lyric poetry from novels to the latest Hollywood blockbuster Narrative theory explores how stories work and how we make them work This Companion is both an introduction and a contribution to the field It presents narrative theory as an approach to understanding all kinds of cultural production from literary texts to historiography from film and videogames to philosophical discourse It takes the long historical view outlines essential concepts and reflects on the way narrative forms connect with and rework social forms The volume analyzes central premises identifies narrative theory's feminist foundations and elaborates its significance to queer theory and issues of race The specially commissioned essays are exciting to read uniting accessibility and rigor traditional concerns with a renovated sense of the field as a whole and analytical clarity with stylistic dash Topical and substantial The Cambridge Companion to Narrative Theory is an engaging resource on a key contemporary concept **Decolonizing Feminisms** Laura E. Donaldson, 2017-10-06 Donaldson presents new paradigms of interpretation that help to bring the often oppositional stances of First versus Third World and traditional versus postmodern feminism into a more constructive relationship She situates contemporary theoretical debates about reading writing and the politics of identity within the context of historical colonialism primarily under the English in the nineteenth century *Narrative and Desire in Russian Literature, 1822-49* Joe Andrew, 1993-06-12 [Resources in Education](#), 1976 **The Body in the Library**, 2022-06-08 The body is increasingly understood as being at the centre of colonial and post colonial relationships and textual productions Creating and circulating images of the undisciplined body of the other was and is a critical aspect of colonialism Likewise resistance to colonial practices was also frequently corporeal with indigenous peoples appropriating parodying and subverting those European practices which were used to signify the civilized status of the colonizing body The Body in the Library reads representations

of the corporeal in texts of empire case studies include gendered representations of corporeality medical r games ethnography and photography in the Pacific cultural transvestism in theatre disease and colonial knowledge generation freak shows and colonial exhibits cinematic representations of bodies geography and the metaphorization of land as a penetrable body marketing the body organ transplants and the limits of the post colonial paradigm In viewing colonialism and resistance as a bodily phenomenon *The Body in the Library* enables new perspectives on the process of colonization and resistance It is an important resource for teachers and students of colonial and post colonial literatures

Sisters in Time Susan Morgan, 1989-08-24 Asking why the 19th century British novel features heroines and how and why it features feminine heroism Susan Morgan traces the relationship between fictional depictions of gender and Victorian ideas of history and progress Morgan approaches gender in selected 19th century British novels as an imaginative category accessible to authors and characters of either sex Arguing that conventional definitions of heroism offer a fixed and history denying perspective on life the book traces a literary tradition that represents social progress as a process of feminization The capacities for flexibility mercy and self doubt conventionally devalued as feminine can make it possible for characters to enter history She shows that Austen and Scott offer revolutionary definitions of feminine heroism and the tradition is elaborated and transformed by Gaskell Eliot Meredith and James partly through one of his last heroines the aging hero of *The Ambassadors* Throughout the study Morgan considers how gender functions both in individual novels and more extensively as a means of tracing larger patterns and interests especially those concerned with the redemptive possibilities of a temporal and historical perspective
